ORDER YOUR FERTILIZER NOW

Pres Nunn, of the Farmers Union, Advises Members To Place Orders Early—Wants Union Men To Experiment With Chemicals.

Westfield, N. C., March 9.

Bro. Editor:

Now is the time for all the members of the union in Stokes to complete the plans about spring fertilizers, and I want to warn the members to be on the lookout for traitors. Each local should get together and make out its orders for fertilizer and send them in to your agent which you have elected to handle fertilizer at each station, and if you find one or more of them not doing his duty just turn him down and elect another man. Now, don't wait until just before you get ready to use your goods before ordering, but get them up right now, and send them in, for if you do wait I assure you that some one will again be disappointed and then blame the union with it when you are to blame yourselves. Now, don't make a mistake, but get up your orders and take or send them to your agent and insist that he makes all necessary arrangements to handle same and if he won't get busy get you another man.

Now, a word to you agents. Your brethren placed enough confidence in you to elect you to this important place, and then if you fail, it will mean that the organization will be injured. But I feel assured that each union man in Stokes will do his duty. If he don't he ought to be kicked out of the organization.

Each member should try some chemicals this spring. In my judgment all together would be the best, but if you don't want to risk them under your entire crop, by all means try a few. There is nothing like experimenting for yourself to find out what you need. So, let's all of us try a few.

Yours fraternally,
R. L. NUNN.

ON KING ROUTE ONE.

Mr. T. W. Gentry and Sister Entertain their Friends In a Royal Manner.

King Route 1, March 13.—On last Saturday evening the writer had the pleasure of attending the social event given at the home of Mr. R. G. Gentry on King Route 1, when Mr. T. W. Gentry and sister, Miss Emma, were at home to their friends from 6 o'clock until 10 P. M. in honor of their friends, Messrs. Nomie and Charlie Boyles, who will leave in a few days for Illinois. In the parlor and dining room potted plants were tastefully arranged. Wine and fruits were served in the parlor, while in the dining room a three course luncheon was served in an elegant manner.

During the evening games were indulged in, while the strains of the violin would occasionally fill our ears. The time to take our departure came all too soon. Bidding our hostess good night and wishing they would entertain often, everyone expressed themselves as delighted at the manner in which we had been entertained.

A FIERCE NIGHT ALARM

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O. [R. R. No. 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by all Druggists.

PLEASING GROWTH

BANK OF STOKES PROSPEROUS

Pioneer Financial Institution Making Steady Progress—A Tremendous Factor in the Upbuilding of the County.

The growth of the Bank of Stokes County, our county's pioneer financial institution, is very gratifying to the Bank's friends and patrons. A late statement issued by the Bank reads like this :

ASSETS.

Loans	\$ 74,269 88
Banking Houses	2,873 53
Furniture and Fixtures	2,712 02
Overdrafts, secured	539 72
Cash on hand	49,808 54
	\$130,203 64

LIABILITIES.

Capital, Surplus and Undivided Profits	\$ 13,070 58
Deposits	117,133 06

\$130,203 64

The Bank calls special attention to its cash reserve, probably larger in proportion to deposits than that of any other bank in the State; to the steady rise of deposits, showing a growth of nearly 25 per cent. in twelve months, and to the continuous increase of the Surplus Fund, this being the amount left over from the net earnings, and undivided, being similar to an increase of the capital.

The people are more and more learning that every dollar sent away from Stokes makes our county one dollar poorer, and that money kept in other counties, where it is invested by other bankers not always to the best interests of Stokes people, is not conducive to the development of Stokes county trade and enterprises.

The Bank of Stokes County is destined to be a tremendous factor in the future upbuilding of our county, and for this reason especially it deserves the support of every Stokes citizen.

Poe Back From World Tour.

Mr. Clarence Poe, editor of the Progressive Farmer, is just back from his tour of the world during which he traveled more than forty thousand miles by steamer, railroad, rickshaw, donkey, elephant, sedan chair and other means of transportation.

It is a notable fact that during his trip he saw only one human face he had ever seen before. This was Miss Sarah Cheshire, daughter of Bishop Cheshire, of the diocese of North Carolina, whom he saw in Wuchang, China, where she is in the missionary service. Mr. Poe declares that his trip has brought him to realize more than ever the tremendous privilege of being an American. A sad feature of his homecoming is the death of his mother who passed away this week at the old Poe home in Chatham county.

ATTACKS SCHOOL PRINCIPAL.

A severe attack on school principal Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at all Druggists.

A.

Sarah R Gordon.

Sarah Gordon was born Nov. 3rd, 1827, died March 4th, 1911, aged 85 years, 4 months and 1 day. She was a member of Mt. Olive church about 10 years and lived a pious Christian life until the Master called her up higher.

She was a kind, good mother, industrious and always wanted to be engaged in some useful way. She was brought up in the age that women as well as men all learned to labor, and she never forgot or lost the influence of her early training. Her husband, Jesse Allen Gordon, died about 21 years ago. She spent the latter part of her life in the homes of her children, who were delighted to have her with them. She leaves three daughters, two sons, 27 grandchildren and 20 great grandchildren besides a large circle of relatives and friends to mourn their loss.

She was laid to rest in the Gordon cemetery to await the general resurrection in the last day. A large number of friends and relatives attended the funeral service. How sad to turn our backs to the grave of a dear mother, never to see her face any more in this life, but these children and grandchildren weep not as those who have no hope. May they all be prepared to meet her in heaven.

Tessie Lawson Writes.

Brim, N. C., March 8.
Dear Reporter:

I am a little girl seven years of age. I go to school and am learning very fast. My studies are spelling, arithmetic, third reader, physiology, geography and grammar. I have a little sister and a little brother. Their names are Libbe and Pete.

I like to go to school fine. My teacher's name is Miss Ersell Freeman. I like her fine.

I will close asking all the little girls to write.

Your friend,
TESSIE LAWSON.

A farmer, in plowing a new ground which was full of stumps and rocks, used some very bad language. Very contrite at the end of the day's work he knelt in prayer beside a stone wall and implored forgiveness for his sins, saying that he had sinned so dreadfully it would be just punishment if the stones composing the stone wall should fall on him. After he had done this for three or four days, some mischievous boys discovered what the farmer was doing so the next time he prayed for forgiveness as well as for punishment, the boys tumbled some stones down on him, whereupon he said:

"Oh, Lord, I did not mean that literally."
