Fifth Grade—Pauline Whitley, May Dell Long, Lily Ann Miller, Grace Thomas and Roy Crooks, Jr.
Virginia Dare Book Club.
One of the most delightful meetings of the year of the Virginia Dare Book Club was held Wednesday afternoon with Mrs. J. E. Smoot at her home on Grove street.
Mrs. R. E. Ridenhour, Jr. had charge of the program, and at the conclusion of the usual business, read an interesting article.
An elegant three-course luncheon was served on small tables by two of the hostess' daughters, Misses Mary Donnell, and Virginia Smoot. Dainty Easter cards bore each guests' name.
The regular members present were: Mesdames M. L. Marsh, W. D. Pemberton, W. S. Bingham, R. E. Ridenhour, Sr., R. E. Ridenhour, Jr., R. B. Rankin, N. A. Archibald, J. E. Sherrill, M. H. Caldwell, J. L. Hartsell.
Specially invited guests on this occasion were, Mesdames J. Lee Crowell, M. A. Meis, J. A. Keiffert, A. S. Webb and J. F. Dayvault.

JOINT MEETING IS HELD BY KIWANIS AND ROTARY CLUBS

Large Number of Visitors Attend Luncheon of Clubs To Hear Address of Wood H. Wood, of Charlotte.
The Rotary and Kiwanis clubs of Concord held a joint luncheon meeting Wednesday at Hotel Concord for the purpose of hearing an address by Wood H. Wood, president of the American Trust Company, Charlotte.
The meeting of the two clubs was the first joint meeting that they have had for several months. About 65 members of the clubs and sixteen guests were present at the luncheon.
A. S. Webb, president of the Rotary Club, acted as chairman of the meeting and L. T. Hartsell, Jr., president of the Kiwanis Club, stated that the members of the Kiwanis Club were happy to meet with the Rotarians to hear Mr. Wood's address. Mr. Hartsell also called upon the Kiwanians to introduce their visitors for the luncheon.
The visitors present as guests of the members of the clubs included the following: Wood H. Wood, president of the American Trust Company, Charlotte, and John Fox, vice president and trust officer of the American Trust Company, Charlotte, both of whom were the guests of Rotarian C. B. Wagoner. Dr. John R. Jester, of Winston-Salem, was introduced to the clubs as the guest of Rev. C. Herman Trueblood, of the Kiwanis Club. Mrs. John F. Reed and Noel C. Cobb were the guests of the program committee for the day. Thomas O. Oberreider, of DuBois, Pa., was a visiting Rotarian. Other guests present included: John J. Barnhardt, guest of Kiwanian C. A. Cannon; A. M. Hanna, Dewitt Swearinger, P. A. Earnhardt, C. C. Graham, Harring Swink, all of China Grove, who were the guests of Kiwanian C. W. Swink; W. B. Beaver, of Kannapolis; W. R. Parker, of Washington City; W. L. Burns and J. G. Parks, both of Concord.

MAN ALLEGED TO HAVE TWO LIVING WIVES ARRESTED

R. K. Knowles Arrested on Wednesday, Says He Married Second Wife Without Divorce From First.
R. K. Knowles, aged 27, who works at the Cannon Manufacturing Company, is held in the Cabarrus county jail on a charge of bigamy, following his arrest Wednesday afternoon by members of the city police.
Mr. Knowles, when seen at the county jail today by a representative of The Tribune, talked freely of his arrest and said that he was sorry to have married his second wife without waiting to secure a divorce from his first. "I am only sorry that I didn't wait for the divorce suit that I have entered in Mecklenburg county to be settled before I married again," he said, and stated that he loved the second girl he married and would marry her again as soon as the charge of bigamy was settled and a divorce decree had been granted him from his first wife.
The second girl that he married is a member of a prominent family of Concord. Mr. Knowles said that he married the second girl in York, S. C., last Saturday and that until Wednesday he had lived with her.
He said that he had lived in Concord for two months and had known the second girl he married for some time. Mr. Knowles said that he lived in Monroe for some time before coming to Concord. He said that the warrant was sworn out by his first wife, Mamie Lee Knowles, and that she lived at Harrisburg. He had not lived with his first wife for some time, he said, and had a divorce suit filed in Mecklenburg county which will come up at the next term of court.
He married his first wife October 20, 1924, at Gaffney, S. C., he stated.
Mr. Knowles will be given a preliminary hearing Friday at recorder's court, police officials said today. They said that it would be a case of finding a probable cause case and binding him over to the Superior Court.

WOOD, OF CHARLOTTE ADDRESSES ROTARY AND KIWANIS CLUBS

Speaker Tells of Advantages Section of Country Will Have With Branch of Federal Reserve Bank Near.
Stating that the branch bank of the Federal Reserve Bank, which has recently been secured for Charlotte, will be of great value to both the banks and the business men of this section of the country, Wood H. Wood, president of the American Trust Company of Charlotte, addressed the members of the Rotary and Kiwanis Clubs at a joint meeting held Wednesday at Hotel Concord.
Mr. Wood was introduced by C. B. Wagoner, president of the Citizens Bank and Trust Company. Mr. Wagoner said that it was largely through the efforts of Mr. Wood that the branch bank was secured for Charlotte.
In speaking of the efforts that have been made over a period of seven years to secure a branch bank of the Federal Reserve System for this section of the country, Mr. Wood said that for some time the business men of this section did not fully realize that they had a right to have the branch bank, but that they were now beginning to realize their rights and had done so to such an extent that with their aid such a bank had been secured for Charlotte. "It is very important and very encouraging that business men are taking more and more lively and active interest in this branch bank."
"The Federal Reserve System is not primarily for banks, but for the business people who deal with them. The banks are the agencies that clear business, that you business men create. The important men of the country are the men who create business. The success of the branch bank for Charlotte will depend to a large extent on the business people of this section," Mr. Wood said.
"No one man deserves credit for any 'big move' Mr. Wood said in speaking of who deserved credit for securing the branch bank for Charlotte. "Any good man could have been the leader of the movement, and succeeded with public opinion with him. Many men have contributed to the work. Among those working to secure the bank could be named: former Governor Cameron Morrison, of Charlotte; Robert Lassiter, of Charlotte; Hon. F. M. Simmons, of New Bern, United States Senator; J. W. Norwood, of Greenville, S. C.; D. H. Blair, commissioner of Internal Revenue; Hon. A. L. Bulwinkle, of Gastonia, congressman from the ninth congressional district."
"The Federal Reserve system is the greatest banking system in the world. Bankers from England, where they are supposed to have unusually good banking systems, have come to the United States to study the system. When it was first organized the New York bankers were against it. The Wall Street Journal which was opposed to it at first now says that it is the greatest system in the world. We will never have another 'money panic' in this country. The Federal Reserve system meets a depression in an effective way with comparatively little effort."
"The plan of organization for the Federal Reserve system is ideal for this country. Senator Carter Glass and Woodrow Wilson worked out the system, the most practical one in the world. The wisdom of it is remarkable. First there were twelve 'parent banks' over the country and the act said that branch banks could be opened wherever a branch would be justified."
"Of the greatest benefits and purposes of the Federal Reserve system is the clearing of all checks quickly," the speaker declared. "All the checks in the immediate territory, and there is a vast volume of them, will be sent through the Charlotte branch instead of through Richmond and, it has been figured out that one day's saving in clearing through Charlotte instead of Richmond would mean that one day's interest at 6 per cent for a year would amount to over \$500,000. It can be cleared through Charlotte in two days whereas before it has taken three to send through Richmond."
"The saving of time in currency matter and getting currency in an important one. Before this currency has been gotten from Richmond but with the opening of the Charlotte branch the banks of this section can get it several times a day if necessary. The Federal Reserve District we are in includes portions of several states. North and South Carolina are 51 per cent of the land area of the district. It is also the most important in farming and the State of North Carolina ranks seventh in the United States in value of farm products and South Carolina also ranks high."
"By bringing the machinery of the Federal Reserve system through the branches it brings it nearer the business men and will be a convenience to them in handling their money and checks."
"We should look upon the Charlotte branch as our branch. Several of the cities of the two Carolinas applied for the bank but it was secured for Charlotte. Charlotte is near the middle of the section to be served by the bank, it had more financial resources and more banks did business through Charlotte so the Queen City secured it. Seven banks of Charlotte and banks over the Carolinas will make use of the Charlotte Branch Bank."
"The Branch Bank in Charlotte should be looked upon as a Carolina institution, should be looked upon with pride and should have the support of the people of this section. One important part in the success of the Bank will be the number of banks we can get to join the Federal Reserve system. There are about 800 banks in the state and a comparatively small number of them have joined the Federal system. Those who have not joined it should come in and thus support the new Branch Bank."
"We had pleasure in working to get the branch in Charlotte and we will get pleasure and benefit from the possession of it," Mr. Wood said in conclusion.

COUNTY FARMERS ATTEND MEETING AT STATESVILLE

County Farm Agent R. D. Goodman and Number of Farmers Attend Sheep Raisers Meeting.
The meeting of the Sheep Raisers at the Piedmont Experiment Station, at Statesville, was held Wednesday, and it is reported by those who attended from Cabarrus county, as the most successful meeting in the interest of the sheep industry ever held in this part of the State.
The program as arranged was fully carried out, and in addition to it an interesting and highly instructive address was made by Dr. H. B. Arbuckle, of Davidson College. His address was directed, to a large extent, to the boys who were present, and was alive with human interest.
Those who attended the meeting from Cabarrus county were: R. D. Goodman, County Farm Agent; A. H. Litzker, W. H. Honeycutt, Charles A. Fisher, Arthur Eady, J. G. Honeycutt, E. D. Honeycutt, W. H. Deweese, W. P. Harry, Philip M. Barringer, Charles T. Allison, and J. J. Honeycutt.
The following program was carried out:
Sheep on the Branch Farm—F. T. Meacham.
Sheep For Piedmont Farmers—E. S. Millsaps.
Winter Care of Ewes—R. S. Curtis.
Attention Needed During Lambing Period—George Evans.
Best Pastures for Sheep—A. R. Morrow.
Marketing Lambs and Wool—V. W. Lewis.
Demonstrations:
1. Sheep Shearing and Wool Tying Demonstration.
2. Docking and Castrating Demonstration.
3. Drenching Demonstration for the Prevention of Stomach Worms.

POSTAL RECEIPTS FOR CONCORD FOR MARCH SHOW GAIN Report Also Shows Gain of \$331.62 in Postal Receipts For First Quarter Over Same Period Last Year.
The postal receipts for the city of Concord show a steady gain for the first three months of this year over the first three months of 1924, according to a report given today by J. F. Harris, postmaster.
During the first quarter of this year ending March 31st, the postal receipts for the Concord post office were \$8,225.45. For the same period of 1924 the postal receipts reached a total of \$8,193.07 which shows a gain of \$331.62 for the three months of this year over the first three months of last year. The receipts this year average a gain of \$110.54 per month over last year.
The report for the month of March, 1925, also shows an increase over the month of March, 1924. The March receipts reached a total of \$2,986.64, a gain of \$417.25 over March, 1924, when they totaled \$2,569.39.
The increase in the receipts for March and for the first quarter in this year show a gain over the same time for the last few years. In 1925 the receipts totaled \$25,165.69 and in 1924 reached the sum of \$37,050.15. The increase for 1925 was \$1,884.46 over the previous year.
Real Estate Transfers Filed Involve \$5,105.
Four real estate transfers, involving the sum of \$5,105 were filed for record Wednesday at the office of L. V. Elliott, register of deeds for Cabarrus county.
The deeds filed for record were:
Worthia M. May to Julius F. Fisher, lot on Hill Top Avenue, city of Concord, \$900.
L. H. Sides to Miss Roase Roach Raymer, property on Vance Street, city of Concord, \$3,100.
Harvey Rogers to Z. W. Robinett, lot on Margaret Avenue, city of Concord, \$105.
W. W. Flowe to J. L. Kearns, property on North Kerr Street, city of Concord, \$1,000.
William Denton, William Flowe, Franklin Cannon, Joe Foll, Sanford Neal, Bent Howard are among the college boys who have resumed their studies at the various colleges of the state.
A. M. Brown and N. A. Barnhardt, of Concord, both Confederate Veterans, are attending the United Confederate Veterans' Reunion at Tampa, Fla.

Yorke & Wadsworth Co. THE OLD RELIABLE

Its Refrigerator Time

Are you planning to buy a new refrigerator? If so, why not let us show you the "LEONARD CLEAN-ABLE?" The refrigerator that will mean an investment to you instead of an expense.

A refrigerator must be something more than a box for ice and a place to store food. It must keep the food cold and it must keep it cold by a constant circulation of pure, dry air. It must also be so constructed that it can be kept constantly clean, otherwise germs will gather and not only destroy the food, but seriously menace the health of the family.

NATION WILL HAVE AMERICAN FOREST WEEK THIS MONTH

Will Endeavor to Teach American Public Need of Forest Preservation in This Country.
The observance of American Forest Week will be held this year, during the period of April 24 to 30. Every year since 1920, the President of the United States, by proclamation has fixed upon one week of the year, and asked that the importance of the care of our forests be thought about, and acted upon.
This week is set aside with the hope that thought and study on the care of our forests will be observed everywhere. But, it is in the South and far West where this observance is most needed, as these sections hold about three fourths of all the saw timber that is left in this country. Therefore, the parts of the country where the raw material has been destroyed, or where it never grew, depend to great extent upon the South and West to supply the demand.
The reason for American Forest Week is that the whole country is very much interested in the way our forests are being used, and what is being produced from them. Also that land that should be producing timber is not, at least not as much as it should, and this condition should be changed; and that it is a job which concerns everyone, and one in which everyone should take a part.
American Forest Week has a definite and practical purpose, and its observance is held with the intention of helping everyone to discover that they can help in some way to protect our valuable forests.

MANY SONG BIRDS BEING KILLED IN CITY, SAYS REPORT

Residents of City Are Urged to Protect Song Birds by Not Putting Out Poison or Shooting Them.
Many complaints have been received at the office of the Tribune of late, as to the promiscuous killing of song birds, which add much cheerfulness to the Springtime and which are also very pretty.
There are a number of different species of song birds which make their appearance in Concord in the Spring, among them being the Brown Thrasher and it is a great pity that they are being destroyed in the manner in which they are. It seems that it is not the sparrow birds, that are being killed, but the birds of different colors, which are songsters.
One resident of the city, said that a movement should be launched in the City and County to prevent the killing of these birds. Such a movement would do much to aid in the protection of the bird.
During the years 1923 and 1925, the Fine Arts Department of the Woman's Club, sponsored a bird-box building contest in which many boxes were built and put up in the trees and other places over the city. The result was that fewer birds were killed when they were protected in this manner. The value of the bird-boxes was pointed out at various meetings of the Club.
Many birds are killed by poison which is often put out for the sparrow, but it is not the poison which is causing the destruction of the singing bird, as much as it is the boy with the air gun and the 22 calibre rifle. It seems that the song bird is much easier to be hit because of its attractive colors, and much easier to be found because it usually attracts attention with its musical notes.

BYRD IS PRESIDENT LOCAL ROTARY CLUB FOR ENSUING YEAR

Named by Directors at Meeting Held Just After Regular Weekly Meeting at Hotel Concord Wednesday.
C. W. Byrd, assistant secretary and treasurer of the Locke Cotton Mills, was yesterday elected President of the Concord Rotary Club for the new year. He will begin his new duties at a later date.
The election of Mr. Byrd was made at a meeting of the directors immediately after the regular weekly meeting of the club at Hotel Concord. He will succeed Prof. A. S. Webb, who has served the club during the past 12 months.
Other officers elected by the directors include:
E. Sauvain, Vice President.
R. E. Ridenhour, Jr., Secretary.
R. E. Jones, Sergeant at Arms.
The new officers will take up their places May 1st, it was announced by the directors.
