

**PROHIBITION RALLY**

The friends of Temperance, male and female, white and colored, are cordially invited to attend a temperance demonstration, at Centre church below Concord on the 25th of June at 2 o'clock p. m. All are invited to be present and hear what will be said about the great question that is now agitating the minds of the people of our good old State. Don't forget the time and place.

**NOTICE.**

Our town subscribers and those who get their mails at the town office are requested to call at the HERALD office every Thursday evening and get a copy. Hereafter this part of our mail will not go through the post office.

**Don't You Forget It.**

Lawn Party to night in the Methodist church yard. Let every body go.

**Judge Dick's Speech.**

Our citizens crowded the court house on last Wednesday night to hear Judge Dick on Prohibition. He was introduced to the audience by John McDonald and for an hour and a half he held the audience literally spell bound. We are sorry that our small space will not allow us to give his speech in full, for his great earnestness and eloquence impressed everybody present with the magnitude of the great work before us, and enlisted the sympathy and touched the tender cord in the breasts of his entire audience.

His appeal to the colored friends to join in the great work was of the most practical and touching nature and to say that they appreciated his remarks was fully demonstrated in the fact that numbers of them pressed around him at the conclusion of his address and showered congratulations upon him. The court room was crowded with the beauty and intelligence of our town and the universal opinion was that his effort was nobly and in sentiment and pathos, brilliantly eloquent, touching, convincing and conclusive. Many years will elapse before the pleasure of that night will be erased from the minds of our people.

Rev. T. W. Smith and Chas G. Montgomery will address the people at Rock River church on Friday morning, 17th, at 10 o'clock. From the reports that reach us much interest is manifested by the people and a large crowd anticipated.

**Camphor.**

"Boo-hoo! what will the women do for camphor if the prohibitory law is passed?" With this forcible and eloquent appeal this grogshop man would touch our tenderest sympathies. Stop man, the wife and children would not be bruised and beaten as they now are, when prohibition becomes a fixed fact. They would not need it—Greensboro Battle Ground.

G C Blume has just received another car load of New Home Sewing machines. They are the best machines that money can buy.
