

J. W. SNYDER DIES AT HOME HERE FOLLOWING STROKE

As Well Known as Minister and Teacher. — Funeral Services Were Held Here Tomorrow Afternoon.

Rev. J. W. Snyder, well known minister of Concord, died at his home here Friday night, death due to a stroke of apoplexy which he suffered Tuesday morning at the farm of his son, Braxton Snyder. His condition had remained so critical following the stroke that little hope for his recovery had been entertained.

Funeral services were held at the First Baptist Church here yesterday afternoon at 2:30, conducted by pastor, Rev. C. Brennan Trueblood, assisted by Rev. Mr. Bennett. Interment followed in Oakwood cemetery.

John Washington Snyder was born October 5, 1868, in Union county. He was a son of the late Rev. D. Snyder and a grandson of the late Rev. Solomon Snyder. His early life was spent on the farm and he taught school for a number of years before entering the ministry. He served as pastor for 35 years, several of which were spent in the service of the Baptist State Mission Board, organizing a number of churches in this and other counties. At the time of his death he was pastor of the outside Baptist Church in Charlotte.

The deceased was married in October 1892 to Miss Sarah Mattie McHardy, of this county, who survives. They had the following children: J. B., R. D., A. M., and Miss Lethia Snyder. One daughter, Miss Annie Snyder, died in 1925.

Surviving also are five brothers, P. B. S. C., and Rev. E. C. Snyder, of Monroe; Rev. J. S. Snyder, of Fayetteville; and E. M. Snyder, of Hamlet; and two sisters, Mrs. T. S. Ross, of Union County and Mrs. H. H. Paulock, of Marshville.

His step-mother, Mrs. D. A. Snyder, of Taylorsville, and a half-sister, Miss Vedic Snyder, of Greenville, S. C., also survive.

Mr. Snyder moved to Concord in 1902 and since that time spent practically all of his time in the interest of the Baptist Church. He taught in several of the public schools of the county, but practically all of his time was devoted to church work. He was a member of Cannonville Camp No. 25, J. O. U. A. M., and was widely known and highly respected by a wide circle of acquaintances throughout this section of the State.

GRADUATES OF HIGH SCHOOL MAKE GOOD RECORDS AT COLLEGE

Girls Who Were Members of Graduating Class of 1926 Doing Good in Studies at N. C. College for Women.

Very gratifying reports on the college work of the members of the graduating class of 1926 of the Concord High School, have been received in the City and show that the graduates of the local high school rank unusually high in their studies among the freshmen at college.

A report received from the North Carolina College for Women at Greensboro shows the seven graduates of the Concord High School who are members of the this year's Freshman class are among the students who are making the best grades in their college subjects.

The report from Greensboro shows that of the seven girls at the College, taking a total of 40 courses that only two failed to pass any subject and that those two failed on the same subject.

The girls who are in the freshman class and are the graduates of the Concord High School, in the class of 1926, are: Misses Frances Bette, Opal Barton, Kathleen Craver, Louise Miller, Doris Solomon, Muriel Wolff, and Nola Barrier.

"It is a very unusual condition for all the students from one high school to make good averages at a college," it was said today by A. H. Jarratt, the principal of the high school. Mr. Jarratt expressed himself as being very much gratified at the good record of this group of freshmen.

The general average of the group is considerably above the general average of the usual college freshman, Mr. Jarratt said.

STATE HIGHWAY 74 HAS NEW MARKERS, ALL MADE OF METAL

New Signs Have Replaced Old Wooden Ones Which Are Being Abandoned in All Parts of Section.

Metal markers, adopted some time ago by the State highway department, have been erected on route 74 in Cabarrus county. The metal markers take the place of the wooden ones which are being generally abandoned along all highways in the state.

Route 74 extends from Concord to Sanford and it is understood that the new markers have been placed or will be placed in the near future, along the entire highway.

Instead of the black lettering on a white background, the new curve signs have black lettering on a yellow background. The markers carry the hand designating the nature of the curve, but they do not carry the warning, "Dangerous Curve."

The markers with the numerical name of the highway are still white but they are of metal also, and are much smaller as a rule than the wooden ones.

"Side road" markers also have been erected on the highway, this being a change in the old system of marking. The "Cross Roads" signs are still used, these being metal also.

KIWANIS CLUB HAS BUSINESS MEETING FRIDAY AT LUNCH

B. Dixon Hall, of Atlanta, Tells of Prospects of Opening a Business College in Concord.

The regular weekly luncheon of the Kiwanis Club which was held Friday at Hotel Concord was turned into a business meeting by R. E. Ridenhour, Sr., and Noel Reid, who had charge of the program.

The members of the club discussed ways of increasing and membership of the club and the activities of the club. The different members proposed the names of men of Concord to be members of the club, and those named will be acted on at a later date.

B. Dixon Hall, president of the Atlanta Business College, of Atlanta, Ga., was present at the meeting and said that a branch of the Atlanta College would in all probability be established here at an early date.

Mr. Hall said that the college was one of the largest in the South with branches in different cities in several of the southern states.

Mr. Hall announced that he would turn over to the club a scholarship to be given by the club to some young man who was capable of doing well in the business course and unable to pay the expense.

The club went on motion as favoring the opening of the college and offered its co-operation to the officials in any way that it could be of aid to them.

A. T. Person, field representative of the college, who, if the college is established, will stay in Concord for some time, was introduced to the members of the club.

J. B. Robertson and Dr. Thomas M. Rowlett will have charge of the program at the luncheon Friday.

"FATHER'S NIGHT" Large and Representative Group of Parents Entertained.

"Fathers' Night" was acclaimed a signal success by a large and representative group of parents who were delightedly entertained at the Y. M. C. A. Thursday evening at 7:30 by the Parent-Teacher's Association.

Mrs. N. A. Archibald, president of the organization, in a few well-chosen words welcomed the assembled company on behalf of the association.

The fathers enjoyed the fulfillment of that famous wish of Robert Burns—to see themselves as others see them—when Mrs. J. W. Pike read an interesting composition which she had made of 400 compositions recently written by the school children on the subject "What My Father Means to Me."

One rather amusing feature of this word-picture of the Average Concord Dad was shown in these words: "My father tries to be the boss at our house but my mother won't let him." In general, however, the children's papers were in more serious vein, expressing their deep love for and trust in their fathers. They saw him as a kind provider, educator, companion and friend. Many deplored the fact that because of the stress of these strenuous times they say all too little of their fathers.

In order that the purpose and scope of the work of the association might be clearly understood, Miss Ruth Dry told the assembled guests of the many worthwhile projects undertaken and completed by the P. T. A. since its organization in 1923. Its principal work has been the provision of a library of approximately 1,000 volumes for the use of the children, the achievement bringing Central Grammar School to the level of a standard Grade A school in library facilities. They are also responsible for the purchase of a mimeograph machine which is a great help to all the schools of the city.

Recently appointed "Grade Mothers" whose duties are to secure better attendance at meetings and further the interests of the children, were next introduced to the company. Miss Elizabeth Black's room was a beautiful picture for having the most parents present.

Several unusual "stunts" were offered by way of fun and recreation. In a novel hand-shaking contest, Mrs. Hansel was the winner of a prize. It has become a tradition to give the Red Cross Tuberculosis fund a paper for the past six weeks had been acting nurse. It was said there would be several matters of importance to be settled before a nurse was named and that it would probably be given the place left vacant by Miss Moore, who has left the city for six weeks.

The official of the Association suggested that when a nurse was hired, considerable change would be made in the work, and that the prospects for the work of the future were unusually good.

Changes in Southern Schedule. M. E. Woody, local ticket agent for the Southern Railway Company, announced Saturday three changes in the schedule of trains serving Concord people. The trains operated on the new schedule today, Mr. Woody stated.

ENDORSE WILLIAMS FOR POSITION OF DISTRICT ATTORNEY

Local Bar and Other Friends Give Endorsement to Concord Man.—Job Created by Congress' Act.

Members of the Concord bar have endorsed H. S. Williams, prominent local Republican, for the post of District Attorney in the new Federal district for North Carolina.

When asked Friday if he were a candidate for the post Mr. Williams stated that he was not an active candidate but that he would accept the post if offered to him.

It became known here late Thursday that members of the local bar had approached Mr. Williams in regard to the District Attorneyship, but he made no definite statement until Friday when to a newspaper representative he stated that he would "accept the post if offered, and give it the best I have."

Mr. Williams is one of the most successful and active members of the Concord bar. He has met with fine success in his profession and local lawyers are unanimous in the opinion that he is eminently qualified to be a District Attorney.

Furthermore Mr. Williams is one of the most active Republicans in the State. He has served his party long and faithfully and friends declare he deserves recognition for this service. For a number of years he was chairman of the Cabarrus County Republican executive committee, he served several terms in the State Legislature and in one campaign was the Republican candidate from the Eighth Congressional District. He has been active in State politics as well as in county and district affairs, being recognized as one of the men often called into conference when important State policies are to be outlined and adopted.

The local bar has taken no action as an association, on the race between Frank A. Linney, Johnson Hayes and others for the judgeship of the new district. The association has held no meeting in regard to the matter and has endorsed none of the candidates.

"I am not a candidate for the post of District Attorney, in the sense that I will wage a campaign," Mr. Williams said Friday, "but I would accept the honor if offered to me. My friends have approached me in regard to the matter and I am in a receptive mood."

I feel that it would be an honor to have the post offered to me and of course, I would give the job the best I have."

Cabarrus county is in the new district recently created by Congress and the district attorney will be chosen from the district. It is reported here that Mr. Williams has been assured by friends in several other counties in the district that they would support him should he decide to give consideration to the matter.

T. B. NURSE WILL BE NAMED LATER OFFICIAL STATES

Will Be Several Weeks Before Nurse Is Named.—Representative of the Red Cross Here.

Miss Katherine Myers of the American Red Cross, field representative for the States of North and South Carolina, has been in Concord for the past two days on business of the Red Cross.

Miss Myers conferred Friday with Dr. D. G. Caldwell, county health officer, on different matters regarding the work of the Red Cross and Tuberculosis nurse which is done in connection with the work of the County Health Department.

Officers of the Cabarrus County Tuberculosis Association also met with Myers who was in the city. One of the officers of the Association said today that the Association was not ready at the present to discuss with Miss Myers.

The announcement was made by an official of the Association that the Red Cross Tuberculosis nurse had not named to succeed Miss Naomi Moore, who for the past six weeks had been acting nurse. It was said there would be several matters of importance to be settled before a nurse was named and that it would probably be given the place left vacant by Miss Moore, who has left the city for six weeks.

The official of the Association suggested that when a nurse was hired, considerable change would be made in the work, and that the prospects for the work of the future were unusually good.

Changes in Southern Schedule. M. E. Woody, local ticket agent for the Southern Railway Company, announced Saturday three changes in the schedule of trains serving Concord people. The trains operated on the new schedule today, Mr. Woody stated.

The changes follow: Southbound No. 37, will arrive at 11:29 a. m. instead of 10:45 a. m. Northbound No. 45, will arrive at 3:36 p. m. instead of 3:40 p. m. Northbound No. 30, will arrive at 2:12 a. m. instead of 2:15 a. m.

THOMASVILLE TEAM FROM GIRLS' TEAM OF CONCORD HIGH

Local Team Eliminated in Championship Game With Thomasville by a Score of 26 to 23.

The Concord High School girls' basketball team was defeated Friday night at Spencer when it met the team of the Thomasville High School in the first of the elimination series for the state championship. The score was 26 to 23.

Harris, captain of the team, got the tip off to Howard in the first of the game and the ball was played in the first half of the game in Concord's territory.

Edna Varner, for the locals, was the bright light in the scoring end of the game using her uncanny skill in ringing marker after marker. Her floor work was also noticeably good, she gaining possession of the ball with ease and using her dribble to work it under the basket.

Howard's work in the back ward was excellent. She was especially good on passing, making them accurate and waiting for an opening.

Dayvault and Suther, intercepting their opponents' passes, made life miserable for the visiting forwards. Ridenhour and Linker, substitutes for Howard and Suther—charged with personals—were good at guard and predicted a good future. The pass work of these guards was particularly good.

Coach Bloomfield's charges lasted throughout the first half and made a spur which carried them far in the lead for a time.

The lineup is as follows: Concord: Howard, Pease, Thomasville: Hinkle, Suther, Hooper, Dayvault, Trinn, Pease, E. Varner, Warren, R. Varner, Lambeth.

NEW HOME FOR CABARRUS SAVINGS BANK AT ALBEMARLE A. C. Heath Contracts With James D. Harwood for Building on Corner North First and West Main Streets. Stately News-Herald.

Dirt commenced to move Thursday morning for the foundation for a new brick building on the corner of West Main and North First streets, just in front of the store of Morrow Brothers & Heath Company, the contract having been awarded by the owner, A. C. Heath, to J. D. Harwood, contractor, some days ago.

The building, according to reports which would seem to be well founded, will be occupied, when finished, by the Cabarrus Savings Bank. The announcement that work of excavation had started early Thursday morning, came as a surprise to most of the residents of Albemarle, and especially when the report became current that the building was for the Cabarrus Savings Bank, as that institution several months ago purchased the building now occupied by Snuggs Drug Company on West Main, and announced that it would remodel that structure and move into it sometime during the coming summer. It was, therefore, hard to believe that the bank had abandoned its purpose to go into its own building and had contracted for a new stand. The report is not officially confirmed that the new structure, which will be one of the finest stands in the city for such an institution, is for the Cabarrus Savings Bank of Albemarle.

The structure will be at least two stories. It will have a basement which will make it in reality a three story structure. It will be approximately 85 feet on North First Street, by 25 on West Main. It will have a vacant lot of about 25 feet between the new bank building at the store of J. C. Penney Company on West Main Street.

No announcement as to the interior finish has been made, but is generally known that it will be finished in a most beautiful and complete manner for modern banking purposes. When the structure is to be finished and ready for occupancy, has not been announced.

Difference in the Staple. Monroe Enquirer. Last week The Enquirer quoted cotton (Mexican and Big Boll varieties) as bringing 16 cents a pound on the Monroe market.

Cotton buyers in surrounding counties were paying farmers from 12 to 13 1/2 cents a pound for best staple. The Enquirer has carried Seed for Sale advertisements for Union county farmers who have select cotton seed for sale. These are finding ready market at 75 cents to a dollar a bushel.

Farmers are finding it to their advantage to plant best quality of seed. Those who grow the better grades of cotton get increased yields and from \$10 to \$15 more per bale. Hence, the coming spring season farmers generally throughout this section will select and plant their cotton seed with discrimination.

Death of Mrs. Mary P. Kiser. Mrs. Mary P. Kiser, died Thursday afternoon at her home in No. 11 township. She had been ill with a complication of diseases for three years.

Funeral services were held this afternoon 3 o'clock at Cold Water Church and interment made in the church cemetery.

Mrs. Kiser was born in South Carolina on December 25th, 1852. She was a member of the West Concord Baptist Church. Surviving are three sons, all of Cabarrus county: M. R. G. O., and L. S. Kiser.

BUSINESS COLLEGE FOR CONCORD WILL BE REALITY SOON

Representatives from Atlanta Business College Plan to Open Branch School in This City Soon.

Representatives of the Atlanta Business College, one of the best known institutions of its kind in the South, were in Concord Thursday conferring with local business men relative to opening a branch of the school in this city.

It was stated Thursday afternoon by one of the representatives that the school would be opened here in the near future.

The Atlanta Business College was established in 1905 and was incorporated in 1923. The college has been opening and operating branch schools for the past three years. Thirty-five schools have been maintained in Georgia and Tennessee. Within the last few weeks schools have been opened at South Boston, Virginia, and at Kingsport, New Bern and Statesville, N. C.

Both day and night sessions are maintained in the branch school for a term of five months. The night session is primarily for the benefit of people who work during the day, and who wish to be trained for promotion or for better positions. The same sources are offered in both the day and night schools.

Giving Redheads Their Due. The girl with red hair, once target for every derisive epithet, has come into her own. Science and art have at last rendered the verdict that red hair is quite the dazzling thing, and a literary critic has discovered that more poems have been written to red hair in the past decade than to all the hundred and one shades of brown.

All of which brings new responsibilities and duties to the fortunate ladies who own red hair. No longer need they ignore it or studiously tone it down in their costume. It is their bountiful duty now, says the scientist, to make it as luminous and glorious as they can.

"Some shades of red hair are much lovelier than others, but all of them have great decorative possibilities," says Haze Rawson Cades in a chapter of advice to redheads published by the Woman's Home Companion.

In the past, she remarks, redheads have had the notion that they must "tone down" their hair. This is a wrong nowadays. Red hair should be made to shine for every nickel's worth of its possible brilliance.

Development of its uttermost possibilities is largely a co-ordination, it seems. It would be, considering the amount of color the young lady has on hand to work with. But it's not as old-fashioned people believe, a problem of contrasts. The most successful systems are worked out along the lines of matching and harmonizing colors.

If her eyes are brown, there's no doubt at all about it in the minds of the artists and scientists. Brown, henna, rust, gold, warm beige, tan, pastels in maize, peach and even flesh are lovely backgrounds for the brown and rusty red of hair and eyes. Soft pedium greens and a certain shade of dark green are also good.

Next "Floating University" to Bar the Girls. New York, Feb. 21.—Girls will be barred from the second "College Cruise Around the World," it was announced yesterday.

The first "Floating University," a floating college and pre-college course, left here last September for an eight-months world cruise, with 500 men and women students.

Its sponsors said today that the "Floating University" now is a permanent institution, but no explanation was given for the barring of girls from the second cruise.

The steamship Ryndam, of the Holland-America Line, which now is at Naples with the first college has been chartered for his second trip, starting next September 20, by the Star Line Steamship Company and the University Travel Association, sponsors of the college.

Because the vessel is readily adaptable for schoolrooms campus and athletic "fields." The Ryndam is expected to return to New York May 2.

Ku Klux Klan Loses in Appeal to High Court. Washington, Feb. 21.—The Ku Klux Klan today lost in the supreme court its claim of the right to carry out its activities in any state without obtaining permission from the state.

The question reached the court from Kansas in an appeal by the Georgia Klan corporation, which sought to conduct its activities there without obtaining permission as required by the Kansas law relating to corporations organized in other states.

Questing of John S. Dean, counsel for the Klan, by members of the court during an argument was followed by Chief Justice Taft's announcement that the counsel for the state would not have to be heard as the court was without jurisdiction in the case. An order giving effect to the court's decision to dismiss the appeal will shortly be announced, probably Monday.

CDOWELL LANDS FISH AND FEAT STIRRED FISHER

Brings Back to City Weighing Almost 60—Minnows Were in Demand on Friday.

This is a fish story that by the fish it is. J. L. Crowell and his son, Crowell, Jr., went fishing on the river and returned with a catch weighing five pounds of minnows. It is the largest catch of minnows in this section of the river since the local fishery was started to try the luck.

The fish was hauled by Crowell and was weighed by a family aided with the scales was caught at River View. "I could have sold 500 of these minnows as a result of a Concord fisherman who was un-named Friday."

Mr. Crowell carried the fish to the office Friday and some of the men with which they were left in its month.
