The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

He wants more of the Stokes county trade and means to have it if low prices, and good goods will be any inducement. Read what he says, then when in Greensboro go and see him. Call for the ugliest salesman in the house to wait on you.

A Serious Cutting Affair.
A bad cutting affray came off at Tish Manning's, about six miles north west from Danbury, last Saturday morning, the parties were neighbors, Edwards Manning son of Tish Manning and Bob Bennett son of W. R. Bennett. These young Buck Islanders had been out together the night before drinking, when bragging about their manhood report says they got into a scuffle when Ed Manning popped his knife into Bob Bennett, cutting through the left side into the lung, Bennett ran, when Manning followed outting him at two other places on the back. There is some hope that Bennett will recover. Manning is in jail here, captured Sunday night.

Mr. W. J. Moore, of Watkinsville, one among Stokes county's truest, noblest men, called to see us a few days since and renewed his subscription to the Reporter on the 22d time, paying up to September 15, 1894. Mr. Moore apologized for letting the time run over so long (just 15 days) without renewing. Many express surprise that we have been able to keep a county newspaper alive in a sparsely settled county like this for 21 years. We can tell them the secret. Through we are away off in the backwoods, Stokes county has many of as true men as the sun shines on, who seeing our efforts to advance the interest of their county will not forsake us, and with such support the Reporter will never fail.
