That none but poets know."

THE POOR MAN'S DAY.

Sabbath holy,
To the lowly,
Still thou art a welcome day;
When thou comest earth and ocean,
Shade and brightness, rest and motion,
Help the Poor Man's heart to pray,

Sun-waked forest,
Bird that soarest,
O'er the mute unpeopled moor;
Throstle's song that stream like flowest,
Wind that o'er the dew drop goest,
Welcome now the wee-worn poor.

Little river,
Young forever,
Cloud gold bright with thankful glee,
Happy woodbine gladly weeping,
Gnat within the wild rose keeping,
Oh that they were blest as ye.

Sabbath holy!
For the lowly,
Paint with flowers the glittering sod,
For afflictions sons and daughters,
Bid the mountains, woods and waters,
Pray to God, the poor man's God.

Pale young mother,
Gasping brother,
Sister toiling in despair,
Grief bowed sire that long life blest,
White lipped child that sleeping sighest,
Come and drink the light and air.

Still God liveth,
Still he giveth,
What no law can take away,
And oh! Sabbath, bringing gladness,
Unto hearts of weary sadness,
Still art thou the poor man's day.

LITTLE THINGS.

Scorn not the slightest word or deed,
Nor deem it void of power:
There's fruit in each wind wafted seed,
Waiting its natal bower.

A whispered word may touch the heart,
And call it back to life;
A look of love bid sin depart,
And still unholy strife.

No act falls fruitless; none can tell,
How vast its power may be;
Nor what results unfolded dwell,
In dark futurity.

Work and despair not, give thy mite,
Nor care how small it be,
God is with all who serve the right,
The holy, true and free.

COMICALITIES.

Two Anxious by Half.

An amusing affair happened lately between a coal dealer and a purchaser.—The latter was very anxious to see that the former did not cheat him, so he inspected the weighing of the coal himself, and felt perfectly satisfied that he got his full allowance, without any desire on the part of the coal dealer to shave.

However, while the coal was weighing, the driver of the team could not help laughing, aware at the time that the purchaser was particular about his full weight of coal.

The purchaser, after the delivery of the coal, asked the driver what it was all about, Why, said he, while your coal was weighing you were standing on the scales, and was weighed with it.

"Is it possible? Why, I weigh nearly two hundred pounds!

Well, sir, said the driver, you are sold.

Yes, was the reply, and I have bought myself, too.

You Forgot Me!

A good joke is told at the expense of one of our church going citizens, who is the father of an interesting family of children, and among them a bright eyed little boy who has numbered some four or five summers, the pet of the household, and unanimously voted the drollest little mischief alive.

On Saturday night he had been bribed to keep the peace and retire to bed about an hour earlier than usual, with the promise that on the morrow, he might go to church with the family.

On Sunday morning it was found inconvenient to put the youngster through the usual course of washing and dressing, necessary for his appearance in the sanctuary, and the family slipped off without him. They had not however, more than become comfortably seated in their pew, when in walked the youngster, with nothing on but a night wrapper and a cloth cap.

"You forgot Me!" he said in a tone loud enough to be heard all over the church. The feelings of the parents can be more easily imagined than described.

Ind. Journal.

Some rusty, crusty, musty, lusty, dusty, gusty, curmudgeon of a bachelor, gave the following toast at a fireman's celebration recently:

"Our fire engines—may they be like our old maids, ever ready, but never wanted."

Somebody says very beautifully: "As small planets are nearest the Sun, so are little children nearest to God.

Simple Remedies.

Cotton or wool, wet with sweet oil or paragoric, will give quick relief to the ear ache.

Black or green tea steeped in boiling milk and sweetened with loaf sugar, is excellent for dysentery.

A good quantity of old cheese is the best thing to eat when distressed with eating too much fruit, or oppressed with too much food. Physicians have given it in cases of extreme danger.

Blackberries are extremely useful in cases of dysentery; to eat the berries is very healthy; tea made of the roots and leaves is very beneficial, and a syrup made of the berries is still better.

Whortleberries, commonly called huckleberries, dried, are a useful medicine for children. Made into tea and sweetened, they are very beneficial when the system is in a restricted state, and the digestive powers out of order.

The pain of a bee sting may be at once relieved, and the subsequent swelling prevented, by wetting the part with spirits of hartshorn.

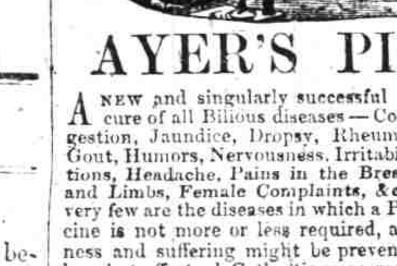
The pain of tooth-ache, also, is relieved oftener by a few drops of hartshorn on a bit of lint inserted into the cavity of the tooth, than by any other application. Every family should keep a vial of it, well-corked in the house, and if you are fortunate enough to need it for nothing else, use it to restore the color destroyed by fruit stains.

To fatten poultry quick, boil rice in milk and feed them with it.

To prevent the attack of lice, wash the poultry house with a strong solution of cedar boughs, and then smoke the house with cedar wood.

Those hen eggs that approach nearest to roundness will produce females, while the pointed ones produce males.

The Brussels Journal states that an extraordinary suicide had just taken place at Mons. Madame B. a respectable inhabitant of that town, threw herself into the river Tourille, after having firmly tied to her waist a little girl of five years old, belonging to the foundling hospital, and whom she had most carefully dressed and crowned with roses.



AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

Dr. A. A. Hayes, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

Hon. Edward Everett, Senator of the U. S.

Robert C. Winthrop, Ex-Speaker of the House of Representatives.

Abbott Lawrence, Minister Plen. to England.

† John B. Fitzpatrick, Cath. Bishop of Boston.

Also, Dr. J. R. Chilton, Practical Chemist, of New York City, endorsed by

Hon. W. L. Marcy, Secretary of State:

Wm. B. Astor, the richest man in America.

S. Leland & Co., Propr's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

GUYSOTT'S YELLOW DOCK & SARSAPARILLA

Is now put up in the largest sized bottles, and is acknowledged to be the best Sarsaparilla made as is certified by the wonderful cures it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only true and original article.

Scrofula, Syphilis, Mercurial complaints, Cancer, Gangrene, Rheumatism, and a vast variety of other diseases are speedily and perfectly cured by the use of this medicine.

READ THE FOLLOWING CERTIFICATE.

TALLAPOSSA Co. Ala., Jan. 2, 1852.

DEAR SIR:—I send you this to certify to you that your Extract of Yellow Dock and Sarsaparilla has performed one of the most wonderful cures on me that has ever been effected on man

I have been afflicted for forty years, with eruptions on my legs and feet; in 1848 they got so bad that I had to go on crutches, and in 1849 I had one leg amputated above the knee. In about nine months after, my other leg broke out in large eating and running sores, from my knee to my foot, and discharged a great deal of offensive matter. My groin also broke out in large biles, which discharged much offensive matter, and at the same time my left hand broke out in large running sores nearly to my elbow. The misery that I have suffered for the last two years I cannot describe to you. I was in such agony that I never rested day nor night.

In October last, my son brought me one of your bottle wrappers; I read it, and found record of some wonderful cures performed by your "Extract of yellow Dock and Sarsaparilla," and I now consider myself well.

I entreat all of the afflicted to try this medicine, for I believe it will cure any known disease in the world. Lay aside all prejudice and just try it, and proclaim its great worth to suffering mankind, and entreat them to take it, for it will cure them. My case is well known to a large portion of South Carolina, Georgia and Alabama, and if any should doubt the above cure, I invite them to call on me, and I will show them the scars. I can be found in Talapoosa county, Alabama, one mile from Stoe's ferry.

RENAJAH HUGHES.

The Yellow Dock and Sarsaparilla is peculiarly adapted for females of delicate health, resulting from irregularity of menstrual discharges, and other diseases peculiar to their sex.—The proprietor has in his possession a great number of certificates of cures performed of the above description. We assure the afflicted that a bottle or two of Dr. Guysott's Extract of Yellow Dock and Sarsaparilla will at once regulate those difficulties and renew the natural energies.

☞ Put up in Quart Bottles.—Price $1 per bottle. ALSO,

ROGERS LIVERWORT & TAR

For the complete cure of coughs, colds, influenza, asthma, bronchits, spitting of blood, and all other lung complaints tending to consumption.

THIS preparation is getting into use all over our country. The numerous letters we receive from our various agents, informing us of cures effected in their immediate neighborhoods warrant us in saying it is one of the best, if not the *very best* Cough Medicine now before the public. *It almost invariably relieves and not unfrequently cures the very worst cases.*—When all other Cough preparations have failed, this has relieved the patient, as Druggists, dealers in Medicines, and Physicians can testify. Ask the Agent in your nearest town, what has been his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you IT IS THE BEST MEDICINE EXTANT.

Below we give a few extracts from letters we have received lately regarding the virtues of this *medicine.*

Dr. S. S. Oslin, of Knoxville, Ga., says:—"*I have been using your Liverwort and Tar very extensively in my practice for three years past, and it is with pleasure I state my belief in* ITS SUPERIORITY OVER ALL OTHER ARTICLES *with which I am acquainted, for which it is recommended.*"

Messrs. Fitzgerald & Benters, writing from Waynesville, N. C., says:—"*The Liverwort and Tar is becoming daily more popular in this country,* AND WE THINK JUSTLY SO. *All who have tried it speak in commendable terms of it and say it is very beneficial in alleviating the complaints for which it is recommended.*"

Our Agent in Pickense District, S. C., Mr. S. R. McFall, assures us "that *he uses it with great benefit* in his own family, and recommends it to his neighbors." He gives an instance of a Negro woman, in his vicinity, who had been suffering with disease of the Lungs for years, attended with severe cough, who was relieved by the Liverwort and Tar. Such are the good reports we hear of this medicine from all parts of the South. For a report of the surprising cures it has performed in the Western and Northern and Eastern States, we would invite the suffering patient to read the pamphlet which accompanies each bottle. To all, we say, *have hope, have hope!* TRY THE MEDICINE!! *BE WARNED IN SEASON!!!* And neglect not that cough which is daily weakening your constitution, irritating your throat and lungs, and inviting on that dead disease, Consumption, when so soothing and healing a remedy can be obtained as Dr. Rogers' Syrup of Liverwort and Tar. BEWARE OF COUNTERFEITS AND BASE IMITATIONS! The genuine article is signed ANDREW ROGERS, on the engraved wrapper around each bottle. Price, $1 per bottle, or six bottles for $5. Sold wholesale and retail by SCOVIL & MEAD, 111 Chartres St. bet. Conti and St. Louis, N. O.

James L. Boyd, Pickens district, South carolina, testifies that he was cured of Rheumatism in both of his knees of several years standing.

The following is from a respectable Physician in Georgia:—

Messrs. Scovill & Mead:—Gents, I have been using your Liverwort and Tar Hebrew Plaster very extensively in my practice for three years past, and it is with pleasure that I state my belief in their superiority over all other articles, with which I am acquainted for the purposes for which they are recommended. The Hebrew Plaster, especially, is an universal panacia for local pains. I have also found it a most excellent application for Sprains and bruises. It gives universal satisfaction whenever used.

THE WEEKLY HERALD.

The Best General Newspaper in the World

THE NEW YORK WEEKLY HERALD is published every Saturday morning. Its contents embrace all the news of the great events of the day, reports of meetings, of the State Legislature, and of Congress; important public documents; European and home correspondence; financial and commercial information, and editorials of general interest, that have appeared in the NEW YORK DAILY HERALD.

It is neatly printed, in clear type, on a large double quarto sheet of forty eight columns—a book—a directory in itself—and forms one of the best and most valuable weekly newspapers in the world. A MAGNIFICENT PICTURE.

OUR COUNTRY, ITS AGRICULTURS, COMMERCE, ARTS AND MANUFACTURES.

SUPERIOR PORTRAIT OF WASHINGTON.

This beautiful picture is the most magnificent specimen of Lithographic Painting ever yet executed having received impressions from

SEVENTEEN DIFFERENT PLATES.

of various shades and colors, blended together with the utmost care and precision, into one harmonious whole. No pains or expense were spared in securing upon its production, the services of this most skillful Artist in the country, and it forms one of the proudest triumphs of American Art. It Should grace and adorn the Walls of

EVERY AMERICAN HOME

and enable the beholders to realize the poetic truth that a "that a thing of beauty is a joy for ever. The centre piece consists of a life-like portrait of the

ILLUSTRIOUS WASHINGTON

which is an exact copy of one of his best portraits, taken from life, with all the original coloring exactly copied. His portrait is surrounded by a frame work, representing thirteen states typical of the 13 original colonies.

On the right is a female figure of Liberty,—and on the left one of Fortitude, both splendidly executed. Above them are figures of Justice and Mercy. At the top is a resresentation of the Guardian spirit of America, and eagle by her side surrounded by representations of the different branches of

AMERICAN INDUSTRY,

and triumphs of American genius, embracing hundreds of different articles, colored with life like accuracy, and artistically blended together, with great skill. At the bottom, encased in tasteful bordering, are figures typical of wisdom and in the centre of the lower part a beautiful representation of the New York Crystal Palace.

From numerous notices of the Press, which space does not permit the publication of, we extract the following from the Philadelphia Pennsylvanian:

"The design is evidently original, and evidences a tast as pure and sensative, as the work is unique and gorgeous. At the first look the beholder is struck with the general appearance of the picture—at the second he is not only delighted but will exclaim, what a magnificent affair! what a splendid design—what a happy blending of colors. It is true. The engraving is one of the richest specemens of the art extant, and deserves a place in every parlor in the city."

The size of the plate is 22 by 30 inches. A picture of the same size some what in the same style has recently sold readily in England for 5 guineas or 25 dollars. To place this within the reach of all however, copies will be carefully packed and sent by mail or express, postage or express fee paid to any part of the United States, for the following sums; one copy three dollars; two copies to one address $5:—5 copies to one address $10.

Orders will not be attended to unless accompanied by the cash, and they should state distinctly the Post office, county and State to which the picture is to be sent. Wherever packages can be received by express, that mode of conveyance would perhaps be preferable.—where that is not the case they can be sent through the mail.

Postmasters are requested to act as agents for its sale.

Young men desirous of employment, in its sale, as well as news agents and the trade generally, will be supplied on liberal terms.

As but a limited number of copies have been printed, and the plates have since been destroyed application must be made soon.

All orders must be addressed to

J. L. RINGWALT,
Box 1594, Philadelphia Post Office.
