The house of Mr. Robert Pell, in the north part of the county, which has been in a dilapidated condition for some years, fell down lately; fortunately no one was in the house at the time.

The Pepper Mining Co., of this place expressed one day last week quite a number of specimens of iron ore and other minerals to Northern parties for analysis; if they show up entirely satisfactory we have no doubt they will result in some heavy trading.

Sample S. Brown, Greensboro's popular and progressive dry goods merchant has adopted the One Price System in his big establishment and now has all the goods marked in plain figures at the lowest possible prices and from there prices there is positively no deviation. Everybody pays exactly the same prices, and as Mr. Brown takes care that his prices are the lowest in town it is a very fair arrangement all round.

If you want good fresh garden seeds, either Northern seed or home grown, go to Pepper & Sons; they have given their seed a fair trial and can guarantee them.

"The man that blushes is not quite a brute." We suppose not, but there is a whole family out in Dakota, who had never even heard of Dr. Bull's Cough Syrup. How they must blush to have it found out.

FATHER!

Your poor wearied wife losing sleep night after night nursing the little one suffering from that night fiend to children and horror to parents, mother, should have a bottle of Taylor's Cherokee Remedy of Sweet Gum and Mullein, an undoubted cough preventive and cure for cough, colds and consumption.

THE ROCKINGHAM HOG

The Rockingham hog is ahead. Old Salem and the county of Forsyth are hard to beat, but we haven't seen the weight of any yet in any section that will pull down the Rockingham hog. He was killed by Mr. S. Y. Walker, and weighed 4 3/4 pounds. Mr. Walker got a smokehouse of meat out of his Christmas hogs.—Reidsville Weekly.

The editor of the Weekly must not read the Republican. In our two last issues we published weights of porkers that leave the Rockingham hog way behind. Those of J. B. Vest, of Tobaccoville weighing 496 and 568 pounds, and one for L. M. Vest, of Old Richmond Township, that weighed 680 pounds—which was alone ahead of the Rockingham hogs 277 pounds net.—Winston Republican.

We expect to record the killing of a Surry hog this winter whose weight will far exceed any of the above.

IS THERE ANY GUM IN IT?

Is there any gum in it? Is what all prudent men ask before taking hold of any new enterprise. Taylor's Cherokee Remedy of Sweet Gum and Mullein has gum in it and the finest stimulating principle known. It cures coughs, colds and consumption.

SUPREME COURT DECISION

The Supreme Court has rendered the following decision in Lawson vs. Pringle.

The plaintiff as administrator sold under an order of court land to make assets and defendant bought at the sale, but did not pay all the purchase money. Plaintiff settled up the estate and gave a deed to the defendant for the land under a verbal agreement that defendant should hereafter pay him the balance due on the purchase. Plaintiff now seeks to recover the debt and seeks to hold the land liable for the purchase money.

Defendant claims that the debt is by the transaction changed from a debt due for purchase money and that he is entitled to have his homestead laid off in the land.

Held, that the debt was in its origin a debt due for purchase money and that an assignment could not change its character. No homestead can be had in land against a debt incurred in its purchase, and the land is subject to sale to satisfy.

MARRIAGE LICENSES

The following marriage licenses were returned to the Register of Deeds during December last:

Benjamin Tuggle to Lucy Woodall; John Burrough to Margaret M. Tuttle; Peter D. Webster to A. S. E. Webster; John P. Hammond to Martha Lewis; E. M. Phippin to Margaret Hall, S. L. Westmoreland to Steacy A. Savage; Jerry Claybrooke to Minnie Price, col'd; Nathaniel D. Hill to Laura Sheler; R. S. Coleman to R. B. Lackey; Jas. T. Nelson to Louisa Flinchum; William Marshall to Fanny Thoe; William E. Woods to Frances Hampton; John W. Creakman to Bettie Carter; William A. Overby to Emma L. Eaton; James F. Simmons to Frances Kiser; C. Lee Sharpe to Flora Gracy; Gentry Johnson to Charlotte Dalton, col'd; Walter Zigler to Mary Outhun; Stokes Covington to Mary Bynum, col'd; Mack Hill to Polly A. Hairston, col'd; Geo. Mitchell to Mollie Benton, col'd.

THE TURNING POINT.

We learn that the survey of the Roanoke and Southern R. R. has been completed and that work has begun at Winston. If the road should traverse centrally Stokes county it would make Winston our market as in the past; but should it terminate at Walnut Cove, or cross the C. F. & Y. V. R. R. east of that point, then the bulk of the Stokes trade would find an outlet by way of Greensboro.

Many of the Stokes people are very much inclined to look at Winston with one eye shut since the clause in the R. & S. consolidation was adopted, saying, the R. S. must cross the C. F. & Y. V. to Forsyth Co.; but a move in the right direction now will make everything right, not only with the Stokes people, but with the many good friends of the county who live at and love the Twin City as their home. In our opinion, this is the most important railroad that Winston will project for years; if she gets our coal, lime, manganese, graphite, granite, iron and timber, she will also get our agricultural products, and no difference how many roads are built on this, or that side, she will be a great city, but let these pass, and she is a mushroom growth.
