

STOKES COUNTY FAIR

SUBSCRIPTIONS ARE COMING IN

LET EVERYBODY WHO COUNTY PRIDE NOW
COME TO THE FRONT.

Since the last issue of the Reporter a number of subscriptions to stock in the County Fair have been received, and the list now stands as follows:

I. G. Ross	1 share
W. A. Petree	1 "
Thos. S. Petree	1 "
C. L. Young	1 "
A. W. Davis	1 "
C. M. Jones	1 "
F. H. Petree	1 "
Dr. J. W. Slate	1 "
Dr. W. C. Slate	1 "
W. G. Slate	1 "
O. L. Pulliam	1 "

Danbury Reporter 1 share and \$100.00 worth of advertising.

Let every public-spirited citizen of Stokes county send in his name at once. Remember the shares are \$10 each, and you can take as many as you wish, no collections to be made until \$3,000 has been raised, which is the amount necessary. It will be a good investment for your money, and will doubtless pay you at least 10 per cent. the first year.

The Stokes County Fair is a reality. Thousands of dollars are spent by our people at the fairs of adjoining counties every year, where sharpers fleece many of their hard earned money. We are going to keep this money at home, and give a clean, honest fair where everybody may attend and enjoy themselves, and where real, substantial benefit will result to the farmers.

After the necessary amount of subscriptions have been raised, there will be a meeting of stockholders when the election of officers will be made—President, Secretary, board of directors, etc.—and the time of holding and place of location will be determined by a majority vote of the shareholders.

There will doubtless be a warm contest for the location, but after that is settled, everybody will unite enthusiastically for making the Stokes County Fair one of the best in the State.

Paying Polls.

As the first of May will soon be here when the people who have not paid their polls cannot vote next fall, the polls are being rapidly paid now. Next month a school election will be held in Yadkin township, and unless you have paid your poll by the first day of May you cannot vote in the school election, either.

This is the season of listlessness, headaches and spring disorders. Hollister's Rocky Mountain Tea is a sure preventative. Makes you strong and vigorous. 35 cents. Tea or Tablets. R. L. Murphy, Walnut Cove, H. M. Joyce, Danbury.

FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

REV. P. OLIVER WRITES.

Wants to Know If 21 Names to a Petition Can Involve Yadkin Township In School Election—Opposed to Horseracing, Baseball, etc., at the County Fair.

Dalton, April 9.

Mr. Editor:

I see in your last issue of the Reporter that an election was ordered by our County Commissioners to be held (I suppose in Pinnacle) on the 15th of May to authorize a special tax in Yadkin township to supplement our school funds. Will some one please explain how it is in this democratic government that 21 names to a petition can involve a whole township in an election like this? I wonder if 22 votes will fix such a measure upon our people? If the township is involved why not hold the election at each of the precincts? We need the light turned on at once. Is it not true that we have already sufficient school funds, if properly managed, to run the schools four months in the year? To continue longer than four months would be a great waste in most cases. In some schools recently closed I am told that the attendance got as low as six children a day. I ask the people of Yadkin township if they are prepared to pay a special school tax in addition to our regular State and county tax and the special tax now before us, to pay teachers fair prices to instruct six or less little children. Our people are generally dependent upon the products of the farm for what money they handle, and the crops, if cultivated by hired labor, cost about as much as they are worth. Let us stop and think a little while before we decide to take any more burden upon ourselves. I wonder if there are any "pets" somewhere in old Yadkin township who expect to have a finger in the pie, provided the pie can be made? Fellow citizens, let us wake up in time to secure our safety.

Now a word about our county fair. For one, I had thought that we might have a quiet, decent fair, simply to exhibit the industry of the county, but I see at once that horseracing, baseball and other dangerous and demoralizing practices are to be connected with it. Hence I want to suggest that we let it die in infancy. Better die at once than to generate and encourage so much evil. Is not our State fair, as conducted, a shame upon North Carolina? Shall the people of Stokes start out in a similar way? For my part I had much rather the subject be buried so deep that it would never be resurrected than have the fair established with the usual dangers and immoralities associated with it.

P. OLIVER.

Campbell Route 2, March 10—Mr. Tom Mabe is right sick and not expected to live.

Mr. and Mrs. John R. Smith gave the young people of this neighborhood a nice party. The house was crowded full and all enjoyed themselves fine. The people around old Hardbank will miss them very much but our loss is Walnut Cove's gain and we wish them much success in the future.
