The Slate Phone System.

The Slate telephone system is a great help to the county in opening up communication with communities hitherto almost inaccessible. It is hoped the line is paying the investors a good per cent, and that the excellent system will ultimately be extended to every section of the county. It is learned that citizens of upper Stokes want the line built to them and will take stock liberally.

BETTER THAN PILLS.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by all Druggist and Dealers.
