

## Tomorrow Cited by Judge For Contempt of Court

### Lawyer Must Appear Court Tomorrow Before Raulston Who Pre- sided at Scopes Trial.

### MARKS FRIDAY GROUND FOR CASE

### Required to Furnish In the Sum of \$5,000. Scopes Trial is Continued Friday Morning.

July 20.—Judge John T. Darrow, today cited Clarence Darrow, attorney in the Scopes evolution trial, for contempt of court, and directed Chicago attorney appear tomorrow to show why contempt proceedings should not be instituted.

Friday the judge said "contempt committed in his court." He cited the record Mr. Darrow's expert testimony on the discussion of the Raulston expert testimony. Darrow had time to submit, but he has withheld any action," the judge said. "I feel it is now time to take action."

He would hurl contempt at my words and outrages one of the commonwealths of this country. That further forbearance will be a virtue."

He received a guarantee of Mr. Darrow's surety and the trial proceedings of the defense to introduce evidence in the absence of Darrow.

Reading the contempt citation, Darrow read from the record of proceedings. Mr. Darrow frequently and checked as the court reads statement.

July 20.—As soon as the evolution trial opened this morning, Judge John Raulston began a statement in which he stated of the responsibilities of a judge in exciting passion or prejudice against persons, particularly among the jury.

He said that a colloquy appeared Friday between the Judge and Darrow, of the defense counsel, which included excerpts from a letter in which the exchange was reported.

He has withheld any action upon the jury has been kept separate so that this should reach the ears of the jury.

## CARRYING CHILDREN TO SCHOOL IN MOTOR CARS

### North Carolina Ranks Second Among States of the Union in This Matter.

Raleigh, N. C., July 20.—Public transportation of school children has been the subject of an exhaustive study made by W. H. Pittman, of the State Department of Public Instruction, who has made public his findings. Such transportation, reports Mr. Pittman, was first undertaken at the Craven County Farm Life School at Vanceboro, in 1912-13. The next year Edgecombe county began the transportation at the Leggett Consolidated School, using three horse drawn vehicles.

Mr. Pittman gives figures to show the enormous increase in the public transportation of school children during the past few years. "All early transportation was done by wagons," he said. "The first motor truck for transportation of school children was purchased by Pamlico county, in August, 1917. The same year Edgecombe county purchased a truck. There is some disagreement between the superintendents as to which truck was first used in hauling children to school. At any rate, both counties used motor trucks that year for the first time, and these were the first two counties in North Carolina using automotive transportation.

"The state supervisor of elementary schools reported six vehicles in 1914-15, which transported 150 children," Mr. Pittman said. "In 1920, five years later, there were 150 vehicles transporting 7,336 pupils. There was an increase of 144 vehicles in five years and an increase of 7,689 in the number of children transported.

"No figures are available as to the number of vehicles used, nor as to the number of children transported, in 1920-21," continued Mr. Pittman. "In 1922 there were 528 vehicles used daily to transport 20,358 school children. This shows an increase in two years of 378 vehicles and represents 252 per cent, and the increase in the number of children hauled represents 157 per cent.

In 1923-24, 93 of the 100 counties in the State were transporting children to the public schools. These 93 counties used 1,318 conveyances, mostly motor trucks, and transported 48,251 children to and from school. There were 460, or 54 per cent, more conveyances used in 1923-24 than in 1923. Also, there were more children transported by 16,707, or 53 per cent, in 1923-24, \$30,893.11 was spent for new schoolhouses. In 1923-24 \$21,444.22 was spent for new conveyances. This was an increase of more than 65 per cent, in one year."

Mr. Pittman then went into a discussion of comparative figures affecting counties. "Wilson county ranked first as to the number of trucks used in 1923-24," he said. "This county reported 68 motor trucks that year. Granville was second, with 66 trucks; Johnston was third, with 44 trucks and two other cars; Edgecombe was fourth with 42 trucks, and Guilford was fifth with 31 trucks and five touring cars.

"Each of 34 counties operated 15 or more trucks in 1923-24.

"Each of 52 counties operated 10 or more trucks in 1923-24, and 41 counties which employed transportation had less than 10 trucks each.

Wilson county transported 2,222 children, the largest number in any county. Granville was second, with 1,867 transported children. Stanly county reported the transportation of 1,835 children on 31 trucks. Edgecombe ranked fourth, since she hauled 1,470 children.

Indiana ranked first among the States in the number of pupils transported in 1923-24. She had 98,637 children transported daily.

"North Carolina ranked second in 1923-24 when 48,251 children were transported daily.

"Iowa reported the transportation of 45,000 children and ranked third.

"New Jersey was fourth, with 38,700, and Louisiana fifth, with 38,153.

"Only five states reported the total daily mileage of the vehicles used. North Carolina's total daily mileage was greater than that reported by any of these five States.

Statesville to Have Another Daily Paper. Statesville, July 18.—Statesville is to have another daily newspaper, published by R. S. Pickens and H. W. Link, who are coming to Statesville from Hickory. A new company has been organized under the name of Link-Pickens Publishing Company, with a number of local citizens as stockholders.

The name of the new daily has not yet been announced, and no definite statement has yet been made as to whether it will be an afternoon or a morning paper, according to James A. Hartness, who is one of the local stockholders. The company has been incorporated with \$40,000 paid in, with privilege of increasing the capital to \$100,000. Messrs. Pickens and Link own a majority of the stock.

Rutherford Farmers Profit From Poultry. Rutherford, July 20.—Rutherford county recently shipped out its fifth car of poultry for the year, about 6,000 pounds being loaded at that time. Counsellors being loaded at that time. Counsellors being loaded at that time.

Planes Off For Pacific Coast. Mount Clemens, Mich., July 20.—Six armored pursuit planes commanded by Major Thos. G. Lanisher, left Selfridge Field at six o'clock this morning for the Pacific coast. The purpose of the flight is to test the value of the air mail route for national defense.

Australian Loan Oversubscribed. New York, July 20.—The \$75,000,000 Commonwealth of Australia 5 per cent, external loan floated by a banking group headed by J. P. Morgan & Co., was oversubscribed within one hour after the books were opened today.

## Wants to See Some of the World

## REPUBLICANS FEAR THEY WILL LOSE SOME STATES

### At Least Ten States Where Democrats May Win.—Harding Men Pass.

Washington, July 18.—The fear among Republicans that they may lose control of the Senate in the election next year, is reported to be more acute now than ever. Some political observers here see in such report a "scare" to have the party get very busy in its efforts to retain control of the next Senate. Indeed, the Republicans have control of only the organization of the present Senate; they cannot control its legislative action.

But the great danger next year to Republicans is that they may lose control of the organization. There are at least ten states in which seats held now by Republicans may be captured by Democrats. And there are five other states in which seats held now by staunch administration Republicans may be won by insurgents. And there are still other states where the situation seems to favor the Democrats more than the Republicans.

Of the 35 senators to be chosen only seven are Democrats, and they come from the certain Democratic states of the South. The Democrats are sure to retain these seats and if they can win eight out of the 26 remaining seats to be contested for, they will be able to control the organization and select the chairman of the committee.

Indiana, where Senator James E. Watson, the assistant Republican floor leader of the Senate, is a candidate for reelection, is now classed as a doubtful state, because Watson is opposed by the Beveridge and New factions. Beveridge is expected to be a candidate against Watson in the primary and it is predicted the contest will be so bitter as to badly divide the party.

In Wisconsin the La Follette followers are reported to be determined to defeat Senator Lenroot who is a dependable administration senator. Utah, one of the two states that cast its electoral vote for Taft in 1912, is reported to be turning Democratic. It elected a Democratic governor last fall and it is now believed a Democrat stands a good chance in defeating Senator Smoot for reelection.

If Governor Al Smith decides to make the race in New York for the Senate against Senator J. W. Aldrich, Smith's election is regarded as reasonably certain. Both are wet, but the dries in New York are saying that they would prefer a wet Democrat to a wet Republican.

Senator Cameron, or Arizona, a Republican, was elected on the Harding landslide in 1920, as were Senators Ernst, of Kentucky, Weller, of Maryland, Oddie, of Nevada, and Spencer, of Missouri. The latter died about two months ago and Senator Williams is his successor. Senator Harrell, of Oklahoma, also came in on the Harding landslide. All six in the Republican senators, it is practically certain, will be succeeded by Democrats.

It is believed that the Democrats have more than an even chance in Ohio, where Senator Willis, another Harding landslide senator, is a candidate for reelection.

Orders Inquiry Into Shooting of American Consul. Mexico City, July 20.—The Department of the Interior has ordered an investigation of the shooting of Harold G. Bretherton, United States vice consul at Aguascalientes.

Chinese Debt Remitted. Washington, July 20.—The balance of \$6,137,552 due the United States from the Chinese government on the Boxer indemnity payments has been remitted by President Coolidge under Congressional authority granted in May, 1924.

## PROGRAM FOR SUNDAY SCHOOL CONVENTION

### No. 11 Township Convention To Be Held July 24th at Mt. Hermon Church.

The following is the program for the No. 11 Township Sunday School Convention, to be held at Mt. Hermon Lutheran Church July 24, at 10:30 a. m.:

Opening Song: All Hail the Power of Jesus Name.  
Devotional Service.  
Music.  
Talk by Pastor T. C. Stallings, of Oak Ridge. Subject: "Is the Sunday School Essential in the Uplifting of the Church?"

Talk by Pastor W. H. Mattheson, of Westminster. Subject: "The Ideal Teacher."  
Music.  
Talk by Pastor C. R. Allison, of Center. Subject: "Importance of the Sunday School in the Missionary Cause."  
Music.  
Business.  
Dinner.  
Afternoon.  
Music.

Talk by Pastor E. Myers, westford. Subject: "Sunday School Equipments."  
Talk by Pastor W. P. McCarter, West Concord. Subject: "The Importance of Teacher Training."  
Music.  
Talk by Pastor A. G. Loftin, Rocky Ridge. Subject: "How to Build up a Sunday School."  
Talk by Pastor J. H. C. Fisher, Mt. Hermon. Subject: "Has the Sunday School Been a Failure?"  
Music.  
Criticisms—By a Lay Member.  
Announcements.  
Dismissal.

Come and spend the day pleasantly with us in this noble work.  
ASA BLACKWELDER, Sec.

## THE COTTON MARKET

### Prices Affected by Private Condition Reports, October Declining to 23.89

New York, July 20.—Following the lead of Liverpool, the local cotton market opened firm at 8 to 14 points higher today, with an early demand from shorts, Liverpool, New Orleans and commission houses. Sentiment for a time appeared to be quite bullish over the absence of any Sunday rain in the south-west together with a number of unfavorable crop reports, but offerings subsequently increased on the suggestion of local weather map readers that barometric lines indicated possibly showers in Texas.

Prices reacted from their early high points. October declining from 24.12 to 23.89, and January from 23.65 to 23.43.

Several private condition reports were issued, with conditions ranging from 74 per cent, to 75.3 per cent, and indicated yields around 14,500,000 bales. The average of the private reports thus far issued indicated a crop of approximately 14,139,000 bales.

Cotton futures opened firm: July 23.89; October 24.07; December 24.18; January 23.57; March 23.93; May 14.14.

Orders Inquiry Into Shooting of American Consul. Mexico City, July 20.—The Department of the Interior has ordered an investigation of the shooting of Harold G. Bretherton, United States vice consul at Aguascalientes.

Chinese Debt Remitted. Washington, July 20.—The balance of \$6,137,552 due the United States from the Chinese government on the Boxer indemnity payments has been remitted by President Coolidge under Congressional authority granted in May, 1924.

## SAYS HIS ADMINISTRATION WAS TREATED UNFAIRLY

### Thinks McLean "In Fairness" Should Clear Up Issue.—Facts Should Be Known.

Charlotte, July 18.—Former Governor Cameron Morrison today gave out a statement in reply to the "accumulated balance debit" report of the state and says "the program of Governor McLean's administration looking to shifting the state from a revenue or accrual basis of legislation as well as accounting to the cash system as of the 30th of June has been consummated by the remarkable feat of retroactively throwing the so-called Morrison administration upon a cash basis of legislation and accounting instead of the revenue or accrual basis upon which it legislated."

Governor Morrison would like for it to be distinctly understood that the "accumulated balance debit" does not say and he contends does not mean that the Morrison administration went in the hole over nine million dollars. He does say, however, that the report of the McLean administration has left this impression and tells Governor McLean that in fairness to the Morrison administration he ought to clear up the point. Referring to the "cash system" Governor Morrison says that during his administration "there was no way to shift to the 'cash system' without borrowing money for a capital fund upon which to do it. Governor McLean is doing that very thing. It may be wise to do it, but it ought to be openly done and the people given the facts."

Mr. Morrison calls upon "that grand army of progressives who helped write the 'program of progress' into law in this state to help me resist this cruel wrong and injustice. The foul blot shall not be written upon the banner of the progressives of this state. We did not spend nine and one-half millions of dollars that we levied revenue to pay, or any substantial sum as state finances go."

Mr. Morrison in the course of his statement inferentially informs Governor McLean that he made him and tells the progressives that "we must fight if we continue to win."

## PLANS PROGRAM.

### President Getting Ready For the Next Session of Congress.

Swampscott, Mass., July 20.—With half of Congress' recess gone, President Coolidge today began formulation of the administration's program for the December session.

The visit to the summer White House of Senator Curtis, the republican leader, afforded the Executive an opportunity of going over the legislative situation with one who will be called upon to carry into effect proposals of importance. Conferences with other leaders during the summer are planned by the President, the conference with Senator Curtis constituting the first of a series that is expected to give definite shape to the administration's stand on a number of issues.

## Weevils in Wayne County.

Goldboro, July 20.—In visiting farms to determine the percentage of boll weevil infestation, County Agent A. K. Robertson, of Wayne county, reported that weevil punctured squares had been found in crops on all but two farms visited during the past week. In some cases, he stated, the infestation had reached alarming proportions. On the farm of Larry Parker, of the Mount Olive section, he said, 23 lives weevils were picked from about two and one-half acres and the next morning more than two dozen more weevils were found on the same acreage. A number of farmers are beginning to use poison dust, it was stated.

It is human to err, but diabolical to preserve.

## BORGLUM READY TO CREATE MEMORIAL IN NORTH CAROLINA

### Deposed Sculptor of Confederate Memorial in Georgia Says He Will Carry Out Work in State.

### SEVERAL SITES OFFERED HIM

### Has Not Selected Site, But Says He Is Impressed With the Rock On the Face of Chimney Rock.

Charlotte, July 20.—Gutzon Borglum, deposed sculptor of the Confederate Memorial at Stone Mountain near Atlanta, Ga., declared here today that his "original conception of a massive memorial on the face of a rock mountain expressive of the true spirit of the Confederacy," will be carried out in North Carolina.

The sculptor said he had been assured of ample financial backing to carry his project to a successful conclusion.

Mr. Borglum said the location of the proposed memorial in North Carolina has not been selected.

### GIRLS TOLD OF NATURE'S WAYS TO GIVE RED CHEEKS

### "Nature's Vanity Case," the Title of an Ingenious Pamphlet.

Manchester, Eng., July 20.—"Nature's Vanity Case" is the title of an ingenious and entertaining beauty pamphlet issued by the British National Milk Publicity Council recently to enlist the interest of people in wholesome food. The little booklets are sent particularly to girls' clubs and to factories throughout the country where young women and boys are employed. Lectures from the council visit the clubs and recreation centers of the factories from time to time, to emphasize the importance of good health.

The lecturer takes as her model those indefatigable saleswomen placed in large shops to interest the passer-by in some special article. Assembled upon a table in front of her are her "beauty products," or samples of nature's vanity box.

"No dressing table is complete without rouge these days," says the lecturer, "but the best kind consists of creamed carrots, which we call nature's own paint or complexion brush. Eat them cooked or raw. No matter how tender or delicate your skin, you can use yellow carrots cooked in milk twice a week. By mixing these two colors within the body, a promising color will appear upon the cheeks of almost any person whose health is anyway near normal."

Continuing on the question of the complexion the lecturer goes on to say: "If people are pale and sallow, try our highly recommended skin softener, an apple hanging from the bough of the fruit tree. It is delivered in an air tight package, but be sure and always eat the package itself, the apple skin.

"Our most important product of all is cows' vanishing cream. Kings, queens, princesses, actresses, film stars and models all recommend it. It gives you good, clean, white teeth and sparkling smiles. There is enough produced in England for every one to have four or five glasses each day, or even more if he desires it.

"Here is our complexion powder extracted from wholesome cereals—porridge, rice and barley; equally well suited to blond or brunette. The best powder puffs are fluffy potatoes baked in their skins, but always be sure and eat the skin too. Eye sparklers, made from the phosphorus in creamed onions, are excellent."

"We have also vanity cases in several shades of green, made from leafy vegetables. The spinach case is perhaps the most popular among business women. And always remember that the beauty secrets of the bonniest English girls are yours, for the eating!"

## Kivans Honor McNairy With Picnic.

Kinston, July 17.—The Kivans club here honored Dr. C. Banks McNairy at a picnic meeting this evening at 7:30 o'clock. Dr. McNairy, superintendent of the Caswell Training school here eleven years, will leave Monday for an upstate point to make his residence. The Kivans club some days ago complimented him with a special resolution of regret over his prospective departure and confidence in the justness of his stand in the Caswell school matter. The picnic was held at Hillcrest, a short distance west of the city. Other friends were invited to attend. Dr. McNairy will be kept busy the next two days receiving the visits of friends. Hundreds of letters have come to him from many states wishing him well, many of them criticizing the directors of the school for the breach which resulted in his resignation.

## To Determine Sanity of Motier Who Poisoned Son.

Crown Point, Ind., July 18.—Mrs. Anna Cunningham, on trial for poisoning of her ten-year-old son, Walter, today was subjected to mentally tests. Judge Maetin Smith shortly before adjournment yesterday sustained a motion by the State requesting that tests be made to determine the sanity of the woman, who is also under indictment charging the murder of two other children besides Walter.

The Appalachian league teams will have to quicken their pace to overtake the Greenville Cubs, who are leading the race for the pennant by a big margin.

## READY FOR DRIVE IF KRIM REFUSES PEACE

### French Are Getting Ready For Great Offensive in Morocco If Terms to Riffla Leader Are Declined.

### KRIM KNOWS THE NATURE OF TERMS

### And France Is Ready For Any Answer He Might Make, Premier Painleve Tells Cabinet of France.

Paris, July 20.—France will start a great military offensive in Morocco against Abdel Krim, Premier Painleve said today; if the Riffla leader refuses the peace terms offered him.

The Premier told today's cabinet meeting that Abdel Krim now knows the terms upon which he can have peace with France and Spain in Morocco and the Riffla leader can open negotiations if he desires.

The French front is now so strengthened, the Premier said, that there is no longer justification for any uneasiness. The first section of a new division of reinforcements have reached Morocco and will be moved to the Taza district, where Abdel Krim's recent attacks had been practically menacing.

Further evidence of the French government's expectations of important large scale operations in Morocco was given when Premier Painleve told the cabinet that Marshal Petain, who recently flew to Morocco, would remain there "as long as necessary."

He added that the Marshal had been "welcomed with joy everywhere."

## VAN SWERINGEN INQUIRY BEING CONDUCTED TODAY

### Personal Affairs of O. P. and M. J. Van Sweringen Being Investigated.

Washington, July 20.—All attempts to limit the inquiry into the personal affairs of O. P. and M. J. Van Sweringen, were abandoned today when the Interstate Commerce Commission resumed consideration of the Nickel Plate Railroad consolidation plan.

O. P. Van Sweringen, who was on the stand when hearings were adjourned recently, returned to the witness stand, and H. W. Anderson, counsel for the C. & O. minority stockholders who protest the consolidation project followed with cross examination which went back to 1915 in its consideration of Mr. Van Sweringen's realty and suburban and railroad interests at Cleveland.

Newton D. Baker, counsel for the Van Sweringen interests, strenuously had objected to the questioning of his clients as to the business projects in which they were engaged previous to their railroad connections, but he gave notice today that the objections had been withdrawn.

## Farmers Organize Power Line Companies.

Charlotte, July 20.—During the past year farmers of four communities of Mecklenburg county have organized companies to build power lines. "It is becoming very common to see water being pumped, churns, cream separators and milking machines being operated by electricity, and the houses lighted by electricity," said County Agent Hope Elias. "We hope within a few years to see power lines to all communities in Mecklenburg county furnishing power to the farmers."

An increased flow of milk from cows grazing on barley on the Selwyn farm is also reported by County Agent Elias. Last fall, he said, three acres of well prepared land were sown to barley and three acres of rye. Fifty cows grazed these fields alternately for two months, and Mr. Hunter, the manager of the farm, reported to Mr. Elias that the barley not only furnished twice as much grazing as the rye, but also caused the cows to produce more milk.

## Pure Bred Stock Pays.

Salisbury, July 20.—As a result of giving good feed and extra care to a registered Gurnsey heifer purchased seven years ago at a cost of \$175, Cal Morgan, of Morgan township, Rowan county, has been able to sell \$600 worth of registered animals and still has in his herd four females worth easily another \$600, reported County Agent W. H. Yeager. Mr. Morgan's original investment was made at the suggestion of the county agent, who now reports that the Morgan cream check throughout the year has been the envy of the neighborhood.

## With Our Advertisers.

Smart buyers go to Yorke & Wadsworth Co. for their tires, says a new ad, today, and tells the reason why. Big reduction on all white footwear at Markson Shoe Store.

## WHAT SAT'S BEAR SAYS

Fair tonight, Tuesday partly cloudy, showers in west portion.

Fair tonight, Tuesday partly cloudy, showers in west portion.
