## W. W. KITCHIN IS NOMINATED

**Chosen On the Sixty-First Ballot After the Hardest Fought Battle Ever Waged In the State--W. C. Newland For Lieutenant Governor--The Other Nominations Made By the Convention.**

Charlotte, June 27.—William Walton Kitchin, of Roxboro, representative in Congress from the Fifth district, was nominated for governor on the sixty-first ballot by the state Democratic convention here this evening shortly before eight o'clock, after Ashley Horne, of Clayton, had withdrawn from the race. The final ballot stood: Kitchin, 473.59; Craig, 381.72; Horne, 1.69. Necessary to nominate, 429.

The nomination came after the convention had been in session for three days, during which time sixty ballots were taken, about an hour being required to take each ballot. Worn out by the incessant work of the convention, sleepless and tired, the men who represent the ninety-eight counties were glad when the end came. Kitchin had been slowly gaining since the balloting started and his men, the radical element, stood by him like the old guard of Napoleon. Each vote that was added stuck. On the last ballot before Horne withdrew he received 399 votes or 24 more than he received on the first ballot. Craig had steadily lost, while Horne's kept about the same.

The Craig leaders would have gone to Horne or the Horne men to Craig long before today had they been able to carry enough of their man's votes with them to nominate the other man. But this was impossible. Early in the game it was found that Kitchin was the second choice of many Horne and Craig delegates. This also explains why the Kitchin men stood as firm as Gibraltar through the trying hours of the long contest.

Following is the result of the ballots taken in the gubernatorial contest at Charlotte, omitting the fractions of a vote:

## THE OLD SOLDIERS' REUNION.

**Mr. Leak Has Something More To Say About It--He Has Orders Not To Enroll Those Who Deserted.**

East Bend, N. C., June 27. Danbury Reporter:

The time is fast approaching when the reunion will come off. I therefore hope the good people of Stokes will kindly aid in making it the best reunion that we have ever had. I am very anxious to know whether you have secured the girls that will ride in the procession. I also would like for the girls to select a young man to ride with them, making a company of thirty-two in all, which will make the procession interesting for everybody. I hope the Walnut Cove band will attend and make music for the occasion. We will have some good speaker to address the crowd, and I am sure the good women of Stokes will prepare a basket of good things for the old veterans to eat; and my instructions from the Adjutant General is to not enroll any man that deserted his post. While that duty is not pleasant to me, if I remain the commander of Stokes I shall have it to do. Therefore I hope those that were so unfortunate as to belong to that class, will not think hard of me for discharging the duties that are required of me, as I have some good friends among them.

Please publish the list of girls and boys who will compose the riding procession, in order that I may know who they are.

JAS. A. LEAK.

[It was the Reporter's understanding that Miss Mamie Leak should furnish the list of the lady riders, and we are awaiting her report. The Walnut Cove band will be with us.—Reporter.]

## AN OLD TIME CAMP-MEETING.

**Rev. D. A. Binkley, of Danbury, Thinking Of Holding One On Danbury Circuit, In August.**

Danbury, June 29.

We have been thinking of having an old time campmeeting somewhere on the Danbury circuit this year, possibly near Delta church or Prestonville, as it was formerly known, beginning about the 14th of August, next, if a sufficient number of people will take part in it.

Every reader of this article who will attend such a meeting is requested to write us at once, stating how many you will bring with you and whether you can board yourself and furnish your own sleeping conveniences, or if you will want board and lodging while present.

Everybody invited without any reference to denomination. If a goodly number respond to this proposition, we will make the necessary arrangements and announce the exact date and place later.

D. A. BINKLEY.

The partial eclipse of the sun last Sunday came as a surprise to many of our people in these parts as only a few had seen anything of it in the papers and it is said that none of the almanacs mentioned anything about it. The eclipse came on about 9 o'clock, lasting until nearly 12. The people were congregated all about looking at the eclipse through smoked glasses.
