**OF OFFICERS OF THE LAW**

**Blockading and Retailing Going On Near Smith in Upper Part of Stokes, Which Interferes With Public Worship—Appeal to Stokes Authorities.**

Hartman, Aug. 29.  
Editor Reporter:

I have been requested by the good Christian people along the State line to write a few lines to your paper against the liquor wagons that are doing business in the upper parts of Stokes. There is some blockading also. The people ask for protection through your paper to the officers of the law. There are from one to two loads of liquor every Saturday and Sunday doing business up and down the State Line road, and the people say they cannot have any preaching hardly for the drunkenness around, and they want some of the officers to attend along the State Line roads every Saturday and Sunday near Smith, N. C., and they said they did not want their names to it, but you can use my name if you wish to.

Yours respectfully,  
A. T. OVERBY.

**DEMONSTRATION CORN.**

**Mr. W. P. Ray's Patch Exciting Wonder and Enthusiasm—The Commissioners Urged to Appropriate For the Extension of the Work.**

Mr. W. P. Ray has the thanks of the Reporter for a number of the finest tomatoes we have seen this year. Mr. Ray is one of our best farmers. He says his "demonstration" acre of corn is looking beautiful, and will yield handsomely. There is a freak stalk in the patch which many have viewed with curiosity. It is a forked stalk. The plant runs up about four feet and then prongs, each branch being well developed and each bearing an ear of corn. Mr. Ray planted 18 inches apart, rows 4 1/2 feet between, harrowed twice and cultivated four times. He has fertilized but lightly. On 180 stalks, 320 ears were counted. Mr. Ray says the number who will try the improved plan of corn growing next year is large. The people are enthusiastic over it, and want the commissioners to be sure to appropriate for the extension of the work in the county.

**DEMOCRATIC RALLY**

**AT SPRAY NEXT MONDAY**

**Governor Kitchin and Major Stedman to Speak—Big Procession, Brass Band and Picnic.**

Leaksville, N. C., Aug. 31.—Plans are being perfected for the greatest Democratic rally ever conducted in Rockingham county to be held at Spray on Labor Day, September 5th.

Governor W. W. Kitchin and Major Chas. M. Stedman, candidate for Congress, will make their first speeches of the campaign on this occasion, and both will make what can be termed "key note" speeches of the campaign. The citizens of Leaksville township under the leadership of Dr. J. B. Ray, chairman of the precinct executive committee, are planning to entertain an enormous crowd of people.

It is probable that Governor Kitchin and Major Stedman will go to Spray from Reidsville, leaving that point at 8 o'clock and arriving at Spray at 10:30. There will be a mammoth procession from Reidsville to accompany them. Processions from Madison and Stoneville will also join the Reidsville party and a brass band will enliven the occasion with patriotic airs.

If weather conditions are favorable the speaking will be in the park, if there is rain ample quarters under shelter will be provided. The citizens of Leaksville

township invite the people generally to attend this important meeting and participate in the exercises of the day. Come and bring your dinner and spend the day and see that your neighbor comes also and brings his dinner.

J. T. OLIVER.

**Error Corrected.**

In the article regarding the Farmers' Co-operative Demonstration work, published in the last issue of the Reporter, by Mr. W. A. Petree, an error occurred with reference to the number of men engaged as agents in the work. It should have been 375, instead of 275. The mistake was typographical.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.
