The weather is cool and dry.

Only three prisoners in jail now.

Local news is very scarce this week.

Court at Danbury one week from next Monday, the 7th day of November.

Delightful rains Sunday evening and night.

The tobacco curing season is nearly over.

Pepper & Sons continue to receive new goods.

Farmers in this section will sow more wheat this fall than usual.

The forest trees around Danbury are out in their beautiful fall costumes.

Sheriff Estes is anxious to sign your tax receipt; better let him do it.

Pepper & Sons continue to receive new goods.

Farmers can sow their upland in wheat now since the rain Sunday night.

We learn that Stokes county is to have a forge soon with three or four fires.

Mr. and Mrs. Thomas Smith, and daughter, Miss Emma, are visiting relatives in Danbury.

Wonder how much a fellow makes per day by panicking 3 and 5 cent nickel pieces, and the old red copper cent for the metal.

The mail carrier reports that two children near Germanton were taken sick last Monday and died in thirty minutes, and that it has been but a short time since three children of the same family were dead in the house at the same time.

All members of Danbury Lodge No. 323 of A. F. & A. M., are requested to meet at their Lodge room in Danbury on Saturday the 19th day of November, 1881, at 3 o'clock P. M., for the transaction of important business.

A young gentleman arrived at Mrs. N. M. Pepper's last Monday night, is an entire stranger in these parts, though quite handsome, he is very small, only weighing 12 pounds. He will make Danbury his home for the present at least, but is entirely dumb as to what business he will follow in the future, but from his movements we suppose it will be milking for a time at least.

"I have used Dr. Simmons' Liver Regulator myself and in my family for years, and pronounce it one of the most satisfactory medicines that can be used. Nothing would induce me to be without it, and I recommend all my friends, if they want to secure health, to always keep it on hand." E. S. MOTT, Columbus, Ga.

The Southern Planter and Farmer for October, the oldest and one of the best agricultural journals in the South is before us. This number contains 80 pages of valuable reading matter and is worth all and more money than is asked for it. It is published by the Southern Planter & Farmer Co., Richmond, Va., at \$2.00 a year.

CANDID IF NOT HONEST - We went to the jail in this place last Saturday to see a man confined there; found four prisoners in jail, asked the first man we saw what he was in for, he answered fighting, the second said he was in for carrying a pistol, the third said that he stole a horse and was locked up. The fourth (colored) said that he was in for "just nearly nothing," that he had borrowed a coat and a pistol was in one of the pockets, and he was accused of stealing it. All are stout healthy looking young men, and if they had wanted to work on the railroad, could have got good wages, and if not satisfied might have left. It may be different after court.

"How are you my old friend?"

Asked a bright looking man. "Oh I feel miserable, I'm bilious and can't eat, and my back is so lame I can't work." "Why in the world don't you take Kidney Wort? That's what I take when I'm out of sorts, and it always keeps me in good tune. My doctor recommends it for all such troubles." Kidney Wort is the sure cure for biliousness and constipation. Don't fail to try it. - Long Branch News

We have received and sent forward for the Atlanta Exposition a number of specimens of Iron ore, Mica, Granite, Sandstone, &c., &c. Those wishing to have their minerals on exhibition at Atlanta will please send them to us as fast as possible. Send them in, let the outside world see what we have in Stokes. PEPPER & SONS.

There will be a meeting of the Superintendents of all the Sunday schools in Stokes county on Tuesday of court week, for the purpose of organizing a County Sunday School Association. All Superintendents, Secretaries, or any one interested in the success of Sunday Schools are cordially invited to attend. Come out friends and let us strive to infuse new life into this one of the most potent means of blessing our country. The meeting will be called at 1:30 o'clock P. M., in the church by the ringing of the bell. P. L. GROOM, by order of the State S S A.

It is said to be a fact that the furnace at this place was the cause of so much damage being done to property in Stokes by the Federal troops under Stoneman, he accomplished very successfully by carrying off the stock, mules and horses, from forty to eighty in number. The furnace stack stands yet, nearly as good as new, having only a short time previous to Stoneman's raid been put in operation. The water power is fine as need be, with an abundance of iron ore and timber suitable for making charcoal convenient to the furnace. Why this valuable property is allowed to remain idle so long is a mystery to us in this day, when the demand for iron is so great, and if put in operation again would not only be a source of income to the owners but would in a measure lead to restoring as much wealth to the county as the property was worth that it caused the destruction of.

The North Carolina Farmer for October received. Among the numerous articles upon agriculture and other subjects in this valuable journal, we note the following as of special interest to farmers, viz: "drought," "improving our Crops," "Saving Manure," "Grass Growing," "Handing Cotton," "History of the Irish Grape," "Sheep Raising and Cotton Planting," "Cows and the Weather," "Eggs in Winter," "Storing Vegetables," "Farming in Alleghany Co.," "An Iredell Co. Farmer," "Experiments with Peas as a Fertilizing Crop for Wheat," &c. Price per year only \$1.00. Jas. H. Eubank, Publisher, Raleigh, N. C.

THE POWER OF THE PRESS. - In no way is the power of the press more surely shown than in the universal knowledge that has in less than a year, been diffused throughout fifty millions of people of the wonderful curative properties of that splendid remedy Kidney-Wort. And the people from the Atlantic to the Pacific have shown their intelligence and their knowledge of what is in the papers, by already making Kidney-Wort their household remedy for all diseases of the kidneys, liver and bowels. - Herald.

WHAT WE LIKE TO SEE - A man worth \$50 000 who says that he is too poor even to take the local paper.

A man refuse to take his local paper any all the time sponges on his neighbor the rest of it.

A man run down his local paper as not worth taking and every now and then beg the editor for a favor in the editorial line. A merchant who refuses to advertise in the home paper and yet expects to get his part of the trade the paper brings in to town

A man complain when asked to subscribe for his home paper, that he takes more papers than he reads now and then go around and borrow his neighbor's or loaf about until he gets the news from it.

Above all the rich miserly man who cannot pay for his local paper yet who is always around in time to read the paper at the expense of a friend not worth the tenth part of what he himself is, yet who is enterprising enough to help support the paper. We like to see these things because they are indicative of economy, thrift and progress - in a horn.

Two friends were exchanging confidences and one of them remarked: "Nellie's a queer girl. At night she lets me hold her hand as long as I want to, but in the day time she won't allow me to touch it." "I can't account for it," said the other, who was not an es thete, "unless it is that she has discovered that you never wash your hands until after supper."

Chicago and New Orleans are the only American cities that license gambling houses. St. Louis is about to follow their example.

For The Magistrates.

As Chairman of the Inferior court of Stokes county, I request all the Magistrates of Stokes to meet in Danbury on the first Monday of November next, to take into consideration the propriety of discontinuing the Inferior court. This question should be settled before our next Term of said court.

JOEL F. HILL, Ch'm I. C. October 26th 1881.

"DON'T KNOW HALF THEIR VALUE." - "They cured me of Ague, Biliousness and Kidney complaint, as recom mended. I had a little bottle left which I used for my two little girls, who the doctors and neighbors said could not be cured. I would have lost both of them one night if I had not given them Hop Bitters. They did them so much good I continued their use until they were cured. That is why I say you do not know half the value of Hop Bitters, and do not recommend them high enough." - B., Rochester, N.Y. - American Rural Home.

Clergymen, Bankers, Book keepers, Editors, and others that lead sedentary lives will find much relief from the frequent headaches nervousness engendered from want of exercise, by taking Simmons' Liver Regulator. It is a harmless vegetable compound that does no injury; and numbers who have tried it will confidently assert that it is the best remedy that can be used.

The Belle of the Season

The highest step of Indianhood was La Belle Savage; the highest of girlhood is Ma Belle Enchantress; the highest of foundry work is bell casting, the highest of steeple work is the cross about bell ringing; and pretty high up in literary work is the Belle August number of the Southern Musical Journal, containing "The Toning of the Bell, with a full page illustration, and other items of Belles Lettres; the long story of the Rhine Lurie; the conclusion of "Drifted Together," Mrs. Cleveaud's story, with its "Dust Bag and Bonnetmaker" episode; poems of Addison, Henry Cleveland Wood, Mattie C. Seward and the "Odeon Minstrel; Editorials of Church Music, Patti, and "Our President," "Vieuxtemps," "Home Musical Mention," "Southern Musical Review," Berlin correspondence about Wagner's "Ring of the Nibelungen," and three delightful pieces of Music - "Twickenham Ferry" and "I Am Content," vocal, and the popular Swedish "Wedding March." A Belle number, truly, and twelve such numbers cost only \$125, with \$1.00 worth of Premium Sheet Music, in the bargain. Specimen copy free. Address the Publishers, Ludden & Bates, Savannah, Ga.

"I have used several bottles of Simmons' Liver Regular, and you may record the fact, that my feelings are so far changed that I can eat heartily, and am more like a well man than I have been for years past. I have suffered four years and am grateful for relief." - J. Rafferty, Periodical Store, 1806 Market St., Phils."

Danville sold thirty million pounds of tobacco last year.

The extravagant wife is the income tax that eats a big hole in many a fortune.

The Danville Times says that the farmers in Virginia have had no success at all in curing their bright tobacco.

There are many inquires as to what will be the rate per mile for railroad fare etc., to Yorktown, for the public. No statement has as yet been made.

Atlanta Cotton Exhibition was formally opened on Wednesday. Gov. Vance, of North Carolina delivered the opening address. About 10,000 persons were present. - Central Protestant.

The Richmond & Danville Railroad offer tickets from Greensboro to Yorktown Centennial and return for \$10.00, and at proportionate rates from all its stations. - Central Protestant.

Malarial Poison.

The principal cause of nearly all sickness at this time of the year has its origin in a disordered Liver, which, if not regulated in time, great suffering, wretchedness and death will ensue. A gentleman writing from South America says: "I have used your Simons' Liver regulator with good effect, both as a prevention and cure for Malarial Fevers on the Isthmus of Panama."

A Purely VEGETABLE Medicine. An Effective Specific FOR MALARIOUS FEVERS, BOWEL COMPLAINTS, JAUNDICE, COLIC, RESTLESSNESS, MENTAL DEPRESSION, SICK HEADACHE, CONSTIPATION, NAUSEA, BILIOUSNESS, DYSPEPSIA, &c.

If you feel drowsy, debilitated, have frequent headache, mouth tastes badly, poor appetite, and tongue coated, you are suffering from torpid liver, or "biliousness," and nothing will cure you so speedily and permanently as to take SIMMONS LIVER REGULATOR.

It is given with safety, and the happiest results to the most delicate infant. It takes the place of quinine and bitters of every kind. It is the cheapest, purest and best family medicine in the world.
