

PRES. NUNN WRITES

ABOUT THE FARMERS' UNION

The First of a Series of Letters Promised the Reporter—Calls On Members To Stand By Organization.

Westfield, N. C., Jan. 24.
Mr. Editor :

With this issue of the Reporter I will commence the series of letters I promised your paper. I am just back from a trip through Rockingham county, in the interest of the Farmers' Union. The Union is growing fast down there, and we have had the pleasure of initiating some of the county's best farmers.

We held a good meeting in Winston-Salem 13th. Fifteen or twenty tobacco counties were represented there, and if the members of the organization will carry out the resolution adopted at that meeting we will be able to handle the entire 1911 crop of tobacco grown in this state. Are we going to do it? It remains to be seen, but I believe that we are going to stand together better than ever before. The brightest future awaits the farmers of the tobacco counties that they have ever faced. With Kentucky, Missouri, Ohio and West Virginia all standing together and declaring for a pool of tobacco in 1911 and North Carolina and Virginia coming together with one grand understanding about pooling, handling, grading and pricing our tobacco. I can't see why any union man should get discouraged, and then again we have at last solved the fertilizer

question that has bothered us so long and taken up so much time in our county meetings. All the locals in my section are making arrangements to pay cash for fertilizer and home supplies this spring. Just how it is done cannot be told in print, but if any local wants to know how and will write me, enclosing a self addressed, stamped envelope we will write you giving you full details by return mail.

Our members at Brown Mtn. are paying up fast, and we will soon have a strong lodge there again.

Now, Mr. President of each local in Stokes, we want you to please get busy and see if you can't get each one of your members to pay up his dues and get in good standing with the local again. If every President and Treasurer of each local in the county would make a special effort to get each member out and pay up his back dues and also for this year in advance, we feel assured that we would indeed have the strongest and best organized county in the state. Will you do this?

Have a box supper, get up an entertainment, get a man from some other section to make a speech for you, have regular subjects to discuss in your locals and it won't be long until we will have twice as many members as we have now. I know that in most of the locals that all or most all of the members are in good standing, but there are a few Presidents that are letting their locals drag along any old way, and it is to these that this part of my letter is dictated

We are on the eve of success, are we going to continue the struggle until victory is ours, or will we sit still and expect the other fellow to do our work for us. If we do not work in union we need never expect to gain our ends, but if each man will do his duty and help to pull, work and lift the day will come when we can say, we have fought a good fight, we have kept the faith and the victory is at last ours. Think what a blessing that will mean to our children and our children's children. It will mean there is coming a day when our children will be free from that ignorance that is a curse to us. It will mean that they will be free from the galling yoke of financial tyrants, and will be able to think and act for themselves. It will mean that they will be free from those human favorites, known as the middle men, who are non-product-

ers yet get more for their work than the ones that produce. But before our organization is a complete success we must live at home, and use our own home supplies. Let each union member resolve that he will reduce his acreage in tobacco this year and will increase his acreage in corn.

We call ourselves farmers and then can't raise enough on our farms to supply our wants each year. We ought feel ashamed and we are beginning to feel that way too, so lets resolve we will turn over a new leaf this year.

Fertilizer time is now upon us again. What are you going to use this year? Are you going to continue to buy that 8-2-2 with its rock, dirt and sand, or are you going to be wise this year and buy the chemicals and mix your own fertilizer? Mix it by all means. I have talked with many men on this subject, who have been using nothing but chemicals and they are getting good results, and why not us?

My next letter will be on what I have seen in my traveling in North Carolina. I will describe my visit to Mr. A. L. French's and what I saw there.

The editor of the Reporter says that if the brethren of the county will write articles pertaining to the organization for the Reporter that he will give us one or more pages for our special use, so now come on brethren and let's write something. Write and tell how your local is getting along, what you are doing to build it up, how many members you have and anything that will be of interest to our members, and above all don't let that local drag.

Yours fraternally,
R. L. NUNN.

A SPLENEID TONIC.

Cora, Ky.—Mrs. Iva Moore, of this place, says, "I was so weak, I could hardly walk. I tried Cardui, and was greatly relieved. It is a splendid tonic. I have recommended Cardui to many friends, who tried it with good results." Testimony like this comes unsolicited, from thousands of earnest women, who have been benefited by the timely use of that successful tonic medicine, Cardui. Purely vegetable, mild, but reliable. Cardui well merits its high place in the esteem of those who have tried it. It relieves women's pains, and strengthens weak women. It is certainly worth a trial. Your druggist sells Cardui.

Mr. Robert Kiser, of Meadows Route 1, was in town yesterday.

AUCTION SALE

"1847

ROGERS BROS.

SPOONS, FORKS, KNIVES, Etc.

have been made for over fifty years, steadily gaining in character of design, finish and general popularity, but best of all, the good old "ROGERS" quality has been maintained. It would be hard indeed to improve upon the wearing qualities first exhibited by this brand, and which have made "1847 ROGERS BROS." the most famous of all silverware. Do not experiment by trying something that has not stood the test of time. Buy goods which have a well-known and well-earned reputation, and you run no risk. There are other "Rogers." The original and genuine are stamped "1847 ROGERS BROS."

Sold by leading dealers everywhere. Send to the makers for catalogue No. "C-17" containing newest designs. Ingersoll's Silver Co., Successors to MERIDEN BRITANNIA COMPANY, Meriden, Conn.
