OBITUARY.

John Summerfield Davis Adkins was born August 14, 1871, near Pilot Mountain, Surry county. His parents moved to their home at Red Shoals before he was two years old. He joined the Meth-odist church at Davis' Chapel when he was seven years of age, under the ministry of Rev. T. H. Pegram. He was married in High Point, Dec. 29, 1904 to Miss Della Martin, of Pine Hall. On Monday, Feb. 1, 1909, he was thrown from his mule while on his way to Danbury, and fatally injured, so that he never regained conscious-Miss Roberta Page gave the model of the past few days. County Meeting of the Farmers' Union—A Speaker Will Address the People—Secretary E. A. Rothrock Asks a Full Attendance.

AT DANBURY, FEBRUARY 13

Walnut Cove Route 3, Feb. 8th, 1908.

Mr. Editor: As our county meeting of the Farmers' Union is held next Sat-urday, Feb. 13, at 10 o'clock A. M., will be glad to see as many of our good farmers present as can be there.

I am proud to know that the laboring class have become more awakened to the fact that if they expect anything to better their condition they must resolve to come together and unite to work out some plans that they could not possibly do unless they are joined together through the vows of some organization, and it is a surprising thing to me to read the slighting remarks and criticisms of some men in regard to this work. And the time is near at hand when they will see the folly in trying to make men believe that their future prosperity will be brought about by some great money power, and us poor fellows will prosper as the great corporations prosper. Let

J. S. Griffith, a white effect in her body. There is nothing in this work that affords me more pleasure than the favorable reports of the progress of the different local Unions in this county, and I am glad to say that we are not in this organization for NOTHING: It means something to every member and also to his family.

I have the prices on the different brands of fertilizer from our State business agent, and I can see very clearly the members who buy their fertilizer through the Inion will save hundreds of dollars on fertilizer this spring, and it makes me feel good to look at the prices and see what we can save by buying through the Union and we are not going to stop on the fertilizer, but we are going to figure on other things we have to buy. We are having merchants to ask us to figure with them. They don't know where we are go. ing to center our trade and they know if we do our buying through our State business agent that they will miss handling thousands of dollars and they had rather dis-count our bill than for us to do our business somewhere else; and they are wise in trying to capture Mr. Carroll this year, which goes our trade, for in a short time we are going to bring a greater part of the farmers' trade together.
