GERMANTON.

Germanton, July 24.—The tobacco crop in this section is looking splendid.

Mr. F. E. Petree tells us that he has the finest crop he has ever raised, and that is saying a lot, because Mr. Petree always raises splendid tobacco.

Mr. W. D. Browder has a beautiful crop also. Mr. Browder is one among the few who have made a success with the weed. I think if the tobacco raisers would follow Mr. Browder's principles in the cultivation of their tobacco they would be more successful.

Mr. Browder tells us that every time the top of the soil becomes a little hard he goes into it and lightly cultivates the soil. By doing so he keeps the ground loose and moist and the tobacco is not so liable to fire or burn up from the bottom. Mr. Browder has worked his crop five times and it certainly shows the effects, too.

Mr. Browder does not plant such a large crop, but just what he can give his attention to. The great mistake with most of the farmers is that they try to plant more than they can attend to, and by doing so they make a failure of it all.

If next year we would plant a reasonable crop and not try to put out the whole world, I am sure we would make a far better success of our tobacco crops.

Mr. H. McGee has finished the repair work on the old court house in Germanton, and it looks like a new building now. We are glad Mr. McGee has made the improvements, because they help the looks of our town.

Mr. R. G. Petree spent Sunday with his parents.

Miss Ellie and Ada Crews attended service at Rose Bud Sunday.

Mr. and Mrs. J. W. Kurfee, who have been spending a few days at Mocksville, have returned to their home.

MR. WIRT MITCHELL HURT.

Falls From Wagon and Has Narrow Escape—Two Deaths Near Cases—News From Gideon.

Gideon, July 25.—Will say we have had much rain of late and some very hot days, but I presume most of your readers have found out that the weather is hot.

Will also say that crops are fine but may have too much growth and need less rain and more sunshine.

Threshing is about over and wheat and rye crops are only about half a yield.

News is scarce; some sickness prevails. Three cases of typhoid fever at Dillard. Nick and Russell Mitchell and their mother, they are convalescent now.

Mr. Wirt Mitchell received severe injuries by falling from his wagon coming from Madison last Saturday and had a narrow escape from being killed before he was extricated.

Mr. W. M. Flynt is slightly indisposed from fatigue of a recent trip to Winston.

We are sorry to chronicle the recent deaths of Mr. James H. Scales and Mrs. Thomas Gann near Cases. Both were chronic invalids and their deaths were not unexpected. Both will be much missed by relatives and many friends.

Mrs. Hall, who has been under treatment at the Rierson & Copple Sanitarium at Winston-Salem for several weeks, is spending some time with her daughter Mrs. Martin here, and is not so well now and had Dr. Matheson to see her today.

Miss M. P. Mitchell is also right much ailing.

Miss Zella Martin, of Mayodan, is visiting friends and relatives in the neighborhood.

Dr. H. D. DeShazo is very sick at his sister's near Madison. We hope for his recovery very soon.

Children's Day will be celebrated at Flinty Knoll next Sunday. A large crowd expected to attend. Hope we will have some of the Danbury people with us.

About the Public Roads.

Heareford, July 20.

Editor Reporter:

Please allow to say through the Reporter that the overseers of the public roads of Snow Creek township are hereby respectfully notified to have their roads in good order and report the same to the board of supervisors at John Hutcherson's shop on the first Saturday in August at 1 o'clock p. m. This must be done. I also beg leave to suggest that the supervisors of Stokes county urge upon the county commissioners for an arrangement by which the overseers of each section in the county can hire a team and a plow as much two days in each year. One in the spring and one in the fall. Or as much as is necessary not to exceed two days in each year, and to be used under the directions of the overseers. Then each section will get its part of this help. I think this plan would give better satisfaction than our present system. Or, better than it would to do all the work by taxation, and would be great encouragement to all road workers. I think this plan would give us better roads than we have ever had and would not cost the county but very little compared to what it would cost to do all the work by taxation.

Let us hear from some one else.

She had been sick many months and knew that she must die, and she was ready and willing to go, but it was so hard to leave her children to walk through this cold world without a mother to guide them. Thursday morning she called them all to her bedside and bade them a long farewell. The deceased was a member of the Baptist church. Rev. Jesse Ashburn conducted the funeral services after which the remains were laid to rest in the Westfield graveyard. She leaves several brothers and sisters to mourn her death, her father and mother having died years ago.
