

Rescue Of Miners One Of Greatest Feats In The Annals Of Mining

13 Men Taken Alive From Mine Expected to Recover From Effects of Experience.

WAS GREAT FEAT

Men Were Tapped 800 In Mine Last Friday—400 Had Part in Rescue.

Sept. 30.—(AP)—The rescue of 13 men from a mine in North Carolina last Friday was one of the greatest feats in the annals of mining.

The 400 men who were tapped in the mine last Friday were expected to recover from the effects of their experience.

In Good Form

John L. Hutcheson, son of a Chattanooga (Tenn.) millionaire, appeared in a New York court wearing a full dress suit.

He was arrested for reckless driving on his way from a society wedding. He paid a \$50 fine.

MISS MITCHELL TO GO TO THE HURRICANE AREA

Her Work is Well Known to the Red Cross Organization.

Tribune Bureau, Sir Walter Hotel.

Raleigh, Sept. 30.—The North Carolina Department of Public Welfare is going to do its part in assisting the hurricane area of Florida by sending Miss Lillie Mitchell, director of the Laura Spillman Memorial work in the State to Florida, to work with the Red Cross as a case supervisor and director. It is announced by Mrs. Kate Burr Johnson, Commissioner of Public Welfare.

The loan of Miss Mitchell to the Red Cross for a period of three months is asked of the Department of Public Welfare in a telegram to Mrs. Johnson from J. B. Gwin, of the American Red Cross in Washington, in which it is stated that 150 cases workers and experienced case supervisors are needed in Florida at once. Miss Mitchell was formerly with the Red Cross and her work is well known to that organization, and it is because of her ability as an organizer and an executive that her services are desired at this time in Florida.

Miss Mitchell was not in Raleigh today, but Mrs. Johnson said that the department would gladly release her for the three months period and that she was quite sure that Miss Mitchell would accept this new call to duty forthwith. The American Red Cross will assume her salary and all expenses during her leave of absence.

In her work with the Department of Public Welfare, Miss Mitchell has been in charge of the welfare work in four counties, conducted something as an experiment in connection with the Social Service school of the University of North Carolina, by means of the gift of \$30,000 from the Laura Spillman (Rockefeller) memorial foundation. These four counties are Wake, Orange, Chatham and Cherokee, and the work has been eminently successful.

THE COTTON MARKET

Opened Easy at Decline of 8 to 16 Points and Was Unsettled at End of First Hour.

New York, Sept. 30.—(AP)—The cotton market opened easy today at a decline of 8 to 16 points under overnight selling orders from the South, liquidation by some of yesterday's buyers, relatively easy late cables from Liverpool and a more favorable reading of the weather map.

Rallies on trade buying and covering by October shorts on the decline were checked by continued southern selling and the market was unsettled at the end of the first hour. December sold off to 14.34 and March 14.45; Dec. 14.50; Jan. 14.56; March 14.76; May 15.00.

Sellers Kitchen Cabinet Sale. Only \$1.00 down puts a Sellers Kitchen cabinet in your kitchen, balance monthly. You also get free a set of dinner ware that will set a table for six. The Concord Furniture Co. will also allow you \$5.00 for your old cabinet regardless of the make.

You pay the low sale price of the Cabinet only. The chinaware set is a gift to you. Pay for this greatest of all kitchen conveniences on the easiest terms while you use it. Go tomorrow and see the remarkable values offered.

In Florida waters are to be found six hundred and fifty species of fish.

GEO. E. WILLIAMS FIRST WITNESS TO AID T. W. MILLER

By Him Defense Hopes to Show the Claims Paid to Merton Were Legal and Paid in Good Faith.

DAUGHERTY TO ACT SEPARATELY

He Will Offer His Defense After Counsel for Miller Has Completed List of the Witnesses.

New York, Sept. 30.—(AP)—The defense of Thomas W. Miller, former alien property custodian, charged with conspiracy to defraud, was begun in federal court today.

Miller is being tried jointly with Harry M. Daugherty, attorney general in the Harding cabinet. They are charged with conspiracy to defraud the United States of their "honest and unbiased" services in connection with the payment of claims of \$7,000,000.

The first witness called was George E. Williams, of Passaic, N. J., managing director of the alien property custodian's office. Previous witnesses testified Williams tutored Richard Merton, German metal magnate, in filing for the Societe Suisse Pour Valeurs de Metaux claims for the impounded shares of the American Metal Co.

Williams S. Rand, counsel for Miller, began the defense without an opening address. Daugherty's defense will be conducted separately. Just before Williams took the stand Judge Mack ruled that Williams had not been shown to have had in 1921 guilty knowledge of the alleged corrupt agreement of Daugherty and Miller to defraud the United States. For this reason, he said, Williams was not considered a co-conspirator as the government had alleged but testimony regarding him would remain in the record on another ground.

It had been objected by counsel for Daugherty and Miller in chamber discussions yesterday that testimony regarding conversations Merton had with Williams were not admissible, unless it were shown that he was a co-conspirator.

Although Rand launched Miller's defense without opening address, his questioning of Williams revealed that an attempt will be made to show that the \$7,000,000 claims were valid, and that they were paid in good faith.

The government in arguments during presentation of its case contended that the conspiracy charge could be shown regardless of whether Merton's claims were valid.

FORTY-THREE MEN ARE FOUND ALIVE IN MINE

Survive Five Days' Imprisonment Half Mile Under the Earth's Surface.

Ironwood, Mich., Sept. 29.—Forty-three imprisoned and starved miners were found "alive and well" today half a mile from the earth's surface in the G. Pabst iron mine, where they had been imprisoned five days.

A plea for light greeted rescue workers who crossed a shaky 30-foot "cat walk" and penetrated the prison of the men. The miners reported they had subsisted on birch bark tea, which they made in their lunch buckets over the fire of their miners' lamps.

Sirens and horns of the town sounded the hopeful note last Thursday, when a cage dropped in a shaft, loosening tons of rocks and earth, kicking three men outright and trapping the 43 miners on the eighth level of the mine almost a half mile from the surface.

Shortly before noon miners and rescue workers from Chicago worked their way up the eighth level from another level almost a mile from the earth surface, and found ladders extending to the eighth level in fair condition. They threw rails and power lines across a 30-foot chasm and with the daring of tight rope walkers skipped across to the side of imprisoned men to be greeted by Tom Trawartha, a sturdy mine boss, who reported all hands well.

Rescue workers tapped a signal on an iron pipe shortly before they reached the men, receiving a signal in reply.

George Hawes, assistant director of safety of the Pullman company of Chicago, who formerly worked here and who volunteered for rescue work was the first across the "cat walk" and was greeted by Trawartha, who grasped his hand.

"How are you?" Hawes asked. "We are all o. k. Forty-three men all right. We lived on tea made from birch bark."

Create Steel Consortium. Brussels, Belgium, Sept. 30.—(AP)—The French, German, Belgian and Luxembourg steel interests today signed an agreement creating a great steel consortium. The agreement goes into effect tomorrow. All of Belgium's demands were met, including a monthly production allotment of 295,000 tons.

Mr. and Mrs. Lee Honeycutt and children, who have been spending some time at the home of Mr. and Mrs. J. F. Honeycutt, have gone to Winston-Salem to visit relatives for several days before returning to their home in Richmond, Va.

Program For the Fourth Annual Cabarrus Fair

Tuesday, October 12th—Education Day, Iredell County Day.

Wednesday, October 13th—Mecklenburg County Day, Union County Day.

Thursday, October 14th—Cabarrus County Day, Stanly County Day, Merchants and Manufacturers' Day, Third Annual Dog Show, Home Coming Day.

Friday, October 15th—Farmers' Day, Rowan County Day, Fraternal Orders Day.

Saturday, October 16th—Sales Day, The Horse Races.

The horse race program consists of ten races, each for a purse of \$300 or more. Races every afternoon, commencing at 1:30 o'clock. The "cream of the turf" will race at this fair.

New Attractions. Among the free attractions to be presented each afternoon and evening: William & Bernice, comedy acrobatic acts; Van Norman, sensational tight rope act; The Riding Castles, beautiful riding acts; Florentz Duo & Co., comedy acrobats; the Steiner Trio, comedy acts; Roscoe Armstrong & Co., comedy Ford act; Walter Stanton & Co., featuring the giant rooster; Bernardi Greater Shows and Rides will occupy the midway; motorcycle races.

As usual, a costly and elaborate fireworks display, planned and perfected by the Ohio Fireworks Co. will be presented nightly. This year's displays will even eclipse those of last year.

Exhibits on Large Scale. Everything is favorable for a much larger number of exhibits at this fair than ever before. More room has been provided to house the cattle and swine this year. The Berkshire hog show is predicted to be the largest and best in the state. The dog show will be held Thursday, October 14th. This particular department has increased yearly.

Serve as State Fair. The officials are anxious to take the place of the North Carolina State Fair this year as there will be no state fair. This fair comes on the usual dates of the state fair.

Children Admitted. All school children of Cabarrus and surrounding counties will be admitted free of charge on opening day, Tuesday, October 12th.

Programs Commence. Time for the "big doings": Afternoon programs start at 1:30 o'clock sharp. Horse racing and free attractions. Night program commences promptly at 8:45 o'clock. Fireworks and free acts each night.

Admission Prices. Adults—Day 50c, night 25c. Children—Under 12, anytime, 25c. Automobiles, inside—25c.

PRISONER PARDONS HIMSELF

Rubin Johnson's Application for Pardon Was to Have Been Considered Yesterday.

Tribune Bureau, Sir Walter Hotel.

Raleigh, Sept. 30.—Here is one case where the good offices of neither Governor A. W. McLean nor Pardon Commissioner H. Hoyle Sink were needed for, in the words of the prisoner's lawyers, the prisoner "pardoned himself yesterday afternoon and left no address." So Sink found himself with one less application for parole to hear.

It came about this way: A few days ago the commissioner of pardons received a letter from T. F. Limerick, of Monroe, stating that he wished to make application for a parole for his client, one Rubin Johnson, who had been sentenced to ten years on the Union county roads some four years ago for second degree murder.

Johnson had made a good statement, and recited the usual formula incident to the obtaining of a hearing. He was notified by Mr. Sink that he would be given a hearing yesterday. But alas and alack, his services were no longer needed, as aforementioned Rubin had taken to his heels while employed with the chain gang, and departed without leaving an address!

So instead of appearing in behalf of his client, Mr. Limerick wired Mr. Sink that "Rubin Johnson has pardoned himself."

Whether this forecasts the eventual abolition of the office of commissioner of pardons remains to be seen. However, it does inspire the following limerick apropos to the occasion: There was a bold convict named Rubin

Who said "I think I better be movin'" So he took to his heels.

Disdaining appeals, Leaving Limerick and Sink disallusioned.

Sinclair Stock Hit By Teapot Dome Decision.

New York, Sept. 29.—Common stock of the Sinclair Consolidated Oil Corporation was hammered down to a new low level for the year at \$18.50 a share on the New York Stock Exchange today on selling inspired by the decision of the United States Circuit Court of Appeals at St. Louis, reversing the decision of the lower court in upholding the lease on the Teapot Dome oil reserves. The stock rallied to 19 1/4 at the close, as against a high of 24 7/8 earlier in the year.

The Sinclair Corporation, in a statement tonight, declared the circuit court decision can have little effect upon that company, stating that the Sinclair company is not a principal in the case, its interest being due merely to the ownership of about 25 per cent of the stock of the Mammoth Oil Company, which controls the lease.

"Bishop" to Resume Charlotte Services.

Charlotte, Sept. 29.—"Bishop" C. M. Grace, Portuguese "faith healer" has not left Charlotte for good but will be back here perhaps tomorrow to continue his meeting it became known today.

Explanation of the absence of the "bishop" from Charlotte came today in the announcement that the "bishop" went to New York to carry out his part of a contract with a phonograph record corporation to make a record of one of his sermons.

After the completion of the services here this week, "Bishop" Grace expects to begin service at Winston-Salem.

Fall Shoes For Men, Women and Children.

You will find at the Richmond-Florence Company 32 or more different styles of shoes for men, women and children. They are agents for the famous Star Brand shoes, which will give you good wear. They will give \$5.00 cash reward and replace the shoes free of charge to the wearer of any pair of Star Brand Shoes containing leather-board, paper or fiber-board, substitutes for leather in the outsoles, insoles, heels or counter. See full page ad, in this paper today for cuts of the various styles.

LODGES COMPLAINT AGAINST HEAD ASHEVILLE NORMAL

Charges Are Made to the Stated Clerk of Presbyterian Church by Rev. C. H. Enfield, of Asheville.

15 COUNTS ARE MADE IN LETTER

Clerk States That Charges Have Been Forwarded to Board Which Will Give Matter Consideration.

Asheville, Sept. 30.—(AP)—Grave charges including allegations of tyranny, extravagance, inefficiency, failure to keep accurate accounts, "sneering attitude toward Christian ministers," "inhuman treatment of students and faculty," and the use of the school's employees and equipment to work on his private property, have been formally preferred against Dr. John E. Calfee, president of the Asheville Normal and Associated Schools, by Rev. C. H. Enfield, of Asheville, a Presbyterian minister, and former member of the Normal school faculty.

These and other charges have been filed by Mr. Enfield with Dr. Louise L. Mudge, at Philadelphia, Pa., stated clerk of the General Assembly, Presbyterian Church in the United States. According to a telegraphic statement from Dr. Mudge, the charges have been referred to the church board of national missions which has immediate jurisdiction over the school, pending a meeting of the general church council in December.

Dr. Calfee refused to make a statement for publication when questioned concerning the charges which had been made against him.

Dr. Enfield, who is now teaching in the public schools at Swannanoa, was a member of the Normal School faculty here for three years. He was not reappointed to the Normal School faculty last year. In his letter to the stated clerk Mr. Enfield includes fifteen specific charges against Dr. Calfee, which he states are preferred "in the interests of a higher type of Christian service in these our mountain missionary schools."

Reports from that section, however, indicated that while they make good laborers they do not make the best citizens, and that they have been branded as undesirable in so many places they have settled.

SAYS TARIFF RATES WILL BE INCREASED

This Prediction Made By Senator Burke, of Massachusetts.

Washington, Sept. 30.—(AP)—Another year riddled today in the ocean of campaign arguments ebbing and flowing between Republican and Democratic spokesmen whose activities are concentrated upon the November elections which will decide the control of the 70th Congress. After breakfast and luncheon engagements with President Coolidge at the White House, Senator Wm. M. Butler, of Massachusetts, chairman of the republican national committee, brought the tariff to the fore with the prediction that some of the Fordney-McCumber schedules now in effect would be revised upward at the coming short session of Congress, while Senator P. G. Gerry, chairman of the Democratic senatorial committee, in a statement, accused republican managers of misrepresenting the past and the present, and showing an ability to formulate a program for the future.

GOV. McLEAN AT NORTH WILKESBORO TODAY

Speaks at the Wilkes County Fair on Matters of Agriculture.

Wilkesboro, N. C., Sept. 30.—(AP)—Governor Angus W. McLean today brought a message to several thousand citizens gathered here for the Wilkes County Fair.

The Governor's address dealt largely with matters of agriculture. He paid tribute to northeast North Carolina for its diversification of crops and said other sections would do well to follow their example.

He gave many facts and figures to support diversification of crops.

"The farmers of the state as a whole need to learn not to rely solely on two crops, cotton and tobacco," the Governor said.

ALLEGED DOPE PEDDLERS ARRESTED IN TAMPA

Dr. B. M. Tyson and Several Women Among Those Arrested.

Tampa, Fla., Sept. 30.—(AP)—Ten persons including a physician and several women were arrested on charges of violating the federal anti-narcotic laws during a series of raids in the Ybor City section of Tampa late last night and early today.

Cocaine and morphine valued at more than \$1,500 was seized, authorities stated. Among those taken into custody were Dr. B. M. Tyson, Ybor City physician, from whom one of the agents claims to have purchased a quantity of morphine.

The official call has been issued for the forty-sixth annual convention of the American Federation of Labor, which will begin its sessions in Detroit on October 4th.

DETECTIVE BYERS VICTIM OF WRECK OF THE POLICE CAR

Second Charlotte Officer Dies of Injuries Received in Wreck of the Car at China Grove.

DETECTIVE CHIEF ORR ALSO DEAD

Officers Were Answering "Test Riot" Call From High Point When Car Was Wrecked.

Salisbury, Sept. 30.—(AP)—Detective John M. Byers, of the Charlotte police force, one of the officers injured in the automobile wreck near here Tuesday afternoon when the car in which they were making a riot test run to High Point turned over three times, died in a local hospital shortly after 9 o'clock this morning. His remains will be taken to Charlotte.

This is the second death as a result of the accident, Chief of Detectives Orr, of Charlotte, dying Wednesday afternoon. Detective H. M. Joyner, also of Charlotte, who sustained a badly injured back, was said this morning to be getting along fairly well.

CHIEF JOSEPH E. ORR DIES OF HIS INJURIES

Head of Charlotte Detective Bureau Succumbs in Charlotte Hospital.

Charlotte, Sept. 29.—Joe Eckels Orr, chief of detectives of the Charlotte police force, died this afternoon at a Salisbury hospital. His death was caused by internal injuries received yesterday when a high powered police car answering a "riot call" to High Point in connection with the police convention there, overturned near China Grove.

Little hope was being entertained by hospital attaches at Salisbury late tonight for the recovery of J. M. Byers, another Charlotte policeman, who was seriously injured in Tuesday's tragedy. Byers was reported as being "very low" and his chances for recovery were said to be slim. He has a fractured skull.

H. M. Joyner, the third Charlotte officer injured in the crash, was reported as being "about the same." Joyner is suffering from an injury to his back. He is not believed to be fatally hurt.

Chief Orr was conscious until the end. He died while hospital attaches were preparing to turn him over on his back to relieve an intense chest pain the chief had complained of since the tragedy.

Unfortunate circumstances prevented Mrs. Orr, the widow, from being at the bedside of her husband when he died. She was in Salisbury yesterday morning, but returned about noon when she was informed that Chief Orr was "practically out of danger."

She was in Charlotte when the death of Chief Orr occurred at 3 p. m., but immediately returned to Salisbury. Other members of Chief Orr's family were in Charlotte when he died, it was said.

The body of the dead chief arrived in Charlotte tonight.

Chief Orr was the son of the late Joe L. Orr, for 40 years a member of the Charlotte police department, and at the time of his death in 1906, its chief.

TO CARVE FIGURES WITHIN TWO YEARS

Figures of Davis, Lee Jackson and a Color Bearer Now Being Made at Stone Mountain.

(By International News Service) Atlanta, Ga., Sept. 30.—Carving figures of Robert E. Lee, Jefferson Davis and Stonewall Jackson and a Confederate color bearer on the precipice of Stone Mountain is well under way.

The carving, awarded by the Stone Mountain Memorial Association to the Stone Mountain Granite Corporation, was started Monday of this week.

Governors and senators gathered at a barbecue given at the mountain yesterday afternoon and viewed the progress of the work being done.

Paved roads now lead from this city to the mountain and the studio. Auto running time is now less than half an hour.

Three weeks have been required by the carving company to overhaul their machinery, scaffolding and building stairways to reach the point of their work.

Officials of the granite company and the sculptor estimate that the figures can be carved in two years. This is a minimum of time, they say, for the work and every effort will be made to complete it by that time.

War Mothers of Charlotte Send \$232.27 to Veterans.

Charlotte, Sept. 29.—The Charlotte chapter of war mothers forwarded \$232.27 to disabled world war veterans at the government hospital at Oteen today, according to Mrs. W. S. Pratt, chairman of the Sale committee of the chapter.

The money was raised here last Saturday from the sale of forget-me-nots, she said.

THE WEATHER

Mostly cloudy tonight and Friday with showers in the west and north; slightly warmer Friday in the north. Moderate northeast winds.
