

NEWS OF MEADOWS

AN APRIL-FOOL BOX PARTY

For Saturday Night April 1—Proceeds to Be Used to Build a Porch to the School House—Personal Items

Meadows, March 21.—The Meadows School is going to give an April-fool box party on Saturday night, April 1st, for the purpose of building a porch to the school house. Every body is cordially invited and it is hoped that every body will get in early as they have a nice program arranged and will begin immediately after dark. As soon as the entertainment, which will last about a half hour, is over, the boxes will be sold. Fine music will be furnished by the Meadows String Band. The boxes will be sold in three lots; small girls first, Misses next and ladies last. A gold dollar is going to be placed in one of the ladies' boxes, fifty cents in one of the Misses and twenty-five cents in one of the small girls' boxes for an April-fool trick. So every fellow that buys a box is standing a chance to get his money back besides eating a fine supper with a fair lady. The money will be put in the boxes after they are carried to the school house, so it is hoped that all girls not living in the district will bring boxes and be in early so they will stand a chance to have their box contain a piece of the money. Everybody is requested to have their name written plainly on the outside of their box to save trouble of untying boxes to find the owner.

There will be preaching at Bethel Baptist church on Sunday, April 2nd, at 3 o'clock P. M. and at night.

A FIERCE NIGHT ALARM

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O., [R. R. No. 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough, Hemorrhages before it. 50c and \$1.00. Trial bottle free. Sold by all Druggists.

King, March 20.—The grass is putting forth its green blades, and the birds are singing their sweet songs, which remind us that spring is coming or that spring is here.

The wheat crop is looking bad and will be thin on the land.

Choppings are about over in this section.

There is a lot of sickness in this section at this writing and a big shower of babies.

MORE INTERURBAN ADVICES

The Dr. With a Corps of Surveyors In the Vicinity—Construction Work to Begin.

The Winston Sentinel last Saturday contained the following:
Dr. H. P. MacKnight, of Southern Pines, promoter of the interurban railroad to be built between Winston-Salem and Floyd, Va., via Rural Hall, and Vade Mecum, passed through the city this morning with a corps of surveyors en route to Rural Hall, where they will begin work on Monday making a survey of the entire line.

Dr. MacKnight stated that the section from Rural Hall to Floyd would be built first. He already has a preliminary survey. The construction work is also to begin next week by the contractors, The Propst Construction Company, of Charlotte.

A concern in New Jersey has the contract to furnish the rails and other materials for track-laying. Representatives of that company are expected to arrive here tonight to go over the line and make the necessary arrangements for furnishing the equipment needed.

The Virginia Iron and Bridge Company will construct the bridges and trestles over the entire line. There will be ten or more of these.

The contract calls for completion of the road-bed within eighteen months, barring strikes and accidents.

"After completing the line from Rural Hall to Floyd we propose to begin work at once on the line from Rural Hall to Winston-Salem," said Dr. MacKnight, who stated that he regarded this city one of the best in the State and the best place from which to draw patronage, freight and passenger traffic, for the new road.

"We are not talking much, yet we can say that the road is assured," continued the doctor who spoke like the matter of finances had all been practically arranged.

ACCIDENT ON THE TURNPIKE

A Shoe Drummer Experiences Tribulations Six Miles Northwest of Danbury—Details Interesting.

According to news which reaches here over the grapevine telegraph, everybody in the Vade Mecum and Moore's Springs country is wearing new shoes. Last Friday the wreck of a shoe drummer's conveyance occurred on one of the vicious public roads of that section, and foot-wear was scattered for a distance of several miles in indiscriminate profusion. Fortunately, the drummer, who was Mr. J. E. Moore of Patrick Springs, Va., agent for W. H. Miles Shoe Co., managed to escape with his life, and reached Danbury looking like 30 cents. Mr. Moore's description of his experience, when stripped of its explosive verbiage, is quite interesting. The wagon was caught in a rut, and went crosswise down the mountain so hard that it rebounded clear to the top of another hill, which doubtless prevented annihilation. But for Mr. Moore's splendid physique he must have been badly bruised up.

The horses and driver were saved by falling on him. The impact of the colliding forces alarmed the neighborhood. John Rierson thought it was a seismic disturbance.

One curious feature of the affair was that when Mr. Moore reached Danbury, he found several pairs his shoes already here, which shows that in any capacity it is hard to down his line of goods, which are always Miles Ahead.

"For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at all Druggists.
