It's Convenient and Safe to Pay by Check

Get in the habit of transacting all your business through the Bank: It is business-like, and will in the course of a year save you considerable money.

Deposit your money in the Bank, and when you want to borrow, you can borrow cheaper than if you had not been a patron of the Bank.

School teachers' vouchers taken on deposit. We furnish you a check book and you check out the amount at your convenience and pleasure.

We pay 4 per cent. interest on our certificates of deposit, and you will find that 4 per cent. compound interest counts nearly as fast as 6 per cent. simple interest, and the advantage is with us when you consider that when you lend your money to private parties, you can't get it when you want it, but when you leave it with us you can get it back any day or hour you call for it, and thus often have the opportunity to make good trades and at the same time receive interest on your money.
