The Day of Miracles Is Not Over, According To Case of J. G. Southern

Well Known Primitive Baptist Elder Miraculously Cured Of Pellagra--Attributes His Restoration to Prayer.

Elder Joel G. Southern a few weeks ago was pronounced hopelessly ill of pellagra by some of the most eminent physicians in North Carolina.

Monday last Elder Southern called at the Reporter office while on his way home from filling some Sunday appointments in the Northern section of the county. He appeared to be the picture of health, and carried with him his accustomed air of cheerfulness. In response to the Reporter's questions, Elder Southern stated that he had entirely recovered from pellagra, with which desperate disease he has recently been afflicted. He had been examined by a number of physicians of this county and of Winston-Salem and other places. The symptoms were unmistakable, and Elder Southern's friends never expected to see him well again. He was stricken with pellagra, the new fatal malady.

But the preacher never once lost hope. After passing through the most painful illness, lasting over a period of several months, accompanied by the intense depression of mind incident to the hopeless disease, he at last found himself well again. Elder Southern attributes the almost entire restoration of his health to the power of prayer. He never once lost faith, he says, in his ultimate recovery, constantly praying to this end, while his friends also came in and offered up their petitions.

Elder Southern does not believe that either the days of miracles or of answer to prayer are over, but is convinced that the Spirit of God is today as all-powerful as in the days of the Apostles.

Whatever causes may have intervened to bring Elder Southern back to his usual health and buoyant spirits, his many friends are certainly delighted to see the change.

Busy Town At The Junction of Two Railroads Takes on Something Akin to a Boom--Real Estate Market Bullish.

Walnut Cove is enjoying a strong, healthy growth. Nearly every week marks the arrival of new citizens, or the establishing of a new enterprise. The latest is that of Mr. J. Wesley Morefield, a prominent merchant of Sandy Ridge Route 1, who has bought two lots of Sheriff C. M. Jones, upon one of which he will erect a mercantile house and on the other a dwelling. Mr. Morefield has four daughters in school at Walnut Cove, and it is largely to get the benefit of the excellent school advantages of Walnut Cove that he has decided to move. It is learned that Mr. Morefield will rent a portion of the J. S. Taylor house (formerly the W. A. Lash residence) until he can build. Mr. Lester B. Morefield, who at present conducts a store on Campbell Route 1, we are informed will move into the place to be vacated by his father, J. Wesley Morefield, on Sandy Ridge.

The new \$6,000 hotel of W. G. Dodson has been finished and is now open to the public. His hotel is equipped with water works, baths, and modern conveniences, and will be a credit to Walnut Cove and the county. The Cove Hotel, which Mr. Dodson relinquishes, has been leased by Mr. Levi Lackey, late of Madison, and its service to the public will be continued. These, with the Central Hotel, conducted by Mrs. W. P. Landreth, give the Cove excellent hotel facilities.

Recently the Bank of Stokes County has enlarged and greatly improved its quarters, with the addition of a directors' room in the rear and modern fixtures.

The big Dry Prizery of the Farmers Union is nearing completion, and will soon be ready for the storing of leaf tobacco. The machinery alone in this building cost about \$6,000. The establishment will give employment to a number of people, and will be one of the most important commercial concerns of Piedmont North Carolina.

The Stokes County Union Warehouse Company will be in charge of five of the biggest farmers and most prominent business men of the county, viz.: J. C. Frans, of Westfield; D. F. Amos, of Sandy Ridge, is Secretary and Treasurer.

A movement is on foot to secure a union depot. Petitions have been circulated and it is very probable that the movement will succeed.

A big horse and mule company has been organized and will erect a large livery and sale stable the first of the year. A number of the strongest men of the county are behind the enterprise, whose names will be given later.

Bennet & Murry have bought a lot and will build a store house at an early date.

Handsomeness Yields of Corn By Five Bright Boys of Quaker Gap

Lee P. Frans Leads With More Than 87 Bushels to the Acre--What Scientific Farming Under Demonstration Methods Is Doing For Stokes County.

Lee P. Frans, of Westfield Route 1, 87 1/2 bushels on one acre. Eugene Forrest, of Francisco, 57 1/2 bushels on one acre. Sam Forrest, of Francisco, 53 1/2 bushels on one acre. James Blancett, of Peter's Creek Route 1, 49 bushels on one acre.

The above results show what has been done this year by five bright and energetic young farmer-boys of Quaker Gap Township.

There are several other boys in the county who contested for prizes in corn growing under Demonstration methods. These have not been heard from yet.

All of the above mentioned boys are quite young--none of them, we understand, being over 16 years of age. All followed the Demonstration plan.

Mr. J. B. Woodruff will build a brick store house on the west side of Main Street on the lot where his building was burned in the late fire.

A northern company is investigating the coal deposits on Town Fork, and has a modern boring machine at work.

Mr. J. Will East has recently sold his farm near town, and will build in Walnut Cove.

Mr. A. W. Davis has purchased a lot from Sheriff C. M. Jones and will build a handsome residence thereon soon.

On the 15th, 16th and 17th of December a big lot sale will be pulled off. Some of the choicest building sites in the city will be sold at auction. A large crowd will doubtless attend this sale, which will be of interest not only to home-seekers but as a matter of investment. The property to be sold belongs to Sheriff C. M. Jones, who lately purchased it of Mr. J. S. Taylor.

The recent completion of the Southbound railway puts Walnut Cove on a through trunk line, and gives it an importance well justified by its sound and rapid growth.

Keep your eyes on Walnut Cove. It is going to be a city.
