FORUNATE MISSOURIANS.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time, he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by all Druggists. 50c and \$1.00. Trial bottle free.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

THE GRAND DEBATE AT OAK GROVE.

Mr. Editor:

Will you allow me a small space in your valuable sheet to say a few words concerning the debate at Oak Grove, May 5th, 1906. On account of a lengthy program the debate was ruled out till a very late hour Saturday night. The Society met in regular order by calling the house to order with the grandest of music and did proceed to business. The grand question was most ably argued by the best talented gentlemen of the community. The question was as follows: Resolved That Woman Suffrage be Allowed. The noble speakers of the affirmative were W. W. Edwards, Reid Johnson, L. W. Ferguson, D. F. Tillotson. On Negative G. W. Smith, W. S. Smith, J. C. Tillotson, J. A. Boyles. Both sides were well represented, and able speeches were delivered by all. The gentlemen of Society drew 12 judges to weigh and give decision according to proof set forth. There were an intelligent audience, house being packed full with the refined ladies which their presence were appreciated by all. Both, speakers and judges, after the subject being most ably argued and serving refreshments the judges with Sheriff took the question for weighing evidence and to decide accordingly, which they did in the ablest manner, returning with the decision, 9 in favor of Negative, 3 in favor of Affirmative. It was very hard and difficult to decide, but close observation did decide as above stated. Even the refined ladies decided accordingly. It has been said by the best man of the community that the debate above named was the best the country could afford for they had some oratorical speeches.

The school closed at Oak Grove but the debating society still stands at the zenith and the eloquent speakers now make every debate a public one.

An Invalid's Chair that Would Suit Mrs. Carroll.

Dear Sir:
Mrs. L. C. Webster has an Invalid's chair that would suit Mrs. Carroll, whose letter appeared in last week's Reporter. The cost of said chair was \$29.00 wholesale. Same has not been damaged in any way, infact is just as good as new, and can be bought for \$20.00. Start a purse through your paper asking for contributions. I will head the list with one dollar. The chair is rubber tired, high grade corduroy upholstery, and is a fine looking as well as a servicable article.

Respectfully,
JNO. G. FULTON.

The Bank Examiner and Vice-President Byerly Visit the Bank of Stokes County—Pres. J. H. Prather and Family Coming.

State Bank Examiner Haywood and Mr. W. J. Byerly, Cashier of the Bank of Mt. Airy and Vice-President of Bank of Stokes County, were here last week and this examining the Danbury and Walnut Cove banks. Everything was found to balance up properly and the books of the two banks in excellent condition. So careful of the interests of the depositors are the laws of North Carolina, that every bank must submit sworn reports of its accounts to the State Corporation Commission five times a year, while the bank examiner makes personal visits once or twice a year and checks up every transaction.

The Bank Examiner expressed himself as pleased with the condition of the two Stokes banks, while Vice-President Byerly was more than encouraged at the steady growth of the two institutions and the loyalty of our people in patronizing them.

President Jesse H. Prather is expected down in a few days. Mr. Prather and family will sojourn two months in a cottage at Piedmont Springs this summer, and a large portion of the time will be spent at the Danbury bank, where he hopes to meet and see more of our people, and renew many acquaintances and friendships of years ago. Mr. Prather was for several years a resident of Danbury.
