Lois Dixon, nine-year-old daughter of Mr. and Mrs. T. S. Dixon, of Gasparilla, Fla., suffered a broken leg and other injuries when struck by an automobile on the Concord-Charlotte highway Monday afternoon. The woman driving the car which struck the child resides in Shelby but her name is not known here.

According to information received here the child was standing beside her parents' car when struck, the family having stopped by the side of the road to rest. The woman stopped, it is said, and offered to bring the child to the Concord Hospital where she is undergoing treatment. Her offer was declined, however, the child being brought here by her parents. Later, attaches of the hospital said, relatives of the woman telephoned that they would be responsible for any action that might develop as a result of the accident.

The Dixons have been on a tour of the state and were en route from Asheville to Morehead City when the accident occurred. It was said at the hospital that the girl has no serious injuries although she will be confined with her broken leg for several weeks.
