## VOTE FOR STEDMAN

### HONOR THE EX-CONFEDERATES

Probably the Last Opportunity that Will Ever Be Offered to Honor the Thin Gray Line.

To the Voters:

Tomorrow we will have an opportunity, and probably the last that will ever be offered of a thin, gray line of survivors of a cause, though lost, yet one whose memory should remain forever green in the hearts of all true Southern men. This State, whose boast is that she sent more soldiers to the war than any other Southern State; whose greater and prouder boast is that she was "First at Bethel; farthest to the front at Gettysburg and Chicamauga, and last at Appomattox," now appears to be again first; but first in failure to honor the truest, the bravest, and most self-sacrificing men that ever shouldered musket or fought for altar and fireside.

It is true that North Carolina with jealous haste has erected monuments to mark where the "Tar Heel" stood and stuck when balls were crashing through the bones of her men like hail pattering on a window pane; it is true that she has marked where her brave sons fell at Gettysburg; and it is true that she has erected a monument to mark the spot where her men fired their last volley at Appomattox. She honors her dead and boasts of their glorious achievements. But what is she doing to honor those who are left of that immortal band? It would touch a heart of stone to view them as they march each year to the cemetery to place flowers upon the graves of their comrades who fell in that glorious cause. How much better that we scatter flowers in the paths of the living! Will the people of this district not remove the disgrace that rests upon this grand State, and place in Congress a man as brave as Richard, the lion-hearted, a Chevalier Bayard, a man whose every heart-beat is true to Carolina and her traditions? The name of Stedman should arouse you. Remember the old soldier, remember your duty! "Lord God of Hosts, be with us yet, lest we forget, lest we forget." —B. B. Bouldin, in Greensboro Record.

## SAFEST IN THE BANK.

It Is Easy, Convenient and Business-like to Pay Bills By Check.

At Lynn, Mass., last Friday John L. Landrigen drew \$4,000 from the bank to pay some large bills, and shortly afterwards was shot dead and robbed of every dollar of the money. It is most business-like and always the safest to pay all bills by check. We receive any amount on deposit from \$1.00 to \$10,000, and furnish nice check books free. We send you all your paid checks at the end of the month, together with a statement of your account and balance due you.

If you do not want to use your money for awhile, we pay you 4 per cent. interest compounded every 3 months.

### Enough to Make a Spider Shed His Hoofs.

Dear Miss Dora:

The more I think of you the more I love you. I cannot see how anyone could hate you. You have always been to me an honest, faithful friend, and I hope my love is not an object of contempt. It is true I once said I would never marry, but that was before I loved you. That assertion you know was uttered in a bragging manner. In fact naught but a lie, and I don't know why I made it. If I could ever pluck up enough courage to offer you my hand, I know very well you would be surprised, and I doubt if you would accept it. I don't think I could listen to a refusal from your lips, and thus make my whole life miserable. To die without ever expressing my love for you would be preferably to that.

If you write to me I shall be very happy, but if you do not I shall be miserable and gloomy, for your letters are a source of pleasure, and a failure to get them always make me feel like committing suicide.

FRED.

The latest catalogue of the Agricultural and Mechanical College shows remarkable progress. The total enrollment was 570—a gain of 124 over the year before. One hundred and eighty-two of these were agricultural students. In addition twenty-seven teachers attended the May school to equip themselves to teach agriculture in the common schools. Three new buildings have just been completed and a fourth is now under construction. The faculty for the coming year will number fifty technical experts. The next session will begin on Sept. 7th.

For Treasurer.

I hereby announce myself as a candidate for the office of Treasurer of Stokes county, subject to the action of the Republican county convention to be held July 23rd, 1910.

### The Stokes County Fair.

It is now time to begin to think and finish our plans and go to work for the Stokes Fair, which is only about three and one half months. It is time to get busy if we wish to make a special effort in one or all departments. It is not only the pleasure we get out of a fair that urge you so to partake, but we are benefited so much and it is a part of our education. We gather so many new ideas that we may compare with ours, and then produce one to excel all. The fair is a grand thing for the farmer, it serves as an institute wherein they have an opportunity to learn much in the agriculture line. They have before them the finest specimens of seeds, also the very best methods of farming explained to them. This is not only true with the farmers but other lines have an equal chance because at a fair we see the finest of fine stock of all grades, also the poultry man picks up many fine features that will be of much benefit to him in his line of work.

One word to the ladies: The fair at King, N. C., has been complimented on the artistic work of the ladies of the Stokes county. You have given us a pleasant display of your work and how we have longed for the many desirable things in the canning jellies, preserves, bread, butter, cakes and oh! so many good things now give us a fine display this fall. All the ladies of Stokes help to make this a successful fair. We all can help some I know, the ladies will work, now boys let's go to work and be on time with our displays. We will if we try learn more than enough to pay for all of our trouble preparing for the fair.
