FOR THE SENATE.

Dr. E. B. Meadows is a self made man, educated himself, has felt the hot kisses of the sun, while delving on his father's farm, is a farmer and knows the needs of the farmer, not only so, but the interest of all classes and conditions of our people will be considered by him. He lives in the same house and upon the same farm of his father, practices medicine in the same community in which he was raised. Is held in high esteem, as evidenced by his extensive practice Dr. Meadows is a cool deliberate and independent thinker, has the spirit of his convictions to a considerable extent, yet without ostentation, a generous, liberal, affable man of unimpeachable character.

He stands for progress and uplifting of all our people, morally, socially and politically, we confidently believe if elected, will do all he can, for the promotion of all our citizens without distinction.

THOS D. CLEMENT

BAD WRECK ON SOUTHERN NEAR HENDERSON

Henderson, June 3.—A mixed train on the Southern Railroad met a disastrous if not fatal wreck this afternoon on the outskirts of this city just after it had well cleared the yards on its outgoing trip for Oxford. The engine left the rails at a public road crossing just west of the limits, plunged down into the side ditch, rolled over on its left side and slid forward in the mud some 20 yards or more. The tender was thrown squarely across the track, torn entirely from its trucks and turned over on its side. The cab of the engine was torn completely off and into kindling wood. The front freight box was torn from its trucks and buried into the ditch on the opposite side of the track from the engine. Altogether it was a fearful looking lot of wreckage.

The track was completely torn up for several yards and the rails were twisted into all sorts of shapes. From about this mass of wreckage Engineer J. D. Tyler was picked up a very seriously if not fatally injur-

ed man. He had evidently been hurled from his seat to the ground with force and it is feared he sustained serious internal injuries the extent of which could not be ascertained before he was hurried off on a fast Seaboard train for a Richmond hospital, being accompanied by Mrs. Tyler and Dr. B. G. Allen. He is a very popular man in this city and much anxiety is felt here as to the extent and nature of his injuries. It was a mystery to the hundreds of people, who soon hurried out to the wreck in automobiles and other conveyances how he escaped instant death. And stranger still perhaps the fireman escaped without so much as a scratch. The crash came quickly and neither had any time to avoid whatever the consequences might have been to them. Some six or more freight boxes and two passenger coaches at the rear in which there were a number of passengers did not leave the rails. The passengers got a good shaking up but none were hurt.

The railroad people say the wreck was caused by several inches of dirt left on the track at the public road crossing by a squad of road builders engaged at that point.

SURRY DEMOCRATS DID NOT ENDORSE STEDMAN

Mt. Airy, June 4.—All signs now point to the nomination of Sam E. Marshall, of this city, by the Republicans to oppose Major Chas M. Stedman for Congress for this county will stand solidly by him in the congressional convention and he is being urged to make the race by Republicans and Progressives all over the district. His friends here claim that he is, by far, the strongest candidate that can be named because he can unite both wings of the party and appeal strongly to the farming and laboring classes. His popularity as a candidate is demonstrated by the unanimous support of his county and the assurances of support by local Democrats who declare they will not support the nominee of the Democratic party. As an evidence of the opposition in the county, in last Saturday's convention, Surry Democrats refused to endorse their congressman and came near adopting a resolution instructing for C. H. Haynes, of this county, notwithstanding the fact that he is not a candidate.

Haynes friends say that he missed the opportunity of his life when he refused to stand for the nomination and are still loyal to him. The convention finally endorsed Senator Overman and Solicitor Graves.

Yesterday, at Dobson, the many Republican candidates for county offices were exceedingly busy looking after their interest. Candidates for the nomination are even more numerous than usual owing to the fact that several important offices are to be filled by new men on account of the two term proposition and it appeared strange to see the county officers stand by and watch a scramble for their places. There is already intimations of harmony deals that will satisfy all parties but it will require the convention to decide the contest.

POSTMASTER WILLIAMSON AT BURLINGTON QUILTS

Washington, June 5.—The resignation of Finlay Williamson as postmaster at Burlington has been tendered to the postmaster general and accepted, effective June 15. Major Stedman called on First Assistant Postmaster General Roper today and laid Mr. Williamson's resignation on his desk. The department accepted the resignation and asked the fifth district congressman to recommend a successor not later than June 15. Representative Stedman announced tonight that he would comply with the request and asked that it be published in the newspapers that all who desired to apply for the place send in their petitions before the middle of this month.

It is believed here that O. F. Crowson will be named as Mr. Williamson's successor. Mr. Crowson has devoted much time and money to the cause of Democracy. The postoffice department officials were anxious that he be given the Burlington postmastership when Mr. Williamson was named. Not that they had anything against the present postmaster, but they thought Crowson needed the job and that it would be a just reward for his services to the party. At that time Postmaster General Burleson and his assistant, Mr. Roper, asked Major Stedman as a personal favor to them to withdraw his recommendation for Mr. Williamson and allow Crowson to be named. In view of these facts it is thought that the Burlington editor has an excellent chance of landing the plum at this time.

Mr. Williamson resigned because, he said he could not give the proper time to the office without neglecting his private business.

CHEAP PAINT.

The cheapest paint is the one that goes farthest and wears best; there is most in a gallon of it.

What is a quart of milk worth? Depends on the milk.

So of paint: depends on the paint. Devoe is worth the top price, whatever it is. Poor paint is worth nothing at all; you've got to pay your painter \$3 or \$4 a gallon for putting it on; and it isn't worth it.

Devoe goes twice as far and wears twice or three times as long.

The cheap paint is Devoe at the top of the market.

DEVOE.

A. B. Moss sells it.

IS IT MAYOR HART.

We notice that Mr. J. E. Hart, formerly of Burlington, now editor of the Creedmoor Times-News, has been elected Mayor of Creedmoor. We are glad to know that Mr. Hart is doing so well and we are sure that Creedmoor will always find in brother Hart a fine fellow, both as editor and as Mayor—Burlington News.

Automobile activities during the month of June in the office of the Secretary of the State will be something enormous. There are about 12,000 automobiles and 1,200 motorcycles in the State, the license for all of which will expire July 1, and must be renewed at that time if the owners of the machines would continue their use.

MISS SUE MAY KIRKLAND NORMAL PRINCIPAL DEAD

Raleigh, June 8.—Announcement that Miss Sue May Kirkland is dead will carry sorrow to the hearts of many admirers all over North Carolina and in many other States. Miss Kirkland died suddenly at the home of her sister, Mrs. C. C. Crow, this afternoon. She had been here since the college commencement. She had been in poor health for some time, rather run down from overwork, but no one had any thought of her being in a dangerous condition. Indeed, her physician had called to see her just a minutes before she died and left her, as he thought in good condition with good pulse and heart action. Yet she died of heart failure.

The deceased was a native of Hillsboro and is survived by her sister Mrs. Crow of this city and by one brother, Mr. William Kirkland of Washington.

The funeral will be conducted from the First Presbyterian Church at 11:15 o'clock Tuesday morning by Dr. W. McC. White the pastor, the interment to be in Oakwood Cemetery here.
