One of the saddest accidents that ever happened in or near this place occurred on the hill just west of town last Friday when Mr. Lathe Knight's two sons, aged about 7 and 12 years, were coming to town driving a small mule having on a load of wood, when a dog ran out and frightened the mule, which dashed to one side throwing both boys off, the larger boy escaped with severe bruises while the other boy was killed almost instantly. His neck, shoulder blade and arms were broken. He was also mashed in his body. The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

LETTER FROM GERMANTON.

The Writer Thinks We Need Better Roads—Some News Notes.

Germanton, Sept. 4.—This is a very busy season with the farmers. Tobacco and fodder are buying very badly and the farmers are trying to save all they can.

Miss Sallie Styers, one of Germanton's popular young ladies, left this morning for Raleigh to attend the B. F. University.

Miss Minnie Marshall, of Winston, is spending a few days with her aunt, Mrs. Beck.

Miss Claudia Rierson, of Walnut Cove, is visiting Mrs. L. M. McKenzie.

Owing to the inclemency of the weather the congregation at St. Philips' Episcopal church yesterday was rather small.

Mr. Robt. Helsabeck, of Pembroke, Va., occupied the pulpit at Corinth church last Sunday in Mr. Oscar Helsabeck's stead. An excellent sermon was listened to by a very good audience.

We wish to congratulate the Reporter on its excellent editorial last week. When will we awaken? We have a court house and a jail that might make any county proud. We have splendid farms and comfortable farm homes and even some magnificent farm homes. Most of our farmers are using improved machinery, too. But when we look at our public roads we forget our pride. We do not seem to realize the fact that if we had good roads through our county, our property in a few years would more than double its present valuation. Suppose we think of these things for a while and let's hear what the good people of the county have to say on the subject. Good roads mean quicker transportation to market and quicker transportation means less expense, and less expense is the great cry of economy. If our county had a good road system, it would soon take its place with the foremost in the state.

"LOOKER ON."

It is in fact is complete in every detail, and has a TEN. The ONE of the HARVARD pleases everybody. Its action is light and responsive. Other dealers charge \$300 for the same piano and other pianos of equal grade. How do we do it? We buy them in car load lots, at the lowest possible price, and a small profit satisfies us. We have other pianos as low as \$175. And we also carry perhaps the largest stock of organs to be found anywhere in the South, ranging in price from \$44 up. Plenty of time given to pay for an instrument if you haven't the cash to spare. Write for catalogue stating whether you want one of pianos or organs.

Another young man in trouble from being drunk at church. You had better look out young men. The time has come when such stuff as this is no longer tolerated. "The hand writing is on the wall." The young man that drinks whiskey must take the consequences. The positions of honor and trust are fast closing against him.

How to get on much longer without a bridge at Pine Hall is becoming a serious question with our people. The river at this place has not been safely crossed but few times this summer. People living in one-half mile of the station have to drive 15 miles to get to the railroad. We are human like the people of other sections of the county, and we are tax-payers, possibly as large as any other section of the county; and the time has come for us to let it be known that we are tax-payers and demand fair treatment. The bridge question has become a public necessity with us. The public highway is being obstructed for months at a time by not being able to get across the river. Will the commissioners hear our prayer? We have been calling on you for 3 years. Our people pay their taxes as cheerfully as any other people in the state. Now, we ask you to let us have some advantage of our money. The Chairman of the Board is well acquainted with the situation at this place.

Miss Sallie Brent, who has been the guest of Mrs. A. H. Joyce for several weeks, returned to her home at Greensboro Tuesday.
