

STOKES COUNTY FAIR

MUCH PREPARATION GOING ON

The Premium List Amounts to \$600—Some of the Attractions that Will Be Seen—Special Railroad Rates.

King, N. C., Oct. 3.

The town of King is a very busy place at present. Everybody making preparations for the big Stokes County Fair which will be pulled off here October 18th, 19th, and 20th. The premium list amounts to \$600.00. Already a large number of attractions have been booked, among which are the Old Plantation Show, Merry-Go-Round, Shooting Gallery, Doll Rack and many others. The Association has contracted with Herrguth Bros., of Leslie Mich., for a balloon ascension each day of the fair.

Special arrangements are being made by the boarding houses and private families to take care of the crowds that attend the fair this year. From present indications the agricultural exhibits will far exceed those of last year. The ladies are making special efforts in their department, which promises to be something well worth seeing. The stock and poultry departments also are going to be so good that you will regret if you miss this the greatest fair ever held in Stokes county.

The secretary is daily receiving letters from parties in all parts of the country who want to come with their shows and other attractions. Now you just can't afford to stay at home and miss all these sights while everybody else is taking in the big fair and having barrels of fun. If you miss the great Agricultural and Live Stock Show you will always regret it.

The association is putting the grounds in nice order, and having enough nice seats arranged to accommodate the crowds that visit the fair. Last year's exhibits were extra good, but the people of Stokes will show you this time what Stokes county can produce in the line of agricultural products and that the nimble fingers of the fair sex accomplishes in the art of embroidery, drawn work and dress-making, etc.

The railroads give special rates and stops of trains and are expected to operate a special train out of Winston-Salem on

Oct. 20, in order to give all from that point a good opportunity to come.

Save your money for the Stokes County Fair. Come and spend three days with us and you will never forget the pleasure you had October 18th, 19th and 20th, 1910.

Here Is One Way Good Roads Pay.

Messrs. Editors: About fifteen months ago we people of Franklinton Township voted and carried by a small majority a good road law: That the township of Franklinton issue bonds to the amount of \$40,000, to be spent on the roads. Now we have about 25 miles of the best roads in the State. I live on one of these roads three miles from town and go to town twice a week.

I carry with one horse all that my wagon can hold up. It takes me about 30 minutes to carry a load to market now, where it used to take me one hour to carry half a load on the old mud road, and I don't come home muddy and wearied from leading my horse and abusing the overseer.

I go to town about 104 times per year gaining half the time, making 52 hours each year. I carry about 60 loads each year and gain half in each load, making 30 loads that I gain. I also gain about four days each year on working bad roads, and I find that our little farms have greatly improved since those good roads have been built.

I have known but one class of people to suffer from good roads and that is the wood-workmen and the blacksmiths, as we have no broken down vehicles now.

"Cardui has surely helped me and built me up and I am so thankful that I have found something that will do me good. I feel so much stronger, and better than I have in a long time."
