An Oil Spring Discovered in Wilkes.

It is reported that an oil spring has been discovered on the farm pleased to learn that there is at least one dreaded disease that SAURATOWN MAN IS NARROW has been discovered on the farm of Mr. E. L. Dancy, of Mulberry. Mr. Dancy declares that a skim, of a greasy appearance, forms on the water of the spring and that when a match is applied, it will readily burn. Mr. J. R. Caffey has secured an option on the property cured an option on the property and proposes to have petroleum acting directly upon the blood and

Other Houses sold, 12.327,777 pounds for \$1,233,159,15 BROWN'S Leads Market 30c, Per Hundred. Your attention having been called to the above statement we want to wish you a Happy and Prosperous New Year and to say that for the following reasons Winston is beyond all question the market on which to sell your tobacco: Because it must be brought here, the largest part of it at least to be manufactured, the competition is stronger here, we have more independent factories, more leaf and order men, and that during the very heavy sales last fall prices were sustained and buyers were able to care for all the tobacco marketed.

With this question settled we want to say that BROWN'S is the house where you will always get full market value and that we will use the same energy and judgment this year that made ours the leading house in prices in 1908.

Thanking you for your patronage in the past we ask you to bring us your first tobacco in 1909, and we will make it to your interest to sell with us.
