DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (cause by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

And O, don't that tiny little Tot from Walnut Cove, say some wonderful things. I know his mama dotes on him.

And such a pity too that Maye and Faith have up such a hot debate. I fear if they were to meet on the street here some day there would be quite a scene. I didn't think Sandy Ridge could afford such noble and behaved women. But of course we sinners ought to have some one to lead us.

H. M. B.**READ IT THROUGH.**

'Twould Spoil This Story To Tell It In The Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all Druggists and Dealers.
