

NEW FORD TUDOR SEDAN

An example of the fine coachwork of the new Ford cars. New military-type sun visor and crown roof. Narrow pillars and new door construction give unusual vision. Both front seats fold forward, giving easy access to rear seat. Ample space between seats. Your choice of four artistic color harmonies—unusual feature in a low-price car.

Get complete details

TOMORROW

at Ford salesrooms

FOR SEVERAL years we have been working on the new Ford car. For weeks and months you have been hearing rumors about it. For the past few days you have been reading some of the details of it in the newspapers.

Whatever you do tomorrow, take at least fifteen minutes to get the full story of this new automobile.

You will realize then that it is an entirely new and different Ford car, designed and created to meet modern conditions—a car that brings you more beauty, speed, quiet, comfort, safety, economy and stamina than you ever thought possible in a low-price car.

Automobile history will be made tomorrow, for the new Ford is not only new in appearance and performance . . . it is new in mechanical design. Many features of it are exclusive Ford developments. Some are wholly new in automobile practice. Its low price is a reflection of manufacturing improvements and economies that are as epoch-making as the car itself.

Nineteen years of experience in building 15,000,000 automobiles are behind the new Ford car and have counted in its making. Resources unmatched in the motor car industry are its heritage and its birthright.

The Ford policy of owning the source of raw materials, of making virtually every part, of doing business at a small profit per car, has cut many dollars off the price you would ordinarily have to pay for a car like this.

So we say to you—learn about this new Ford car tomorrow. Compare it with any other car in the light-car field for beauty of line—for comfort—for speed

—for quick acceleration—for flexibility in traffic . . . for steadiness at all speeds . . . for power on the hills . . . for economy and low cost of up-keep . . . for its sturdy ability to stand up under countless thousands of miles of service.

Then you will know why tomorrow will be remembered as one of the greatest days in the entire history of the automobile industry. . . . Then you will know why the new Ford car will be *your* car.
