HAW POND SCHOOL

CLOSES WITH ENTERTAINMENT

An Interesting Program Rendered By the Pupils Last Saturday—Good Music, An Excellent Dinner and A Fine Time.

The Haw Pond public school on Germanton, Route 1, taught by Mr. G. C. Davis and Miss Ruth Pringle, came to a close Saturday with a nice entertainment. Owing to the fact that it was a busy season with the farmers the crowd in attendance was not very large—nothing like such an entertainment deserves, for it was easily seen that the enterprising teachers had spent a great deal of time and gone to much trouble to get up the excellent program.

The exercises, which consisted principally of disks and recitations, were held both in the morning and afternoon, lasting about five hours. The porch of the school building was used as a stage, having been nicely curtained and decorated with cedar and other evergreens, with two large U. S. flags on the corner posts. A string band occupied one corner of the stage and rendered lively music between each number of the program.

A recess of an hour was taken at noon and dinner was served picnic style on the grounds. The writer had the pleasure of eating with the family of Mr. W. J. Johnson, and it is needless to say we fared sumptuously.

Probably the most interesting feature of the entertainment and the one that attracted the most attention was the marching by the pupils both in the forenoon and the afternoon. This was done on the large and well-kept campus of the school, and many intricate and difficult figures were executed, one of which was the spelling of the name of the school, Haw Pond. In doing this figure the letter was formed at a time, the whole school being engaged and forming a letter probably 100 feet long and 50 feet broad. It was very interesting to watch them form one letter after another without a single error. All of the young ladies and the little girls were dressed in white and they presented a very pretty appearance.

The pupils exhibited every evidence of having been thoroughly trained. The marching was done to the time of music furnished by the band.

The singing by the school was specially good. It was quite a touching scene at the close when the entire school, including the teachers, came on the stage and sang "God Be With You Till We Meet Again." After the song the audience was dismissed with a very earnest prayer by Rev. W. H. Wilson, of Greeneboro.

Music for the occasion was furnished by the band and piano, which race is sufficient assurance that it was first-class.

TO CUT OUT TOBACCO

JOSEPH R. SMITH QUIT.

Big Farmer of Patrick County Carries His Last Load of The Narcotic To Market—Says There Is No Profit In It—A Strong Union Man.

Mr. Joseph R. Smith, who lives just over the line in Patrick county, near Smith postoffice, was a visitor at the Reporter office yesterday. Mr. Smith

was on his way to Winston with a couple of loads of tobacco and he told us that it was the last he ever intended to grow. His

reason for "cutting out" the weed is that there is no profit in growing it. Mr. Smith owns four hundred acres of fine land and has heretofore grown large crops of tobacco, though he always grows his own home supplies as well.

Mr. Smith is a strong Farmers' Union man, and while he has quit growing tobacco himself he says he expects to do all in his power to help those who do grow it to get better prices.

We have had nice weather out here up till last week, when it began snowing. The snow is about 5 inches deep now, and it is fine for the farmers of Colorado. We have not had any rain in eight months.

I would like to see a letter from Francisco in the Reporter.

The Stokes teachers are receiving their money now, many of the schools having already expired. The Bank of Stokes takes the vouchers on deposit.

Some teachers place the whole amount of their salary in the Bank, taking a certificate of deposit which bears 4 per cent interest, compound, every 3 months. Others place a part

on interest, while a part is placed subject to check. The Bank arranges anyway to suit the pleasure on fancy of the teachers.

DEAFNESS CANNOT BE CURED

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous-lining of the Eustachian Tube.

When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

BLUE EYES.

Obituary.

Ila Bell Slate, daughter of James Slate, was laid to rest in Friendship cemetery on the 16th inst. She was one year and 8 days old. It was sad indeed for these fond parents to part with the dear daughter, but the hope of meeting her again in the new resurrected state cheers their hearts. None but those who have given up their children can realize how hard it is to tear ourselves away from the cold grave, never to see the little one again on earth. May the Lord comfort and bless the parents and guide the surviving children, so that there may be an undivided family in Heaven.
