BROWNVILLE NEWS.

Death of Mr. T. G. Tatum—New Phone Line To Be Built.

Brownville, March 19.—The health of this community is very good at present.

Mr. T. G. Tatum, who was very ill with pneumonia at last writing, died at his home last Monday. But we are very glad to say his daughter is improving.

Miss Alpha Brown and brother and Miss Laurie Merritt visited Misses Lelia and Hattie Joyce Sunday. They report a nice time.

Messrs. J. R. Morefield, Harry Nelson, Sam Hill, Charlie and John Joyce were visitors at Mr. R. T. Martin's Sunday.

Miss Carrie Gilbert, of Stuart, is visiting relatives of this place.

Miss Mae McCabe, who is teaching the Brownville school, visited relatives at Nettle Ridge last week. She closed her school one week to attend the burial of her uncle.

Mr. Joe Aldridge called on his best girl Sunday.

Mr. Harry Nelson spent last Friday night at his uncle's, Mr. J. W. Joyce's.

Mr. C. T. Knight and son went to Stuart Monday on business.

Miss Gellie Knight is spending a few days with her sister, Mrs. John Moore.

Think the wedding bells will soon be ringing down at Mr. George Lawrence's as some one goes down there very often.

Mr. H. L. Hylton has purchased a fine horse recently.

Miss Nellie Gunter expects to close her school by giving the young people a dance.

Think we will soon have a phone line run from Stuart to Mr. J. R. Morefield's store. It will be a great help to the people of this section.

BLUE EYES.

At King's Mountain recently, during a thunderstorm, Mrs. Delia Gordon was struck by lightning and instantly killed. Her daughter, Mrs. Wallace, was severely shocked. Mrs. Gordon had just opened the door to look out at the storm when she was struck.

Mr. G. A. Martin, one of the leading farmers of Peters' Creek township, was here today.

FOOD FOR A YEAR

Meat..... 300 lbs.
Milk..... 240 qts.
Butter..... 100 lbs.
Eggs..... 27 doz.
Vegetables..... 500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

SCOTT & BOWNE, 409 Pearl St., New York

FOR WORKING ROADS

PLAN OF HARRY G. PETREE

The Great Value of Good Roads—The Present System of Working the Highways of Stokes County A Farce.

For the lack of good roads, the people of Stokes county are suffering more than any class of people of whom we know, and it seems that it should be unnecessary therefore to discuss the benefit that might be derived from improved roads, because those of us who have been in other countries have seen the benefits of improved roads, while these countries do not possess one half the natural advantages that we possess, yet they are growing richer and more thickly settled year by year, while we do not seem to make any improvements. If these conditions continue faithful farms will be abandoned and rich lands will go to waste, and the younger generations will leave our county and settle in more prosperous communities.

Good roads make habitation along them most desirable. They economize time and force in transportation of products, reduce wear and tear on horses, harness and vehicles, are a potent aid to religion, education and sociability. They raise the value of farm land and this alone should be sufficient to make every property owner in Stokes county wake up to the fact that good roads have a money value as well as a political and social value, and leaving out convenience, comfort, social and refined influence, which they do bring about, and looking at them from the "Almighty dollar" standpoint, they are bound to pay handsomely after they are one time instituted.

Under the present system of working roads in this county we have not had good roads and we never will have them. The present system of road working has become obsolete, perhaps it served its purpose in the time of our forefathers, but the present day and generation need more modern methods. It is utterly inadequate to meet the demands of the times. I happen to know a certain section of road in this county where every one of the 13 persons who work it are men and boys, who do not own a foot of land and only one of the 13 owns any stock and that one a solitary horse. Why is this? Because all the land owners are older men and are road free, and the ones who have the work to do are the younger generation, who do not own anything and are not naturally very much interested in good or bad roads. This is only an example of the condition of affairs over the entire county.

The roads of Stokes county are in such a condition that a stranger would wonder why every overseer is not indicted and they would be, were it not for the fact that there is not a man who sits on the Grand Jury but is or has been a road hand at one time in his life and under such circumstances conditions will never be any better.

This old system has never made good roads and never will, and it is high time that we were adopting some new and more modern methods. In communities where good roads have been instituted they have been built by some sort of taxation. Now we would like to suggest a plan by which to work the roads of our county. Let us retain our present system of requiring those between the ages of 18 to 25 to work the road. Have an overseer for each road, but let us have a special road tax and pay the overseer and hands a specified amount. Require them to work say 3 or 4 days every six months, also have a township supervisor to see that every overseer keeps his road in proper condition. In this way every section of the county would have good roads, and every community would derive the benefits of same.

By adopting this method all the roads would be improved and in a couple of years good roads would permeate all parts of the county. Let us begin by rounding up the clay roads and properly draining them. By this system of paying for each day's work done, more and better work would be done and in a few years our roads would be in such condition that some permanent work, such as building sand-clay roads, could be done with much less expense.
HARRY G. PETREE.

New Justices of the Peace For Stokes.

The following Justices of the peace for Stokes county were appointed by the General Assembly. Term of office begins April 1, 1911:

Sauratown Township, Saunders C. Rierson and Frank Marshall.

Meadows Township, Samuel C. Hill.

Quaker Gap Township, Jasper Frances and William W. Leak.

Snow Creek Township, John A. Leak and G. A. Hutchinson.

The above named parties should appear before the clerk of the court on the first day of April, or as soon thereafter as possible, and be sworn in.

The forecast of the ground hog has been fulfilled and the time thereof has expired by limitation. The shadfrog corroborated the ground hog and now that the frog chorus is in full swing, spring has leaped from the lap of winter and decked out herself for the summer boys.—Exchange.

Do you know that of all the miner ailments colds are by far the most dangerous? It not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

NOTICE OF SALE OF REAL ESTATE.

By virtue of a decree of the Superior Court of Stokes County rendered this day in the special proceeding entitled "W. C. Slate against William Oliver Lunsford", I will expose to public sale to the highest bidder for cash, at the court house door in the town of Danbury, N. C., on Friday, April 21st, 1911, at the hour of one o'clock p. m., a tract of land in Stokes County, N. C., being the same tract decided by A. G. Sizemore to Rose Ella Lunsford, the deed recorded in the Register's Office of Stokes County, in book No. 35, page 348, and bounded as follows: "Beginning at a white oak, corner of lot No. 5, runs East on Southern's line 18 chains to a stake, thence North on Baker's and Hall's lines 35 chains to a black oak stump, thence West 18 chains to pointers, thence South 35 chains to the beginning, containing 62½ acres, more or less." Any person desiring to purchase a good farm will do well to examine this tract of land, and attend the sale. This the 15th day March, 1911.
N. O. PETREE, Commissioner.

LAND SALE!

By virtue of a decree of the Superior Court of Stokes County, rendered by M. T. Chilton, C. S. C., in the special proceedings entitled "N. E. Pepper ad'vr. of Mattie Waddill, dec'd vs. Eugene S. Withers, et al" authorizing and directing the undersigned to make sale of the lands hereinafter described, for the purpose of raising assets with which to pay off and discharge the debts against the estate of Mattie Waddill, dec'd, and the costs of administration upon the same, I will sell at public auction, to the highest bidder, for cash, at the court house door in Danbury, N. C., on Monday, April 3, 1911, a certain tract of land situated, lying and being in the county of Stokes and the State of North Carolina, in Sauratown township, adjoining the lands of Dr. Robert Taylor and Taylor, on the West side, and on the North side the lands of H. Gibson and Ben Self, on the East side William Linville and Nannie Fiddle, and on the South side John Dalton, colored, containing 220 acres, more or less. The said lands may be sold all together as one tract, or it may be sold in different sized lots, or both ways, the details of which will be made known upon day of sale.
This Feb. 28, 1911.
N. E. PEPPER, Adm'r of Mattie Waddill, J. D. Humphreys, Atty. for Adm'r.

LAND SALE.

By virtue of a deed in trust to me executed by E. O. Caudle and wife Mattie M. Caudle, and recorded in the office of the Register of Deeds for Stokes county, N. C., I will sell at public auction for cash to the highest bidder on Saturday, April 22, 1911, on the premises of E. O. Caudle in the town of King at 1 o'clock p. m., the following described real estate: One town lot beginning at a rock, L. R. Pulliam's corner in Knights line, runs N. 70 degrees W. 3½ chains to a rock, L. R. Pulliam's corner, in Knight's line, thence S. 24 degrees W. with L. R. Pulliam's shop lot line 157 feet to a rock, thence N. 70 degrees W. 16 feet to a rock, thence S. 24 degrees W. 180 feet to a rock on bank of R. R., thence W. said R. R. 55 degrees E. 7 5-33 chains to a rock on bank of said R. R. where the wagon road crosses R. R., thence N. 11 degrees E. 6 30-100 chains to the beginning, containing 2½ acres, more or less. The above described lot conveyed in said deed in trust to secure a certain promissory note, wherein default has been made.
WM. WATTS, Trustee for Emma Pulliam.

The Origin of Royster Fertilizers.

Mr. Royster believed that success awaited the Manufacturer of Fertilizers who would place quality above other considerations. This was Mr. Royster's idea Twenty-seven years ago and this is his idea to-day; the result has been that it requires Eight Factories to supply the demand for Royster Fertilizers.
