## OLD MAIDS OF KING

### GIVE ENJOYABLE FUNCTION

Mr. Cling Garner Comes Home From St. Leo's Hospital—Mr. J. S. D. Pulliam to Complete New Home By August 15.

King, June 13.—The old maids of King gave quite an interesting 10c party last night in honor of Dr. Taylor, of Stoneville, which proved quite a success in spite of the rain. About 75 young people gathered on the lawn of Mr. W. R. Keiger about 7:45 and began making ice cream. When the rain began falling they all took their best beaus and retired to the tabernacle to eat cake and cream. All seemed to enjoy the occasion fine. Dr. Taylor is a jolly young fellow, or at least the girls seem to think so by the way one was carrying him around Saturday evening with a load of bananas.

Boys if you want to get set up go to King. For there are plenty of old maids and but a few young men.

Miss Bertha Rumley, of Rural Hall, spent Saturday night in King.

Mr. Cling Garner returned home Saturday from St. Leo's Hospital, where he has undergone a serious but successful operation.

Mr. Ed Caudle and family, of Winston, spent several days with relatives and friends in and around King last week, returning home Saturday.

Mrs. Grover Allen and two little sons, Robert and Frank, of Winston, visited her father-in-law, G. M. Allen last week.

Mr. and Mrs. Rufus Caudle spent Saturday and Sunday at Mr. Sid Johnson's.

The young girls are planning to have a party in the near future. Come ahead, boys, it is the girls' turn to set up, you are out nothing but a good time.

Guess the girls are very blue as Dr. Taylor left this A. M. for his home at Stoneville.

Mr. Jack Gunter is now trying his luck on raising Belgium rabbits. Uncle Jack is a jolly old fellow and we wish him great success.

Mr. J. S. D. Pulliam is preparing to have a new residence erected on West Main St., which will be completed by August the 15th.

"Seventeen-Year Locusts" Due To Appear This Year.

Raleigh, June 10.—The State Department of Agriculture at Raleigh calls attention to the fact that the "seventeen-year locust" is due to appear this year in the region of Raleigh, in Wake county, to the northern limit of the state, and in the counties of Cabarrus, Davie, Iredell, Rowan, Surry and Yadkin.

The insects appear in some places at regular intervals, owing to the fact that there are several broods, and that some of them come every thirteen years, and others every seventeen years—the crop of this year is of the seventeen-year race, it was present in 1893, and its progeny is predicted to come in 1927.

They will not appear everywhere in all the territory named, but only in definite localities. They usually appear from about May 20th to June 20th.

## VESTAL SMITH HURT

### HIS COLLAR BONE BROKEN

Farmers Finishing Up Tobacco Planting—Scribblers Replies to Bob Fox.

King, June 13.

Mrs. Mary T. Wilson, who has been very low with pneumonia fever, is some improved.

Little Vestal, son of Mr. B. N. Smith, happened to a very painful accident last Saturday. While climbing on a chair he accidentally fell and broke his collar bone.

The heavy rain that fell Sunday morning very badly disappointed a couple of the Oak Grove boys. They had planned to attend preaching at Cedar Hill, Surry Co., and everything was in readiness for a nice trip, but when Sunday morning dawned to their great surprise it was raining.

Mr. Ernest Jarrett, of the Volunteer section, attended an ice cream supper last Saturday night, and of course went home with his best girl. The night being very dark and rainy, he got lost on his way home and took up refuge under a log for the night. He says no more ice cream and going home with the girls for him that he will remain at home and read the dear old Reporter.

The farmers of this section are about through planting tobacco since the nice showers that have recently fell. They all have plenty of plants and they could plant an even larger crop than they have already planted, but if the showers last long there will be something doing, as harvest is here and general green is making a fine show. The wheat crop promises to be the best in several years.

Now for a few words to my friend, Bob Fox.

I can't congratulate you on your article of May 16th, but I can sympathize with you very much in trying to claim the honor which was bestowed upon man, by a more higher or divine power. We are aware of the fact that "Love" has many different definitions, which I feel the incompetency of trying to explain, as you have so faithfully done. Now it seems to me from your writing, that for some cause or other, you have a special desire or inclination to dwell on the word love. I find from reading my Bible that wine is a mocker and strong drink is raging, and whoever is deceived thereby is not wise. Now, my friend, please be careful or you will show to the people the way in which you desire to term the word "Love."

Judging from the place in which you are taking up your present abode since leaving this community, and having so great a desire to become a medical student. Now, Bob Fox, bring forth your light from under the bushel, and place it on a candle stick that it may shine bright in this world, that when you have long departed this life that its effects may be as a token or some trace of the great and marvelous works you claim the honors of having done.

Now I hope you will come to some permanent decision and settle down in life, as the people know you have squandered so many of your valuable moments changing from one thing to another.

### SCRIBBLER.

The State meeting of the F. E. and C. U. of A. will be held at the A. & M. College, Raleigh, on July 26-27. The Stokes Union is expected to be fully represented with good men of business qualifications, as it will mean a great deal to the progress of the Union in the county.

FOR SALE—One acre lot lying in King on which is a 3 room cottage with kitchen, stable, wood shed and good out house and good well, also several vacant lots.

## TO ENLARGE BANK

### WORK TO BE STARTED SOON

Material Being Hauled In—Bank's Facilities For Business To Be Considerably Increased—Gratifying Growth of Institution.

Material is now arriving daily for the enlargement of the building of the Bank of Stokes County here. Work is to be started just as soon as the brick are all hauled in from Walnut Cove, and the weather will permit.

It is learned that the Bank's facilities for business will be largely increased by the new additions to be made. A handsome plate glass window will be put in, while up-to-date fixtures will be installed. A room in the rear for the convenience of the directors, and which will also be used by depositors and patrons who desire to transact business of a private nature, is to be built.

Practically the same improvements are to be made to the Walnut Cove bank building. When completed it is expected that the facilities of the Bank of Stokes County will be as up-to-date as those of any bank in this section of the State.

It is very gratifying to know that the steady growth of the Bank's business has made these improvements practicable.

### MIZPAH NEWS.

Candy Stew In Honor Of Miss Annie Blair—Mrs Lillie Thornshoro Recovering From Operation—Other Items.

Mizpah, June 13.—Mrs. Lillie Thornshoro, who has just undergone an operation at the Twin City Hospital, is reported to be doing nicely.

Mrs. Nealie Tedder, who has been suffering for some time with rheumatism, is slowly improving.

There was a candy stew at Mr. J. P. Smith's Saturday night, given in honor of Miss Annie Blair, of Danbury. There was a large crowd there, and all seemed to enjoy themselves if it did rain.

There was to have been a birthday at Mr. H. C. O. Hall's last Sunday, but the rain knocked everybody out. "Uncle Bob" says the laugh is on everybody but him. Doesn't look like he would be so glad that they didn't surprise him, for he missed all those good eatings.

Crops are looking fine in this section. Most of the farmers are done setting tobacco, and some have cut some wheat.

The recent rains have done much damage to the freshly plowed lands.

### "PATIENCE."

Sunday School Day at Oak Grove. (Continued from last week.)

He divided his discourse into three parts, making two classes of people to be dealt with and then put the two classes together, thus forming the third class. The first class which he so plainly described was the fathers and mothers, it being their duty to prepare themselves and go to Sunday school and to prepare their children and take them too, and he said that it was the duty of the children to go to Sunday school and by this act be obedient to their parents and to the teaching of the scriptures. Brother Johnson's words were as a fine mist and they did cover the entire audience and captivate the understanding of every one present.

At 2:00 P. M. Every one present was invited to take part in the Sunday school. They were divided into three classes: the advanced, intermediate and primary. The teachers in charge were, W. L. Smith and Prof. C. H. Johnson advanced class, Hattie Smith and Mrs. Mary J. Smith intermediate class, and Mrs. Hattie Smith for the primary grade. For twenty minutes the classes were permitted to discuss the lesson then the classes came together and the superintendent took charge of the review, which lasted for thirty minutes.

The remainder of the program was as follows:

## THE POLITICAL POT

### NOW BOILING IN STOKES

Democratic and Republican Candidates, and Gossip On Both Sides—Next Few Months to Be Spicy in Political Circles—R. L. Haymore Wanted By Republicans For the Senate.

The next few months—from now till the election in November—political circles in this county will be animated with life.

Notwithstanding the fact that the Republicans have been in possession of the offices for about a quarter of a century, with characteristic vitality Democratic candidates are bobbing up all around. There is a strong belief in many parts of the county that the Democrats, if thoroughly organized and put in trim for fighting, could win this fall. The people are talking more about Sheriff than anything else—as the Sheriff's office is always the center of attraction for the politicians. Recently a new man has been mentioned for this popular office, and one that many people believe could beat Charley Jones to a finish. This is Joe Carter of Pine Hall. Joe is a young fellow with plenty of grit and vim, and is a natural born vote-getter. Others mentioned are E. C. Sheppard, of Lawsonville; J. C. Frans, of Big Creek; Will Bowles, of Walnut Cove; Bob Lawson, of Lawsonville; L. M. McKenzie, of Germananton. All of these are good men, and either of them would make the Republicans sit up and take notice. The Sheriff's office pays about \$2,000 a year and is quite a nice plum.

The hottest fight among the Republicans is for Treasurer. The woods are full of candidates. Messrs. G. W. Neal, J. E. Tilley, W. M. Mabe, Hilary Tuttle, T. S. Petree and others will enter the lists. The Treasurer's office is really one of the most desirable of the offices, as a person can hold it and conduct his farming operations at the same time, not being compelled to live at the county seat. It pays about \$700.00 a year.

The Reporter man learns that R. L. Haymore is the choice of the Republicans for the Senate, if Surry must have the naming of the candidate this time. Mr. Guy Carter, of Dobson, has been mentioned, but will not be in it with Haymore. Mr. Haymore is a lawyer at Mt. Airy, and has strong personal friends here. He used to practice in the county.

The Stedman-Jones-Mebane-Royster campaign is quite dull. But little interest is shown in the contest, and each of the candidates for Congress will have some strength in the county. It does not in any degree resemble the three-cornered scrap two years ago, when the friends of Messrs. Brooks, Reid and Buxton canvassed the county.

Death of Former Danbury Boy. Mr. Ollie M. Rierison, of Winston, died at his home there Wednesday night of tuberculosis.

Mr. Rierison was the son of Tony Rierison, who was a citizen of Danbury up to the time of his death some years ago. Ollie left here a number of years ago and was for some time employed by the Fries Manufacturing and Power Company at Winston in the capacity of street car conductor. Recently he has been a member of the firm of Rierison & Jones, tailors. Mr. Rierison was an estimable young man and had only been married for two years. His wife, mother and one brother, Mr. J. W. Rierison, survive him.

Pension Board to Meet July 4. Major W. S. Ray requests the Reporter to announce that the Stokes County Pension Board will be in session on Monday, July 4. All applicants for pensions will remember the date and be present.

The Mayo Cotton Mills Company, at Mayodan, has filed a charter amendment with the Secretary of State providing for an increase of capital to one million dollars, thereby increasing the capital \$700,000.
