STEDMAN ON FIRST

LOOKS LIKE SURE THING

The Major Starting With the Big Vote Of His Own County, and Strong Support From Alamance, Durham and Orange, May Win In a Walkover.

Greensboro, May 30.

The chances for the nomination of Major Steadman for congress in this district are becoming brighter every day, and at present with no striking change taking place, Steadman will win on the first ballot with ease. The claims of the Steadman forces are Guilford, more than half of Surry, three-fourths of Alamance, nearly all of Orange, large vote in Durham, and splendid support in Person, Caswell and Stokes, on the first ballot. If Steadman is not nominated on the first ballot, it is almost certain that he will win on the second.

The splendid support Major Steadman is receiving from his old comrades in arms, and ex-Confederate soldiers throughout the district, is very gratifying to him. While some of the counties who have "favorite sons" will give them a complimentary vote on the first ballot, the second ballot will witness a wonderful break to the Guilford man.

The vote of each county in the convention is as follows.

Alamance,	44
Caswell,	18
Durham,	39
Forsyth,	53
Granville,	35
Guilford,	79
Orange,	22
Person,	18
Rockingham,	41
Stokes,	22
Surry,	35

Death of Little Rufus Southern.

Walnut Cove, May 23rd. 1910.—The death angel visited the home of Mrs. Rosa Golden and took from them their little son Rufus. He was sick a long time with typhoid fever and several other diseases. Dr. Tuttle and a fond mother and the family and neighbors did all they could to save him, but could not stay the hand of death. He was born April 25, 1903, and died April 29th, 1910, making his stay on earth 7 years and four days. His remains were laid to rest at Mt. Pizgah burying ground. The burial services were conducted by Rev. Jim Rothrock. Rufus was a very bright and likely boy. He was especially agreeable and was liked by every one who knew him. He will be missed very much by the neighbors and especially by the family. Our sympathy is with bereaved mother and family. He leaves a mother, one sister and two half-brothers, George Bennett and Reuben Golden, to mourn their loss. But we are comforted by knowing their loss is heaven's gain. We miss little Rufus in our Sunday School. He was a faithful and good little boy, and was loved by all who knew him.

SHORT CROP OF TOBACCO.

Insects Destroying Plants—Farmers' Union Men and Primitive Baptists Going Hand In Hand.

Brim, May 29.

Dear Reporter:

Our tobacco plants are very short, and we find after the frost the insects are destroying so many plants that the crop will surely be short. Corn is the smallest I ever saw it the last of May on account of so much cold weather.

We had a load of blocked whiskey to come near us on last Saturday on the Virginia side. It gave us trouble last Sunday. Lots of boys and colored people were tanked up Sunday, with their lip in everything. I was told that the man who sold it was named Smith, and had one leg off, but I don't believe the report. If there are any deputy Marshalls in Patrick county I do wish they would stop that blocking about in Virginia near the line.

I see Brother Hardy kinder hits the Farmers' Union a lick. I hope Rev. Mr. Hardy will not fall out with our Farmers' Union. It and the Primitive Baptists are going hand in hand about here. He must remember the Union has the ups on him. The Union is just a few years old with over 3 million members, and his Primitive Baptist church has now 23 thousand less members than it did when it started or divided. The Union has members all over the United States, and when you go west of the Appalachian Mountain section it is as hard to find a Primitive Baptist as it is to find a buffalo. Come over and join us. Mr. Hardy?

"Mc" Appreciates the Enlightenment of Mr. J. P. Taylor.

Editor Reporter:

I wish to thank Mr. J. P. Taylor for his more elaborate definition of "Government Ownership" as referred to in my recent letter regarding the Tobacco Trust. Perhaps I ought to have gone more into the details and shown what necessary restrictions should be placed around Government ownership so it would not work in these United States like it does in Russia and Japan. I was however under the impression that no one would think it possible that Government ownership with us would be same as it is in those half-civilized and despotic nations. Our people would expect that the Government ownership of The Tobacco Trust would mean the administration of the business somewhat on the same plan as the Post Office business is managed; that is for the benefit of every body.

The government would erect dry prize and storage houses in every township where tobacco is grown, just as now there is a post office or rural route in every neighborhood. All the details of management will be worked out later on when we get that far along. What we want now is to show our people what Socialism stands for. And am glad Mr. Taylor explains as he does the possible difference in collective ownership and Government ownership. Would be glad if Comrade Taylor would go even farther with his explanations. He could be of considerable benefit to The Farmers Union now if he will tell us how Socialism would get at the American Tobacco Co. Would also like for him to tell us how Socialism would reduce the price of school books also.

These things come right home to us, and if Bro. Taylor will enlighten us as to the how of them we will be grateful.

DAVE JOYCE HELD

PLACED UNDER \$500.00 BOND

He Remains In Jail at Winston to Await Federal Court, While Tap and Jack Mabe Return Home Under Bonds of \$200.00 Each. Has Gaston Shelton Fled to Virginia?

Tap Mabe, Jack Mabe and Dave Joyce were given a hearing Saturday before U. S. Commissioner Beckerdite on the charge of illicit distilling and bound over to Federal court under bonds as follows: Tap and Jack Mabe, \$200 each; Dave Joyce, \$500. The two Mabes gave bond and returned to their homes near here Saturday evening. Joyce, unable to give bond, was remanded to jail to await the next term of Federal court at Greensboro. It is thought here that the evidence against Joyce must be quite damaging, judging from the size of bond he is required to give.

Deputy Marshall G. A. Carroll was here again Thursday of last week it is supposed looking for Gaston Shelton, an important witness, who is reported to have run away. Shelton was not found.

Mr. Gray Merritt Entertains In Honor of His Birthday.

Germanton, May 30.—One of the most delightful parties the writer ever attended was given by Mr. Gray Merritt at his home on Rural Hall Route 2 Saturday night, May 28th, in honor of his birthday. There were about 60 people present. Mr. Merritt did not fail in his attempt to delightfully entertain. The guests began to assemble at 6:30, and when all had arrived we were entertained on the lawn for awhile with games. Then the young men selected the young ladies with whom they were to go to supper. We then returned to the dining room, which was beautifully decorated with daisies and ferns. After being delightfully served with lemonade, ice cream, cake and fruits, we then returned to the parlor where we were entertained with string music by Messrs. Sullivan and Merritt. Among those we noticed present from a distance were Misses Ruby Barrow, of Texas; Rhoda Adams, of Walnut Cove; Lucinda Edwards, of Pinnacle; Messrs. J. H. Robertson, Styers, Crews and Clingman, of Winston-Salem. The time for us to go came all too soon, and each one left wishing that Mr. Merritt would soon have another birthday.

ONE PRESENT.

Condition Of Crops.

The dry, cold weather is said to be having an unfavorable effect on the young tobacco crop. Corn, which was seriously injured in some sections by the frost two weeks ago, is needing hot weather and showers. But the wheat crop is looking splendid, the weather conditions being very favorable.
