We endeavor to conduct our business on the Golden Rule plan. We give a man clothing that will satisfy him and prove to be as represented. Clothing that will cause him to think well of us and make this his clothing store. We give a man clothing that will not make us ashamed to look him square in the face the next time we meet him. We never advertise \$30 Suits at \$4.99 or "The Best Clothing in the World at the Cost of the Buttons." We do business on the square.

Suits, \$8.50, \$10.00,
\$12.50, \$15.00, \$18.50
and 20.00.

WILL YOU JOIN US IN MAKING A FORTUNE?

Nothing so surely offers as large returns as a good manufacturing stock. Probably you do not realize how many people that are enjoying a regular income as the result from investing in manufacturing stocks. There are thousands of them and they are largely those who bought their stock when the opportunity was first offered. To secure shares at a low price before the Company had been fully developed.

Stocks of many manufacturing companies have advanced from a few dollars a share to prices ranging from \$100.00 to \$5,000.00 a share in value and besides have paid back to the investors in dividends many times what they first invested. Many of the Companies are paying from 50 to 100 per cent. in dividends on the first price for stock.

To grasp this opportunity purchase stock in the Empire Machine Company at \$25.00 a share. This Company is in the hands of men whose ability and integrity cannot be questioned, and these men pledge themselves to see that each and every investor in the enterprise receives an equal division of the profits.

CONCRETE.

Concrete has long been recognized as the building material of the future; its development as such is becoming a necessity. That some new material is needed is proved by the diminishing supply of wood, which is estimated will all be cut in 20 years.

Wooden buildings have practically a short life of usefulness and buildings of brick, although, they have a longer life, are subject to weather conditions and will eventually disintegrate. Concrete, on the contrary, when subject to the same conditions becomes stronger as time goes on.

The Empire Machine Company has just been organized as manufacturer of Concrete Block Machines, Concrete Brick Machines, Concrete Mixers, Concrete Fence Post Machines, Concrete Sidewalk Machines, etc.

This Company has been incorporated with a capital stock of \$250,000.00, divided into shares of par value \$100.00 a share, temporary price \$25.00 a share.

Our Machines are fully protected by United States and Foreign Patents. There is over 300 per cent. profit in their manufacture. The demand for Concrete Machinery is rapidly increasing, consequently, this corporation should be able to pay the enormous dividends of 50 or even 100 per cent. a year in the near future. Dividends will be declared semi-annually.

LIBERAL PAYMENT PLAN.

\$5.00 down and \$5.00 per month for 9 months buys 2 shares.
\$15.00 down and \$10.00 per month for 11 months buys 5 shares.
\$25.00 down and \$25.00 per month for 9 months buys 10 shares.
\$50.00 down and \$50.00 per month for 9 months buys 20 shares.
\$150.00 down and \$100.00 per month for 11 months buys 50 shares.
Not more than 50 shares to any one person. Cash plan, 5 per cent. less for cash. Only a limited amount of stock will be sold on the above price and terms.

Send in your application before the price is advanced, or write us for full prospectus, literature and descriptions of Machines, together with our references. Address all communications to
