

Reporter and Post.

A PAPER FOR THE PEOPLE

Entered at the Danbury N. C., Post-office as Second Class Matter.

THURSDAY, NOVEMBER 12, 1885.

THIS PAPER may be found on file at the following places: P. Howell & Co. Newsdealer, Danbury, N. C.; J. B. Williams, Newsdealer, Danbury, N. C.; J. B. Williams, Newsdealer, Danbury, N. C.

Three negroes were sentenced to be hanged in Gates county on the 23d inst. for burglary.

A very fatal disease resembling cholera is carrying off the hogs at an alarming rate in Randolph county.

A sensation has been caused in Mocklenburg county by the elopement of John McQuay, a white farmer, with the wife of a neighbor.

The wheat crop sowed in the Piedmont section of the State this season is the largest on record, and it is said that the land is better prepared than ever before.

The copper mining interest of Ashe and Watauga has not proved successful. After a loss of about \$1,500,000 at Ore Knob in Ashe county, the work has entirely suspended. Other mines in the same county have likewise ceased to operate. The enterprise at Ore Knob was a joint stock company, most of which was taken in Baltimore and Philadelphia.

The first money Henry W. Shaw, "Josh Billings," ever earned by literary work was \$1.50, which was paid him by a Boston newspaper for his "Essays on the Mael." After his genius was recognized and his quaint style became celebrated he received from a New York weekly journal \$100 a week for half a column of matter and was offered \$500 a night to lecture in Great Britain and Ireland.

THE ELECTIONS.

The election news is encouraging enough. Hill is elected Governor of New York by something over 13,000 majority, a considerable Democratic gain over the vote for President.

THE GREENSBORO PATRIOT.

Capt. John B. Hussey has retired from the editorial management of this paper, and is succeeded by Messrs. Hemby & Whitehead. We wish those gentlemen success. The Patriot is conceded to be one of the best newspapers in the State. A daily edition, of 24 columns, will be commenced about the middle of this month, and we are assured that "the enterprise shall be made a success." The paper will be represented at court here next week by a member of the staff.

CLOCKS IN THE WHITE HOUSE.

An exchange says there are a number of historical clocks in the White House. One of them was once the property of Napoleon, and by him presented to Gen. Lafayette, who in turn presented it to President George Washington. It still keeps perfect time. It is alabaster and French gilt bronze. It runs for thirty days at one winding. In the red room President Lincoln's clock of ebony still strikes the quarters, halves and hours with wonderful precision. The only American made clock in the White House was manufactured in New York. It is kept in the green room, and was purchased when James Monroe was President.

A SWEET MORSEL.

The following from the Greensboro North State is almost enough to take one's breath: "At first glance it does look as if a Republican loses his self-respect to hold office under the Democrats; but the new Democratic machine can't get along without them. It would seem to be only a labor of love on their part; for if they resign the wheels will stop. Then they can watch the Democrats and see that they commit no wrong. When the Republicans return to power, three years hence, they will have plenty of capable men to manage the government, and will not be under the galling necessity of keeping Democrats to teach them."

NEWS OF THE WEEK.

CAREFULLY CULLED AND CONDENSED FROM THE REPORTER AND POST'S EXCHANGES.

State News.

The court held at Snow Hill surrounded Goldsboro by telephone.

The woolen mills at Salisbury ship clothing of its own make to Cincinnati.

Monroe has moved its old court house to erect a handsome new one to cost \$20,000.

The Greensboro Post says: "The Winston Daily thinks Mr. R. B. Glenn is good timber to fill Solicitor Dobson's place in the 9th judicial district. No bad choice."

The residence of Mr. Wm. A. James, near South Grove, Davie county, with its entire contents, was destroyed by fire, says the Davie Times, Tuesday night two weeks ago. Stovepipe.

The Citizen says that last Saturday evening, in one of the streets of Asheville, a horse attached to a buggy collided with a horse hitched to a wagon and the shaft of the buggy was forced into the breast of the horse hitched to the wagon, producing death.

The Lincoln Press learns that one night week before last the grave of Abe Reishardt, the negro who was recently killed near Harden, Gaston county, by Mr. B. B. Linberger, was opened and the body removed to a deserted house near by, where the clothing was taken from it and spirited away. The grave and coffin were left open and the clothing scattered about the old house.

The colored people of Wathena, Kansas, began a "protracted meeting" in August, 1884, which has been kept up ever since, without missing a night. There is no indication of a cessation.

A lady living in Rappahannock county, Va., had twelve stands of bees, which were very valuable until a distillery was started in the neighborhood. Since it was started, however, the bees pay frequent visits to the still, get very drunk, and are of little profit.

A drayman, in unloading a cart of bananas in Richmond, Saturday, saw a snake about two feet long interlaced with the fruit, which had been imported from the West Indies by way of New York. The snake was killed.

CAMACA!

To the Weary, Feeble AND PLEASURE SEEKER.

Seeing the need in this section of a place where the weary, feeble and broken down may recruit their health and rest; where they and their families may spend the hot season pleasantly when it is necessary to leave their homes or change air, that the failing health of some loved one may be restored, we have laid out

A NEW TOWN

and are now offering for sale lots in probably the healthiest section in North Carolina. The town is located on a beautiful

Flat Mountain Ridge

2 1/2 miles west from Danbury, about 1/4 mile from the celebrated Piedmont springs; about the same distance to Pepper's Alum springs; 1/4 mile from Smith's Chalybeate spring, and two miles from C. E. Moore's Sulphur spring, while the location presents

The Finest Views

of Moore's Knob, the Hanging Rock, and other prominent peaks along the Saratoga mountain. The lots are well covered with large and small forest trees, which will afford shade in summer and form

Beautiful Groves.

The whole is

Surrounded by Springs

of the purest mountain water, cutting it to the Indian name, "Camaca," a land of springs, which, together with the pure mountain air, would bring color to the faded cheek, and strength to weary frame, even if there was no real mineral water within a hundred miles of the place.

The undersigned propose also to erect a saw-mill, planing machine, &c., that they may build cottages or furnish lumber to those who wish to purchase lots in this healthful locality, where no malaria ever comes, and a case of typhoid fever was never known, except it was contracted out of the neighborhood.

The price of lots this season, 50x100 feet, will be \$25 each. For further particulars address,

N. M. & W. R. PEPPER, May 20, '85, Danbury, N. C.
