Her death was quite sudden, and was attributed to heart disease, although she had not been previously ill. Mrs. Carroll was about 70 years of age, and was a good woman. She will be sadly missed in the home and in the community. She was a member of the Christian church, and was laid to rest at the Union Hill cemetery on Monday afternoon.

Mrs. Carroll is survived by four sons, Messrs. D. V., G. A., E. W. and W. T. Carroll.

Miss Gertrude Smith, the 15-year-old daughter of Mr. and Mrs. Stephen Smith, of Meadows, died Sunday morning. She had been ill only for a few days, and her death was quite unexpected, and was a great shock to the family and friends. The interment was made on Monday afternoon at Palmyra, attended by a large concourse of sorrowing relatives and friends.

Mr. Smith and family are the recipients of the deepest condolence from their neighbors.

Mr. Stewart Returns From West and May Remain.

COMING TO PIEDMONT

LARGE PARTY GIRL SCOUTS

Reidsville Review Conducting Big Voting Contest With Prize of Two Weeks Stay at Well Known and Popular Resort.

The Reidsville Review is conducting a big voting contest, known as the Girls' Scout Contest, which will close the last of May, and the premium is a two weeks' visit with all expenses paid at Piedmont Springs. The Review will send from 15 to 20 and perhaps more young ladies to Piedmont the first week in June, chaperoned by Mr. and Mrs. John T. Oliver.

Among the popular young ladies who are working to secure the prizes are the following: Misses Mary Windsor, Edna King, Mary Hamlin, Inez Wooten, Kitty May Irvin, Nellie Pettigrew, Gertrude McKinney, all of Reidsville; Misses Elizabeth Pratt, India Meador, Carrie Neal, Maggie Meadow, Ila Pritchett, and many others of different sections of the county, and outside of the county, in Guilford, Caswell and other counties.

The contest is assuming big proportions, with Miss Windsor, of Reidsville, at present in the lead.

This promises to be a jolly crowd, and their arrival at Piedmont will be awaited with much expectancy and most pleasant anticipations.

But Editor Oliver and his good wife have already sounded the warning that there will be no match-making on this trip, and that the girls must fight shy of the matrimonial proposition.

Death of Mrs. A. J. Long.

News reaches here of the death of Mrs. A. J. Long, which occurred yesterday morning at the home of the deceased in Rural Hall, after a severe illness of several days. Mrs. Long was 75 years old and is survived by her husband and two sons, Mr. J. E. Long of Rural Hall, and Mr. L. T. Long this city. The funeral services will be held from the Methodist church of Rural Hall today at 11 o'clock and will be conducted by Rev. Mr. Williams. Mrs. Long was a native of Forsyth county and had lived for 20 years in Rural Hall.—Winston Journal.

The Smell of Guano.

The commercial fertilizer they are using now does not stink as loud as it did years ago. What has been done to do away with the smell? It used to be that you could smell a load of guano a half a mile away, and, like the offense one Shakespeare wrote about, "it was rank, it smelt to heaven." Yes, guano has been "censored," expurgated and toned down, at least the smell of it has, and it has come to the pass that guano cannot be made of dead skunk and sand. The loud smell never did help guano.—Monroe Enquirer.

FORMER PASTOR ILL

REV. D. A. BINKLEY STRICKEN

Sustains Stroke of Paralysis and Is Speechless—Learned at Danbury With Deepest Regret.

News has been received here that Rev. D. A. Binkley was a few days ago stricken with paralysis at his home near Franklin, Macon county, and has since remained speechless, the stroke affecting his entire right side and his vocal organs. The many friends of the family here and elsewhere in the county will learn of the incident with sincere regret, hoping Mr. Binkley may be early restored to his former health.

Mr. Binkley was pastor of the M. E. church here for four years, and his faithful work among the people of this county, and the excellent qualities of himself and family as neighbors and friends, endeared the family to our people in no small degree. Further news concerning Mr. Binkley's condition will be awaited with deepest interest.

News of Danbury Route 1—North View Public School Closes.

Danbury Route 1, April 10.—The regular meeting was held at North View Sunday. Services were conducted by Elders Paul Priddy, Watt Priddy and Walter Mabe. A large crowd attended.

The wheat crop in this section is looking fine.

People in this section are improving their lands by sowing clover seed. There is being more clover seed sown this season than ever before.

Mrs. James Priddy, who has been on the sick list, is slowly improving.

The little infant of Mr. and Mrs. Fleming Priddy, who has been sick for some time, is not much better.

Mr. Frank Smith, of the Campbell section, had the misfortune of getting three of his teeth kicked out by a mule a few days ago.

The North View public school, which closed a few days ago, was taught by Mr. Japeth Leak, of Campbell, and Miss Lillie Hutcherson, of Sandy Ridge. They have gained the friendship of every scholar that attended school.

Easter will soon be here and lots of the young people are planning to go fishing Easter Monday.

Mr. John Lackey, of Campbell, had the misfortune to get his horse crippled a few days ago. NEW COMER.

John Matthews and Will Crews Not Seriously Hurt.

It was reported here last week that John Matthews and Will Crews, two Stokes young men who recently went to Mount Airy to work in the rock quarry, were fatally hurt in a dynamite explosion at the rock a few days ago. But the Reporter notices from a dispatch to the Winston Journal from Mt. Airy that the men were not seriously hurt, only burned slightly about the face, and that they walked over to Mt. Airy from the scene of the explosion and had a physician to dress their hurts, which sounds like the explosion was not serious to anybody.

Mr. A. J. Fair To Use Dynamite On His Farm

Mr. A. J. Fair, of Walnut Cove, who is one of the most advanced farmers of the county, will, it is said, plow an acre of land with dynamite this spring. Mr. Fair estimates that the cost of the experiment will be about \$40, and he thinks he will be amply repaid by the thorough shaking up of the soil which the exploding dynamite will effect. Mr. N. A. Martin, of Danbury, is also considering the advisability of the same operation.

COUNTY COMMISSIONERS.

Held Special Session Today—S. C. Rierson Appointed Tax-Lister In Sauratown To Succeed W. D. Bennett, Resigned.

The county commissioners met in special session at the court house here today, Messrs. J. W. Gann and Chap Eodenhimer being present. The object of the special meeting was to appoint a list-taker in Sauratown township, Mr. Willie D. Bennett, who was appointed at the last meeting, having declined to accept the place. After considering the claims of several applicants the Board appointed Mr. Sanders Rierson, of Walnut Cove.

An Answer to "A Merchant's Dream."

The dream of the average merchant

Is to pile on Profits good and strong,

To price his wares and yours and

Then get the law to help him catch you wrong.

He glories in Profits, Interest and Rents,

That trio of words coined by the devil.

To make misery on earth, and to people hell

He laughed to scorn the Golden Rule.

He doffs his hat, and bends his knee

To the hellish rule of gold. He knows no brotherly love,

His religion, his creed and his God is gold,

He cares naught for those who die of hunger and cold.

Yes, "hell is heaven enough for him."

He demands interest of his friend,

He collects rents of his neighbor,

And takes a profit from his brother.

He lazily lounges in his soft cushioned chair,

While all around him in unnumbered thousands

The poor go hungry and cold to bed.

His dream of profits, interest and rents

Is legalized robbery, that brutalizes man,

Estranges him from God and causes

More suffering, bloodshed and death

Than all other causes combined. His soul pinched by avarice and greed

Will continue its downward journey,

Till captured in hell it will see

Emblazoned in heroic letters on the walls,

"Profits," "Interests," "Rents,"

Then it will awake to what might

Have been had it listened to him,

Who said "Love thy Neighbor as Thyself." B. I.

Mr. J. Spot Taylor, who has been appointed agent of the Farmers' Union to handle fertilizer for the Union men of this section, will go to Walnut Cove at once to look after the business. He will handle thousands of bags during the next few days.

People who travel the Danbury-Walnut Cove road are very much indebted to overseer Lindsay Young for removing the big rock in the road near the Tilley place. It was blown out with dynamite.

The public road between Danbury and the Buck Island ford bridge is said to be in the worst condition it has ever been.

QUAKER GAP COMING

BIG CREEK TELEPHONE CO.

Organized and Application Made For Charter Capital \$10,000—Incorporated to embrace a Number of the Public Citizens of Quaker Gap.

Mr. R. L. Smith, of Francisco, was in town Monday in consultation with an attorney, and making application for a charter for the Big Creek Telephone Company, a corporation which has just been organized in northwestern Stokes with a capital of \$10,000. The incorporators are J. C. Frans, R. W. George, R. L. Nunn, H. F. Wright, Millard Collins, R. E. Smith, Sam Dearmin, J. R. George, and others.

The Big Creek Telephone Company has just recently been organized with R. L. Nunn, President; J. C. Frans, Secretary-Treasurer, and the board of directors composed of several of the above-named incorporators. Already about 50 telephones have been installed, and more will be placed later. The stockholders are among a large number of the best people of Quaker Gap township. It is learned that they have already secured connection with the Slate system, which places them in communication with the county seat at Danbury, and with important outside points.

Mr. Smith informs the Reporter that a good line will be maintained, insuring the best service.

The people of Quaker Gap are to be congratulated on their public spirit and enterprising move. Many other isolated sections of the county would do well to follow suit, and thus get all neighborhoods of the county in wire communication with each other, as well as putting themselves in touch with the outside world.

Mr. H. H. Reid Suggests Plan For Working Roads—Wants County Meeting Called.

Danbury Route 1, April 6. Mr. Editor:

Please allow me a small space in your paper to give some of my views on the good roads question. As there is a good deal being said concerning the matter, and nothing doing, there should be some other suggestions made. Now, in the first place, we should have a good roads meeting in the town of Danbury as early as possible, and try to frame some plan by which to commence the work. Now I will say that I believe the best and cheapest way to get our roads improved is to hold a county meeting and talk the matter over, and then let each neighborhood hold their meeting and allot to each party of that section his proportional part of the road nearest to him, and let him work that road when he can't be plowing on his farm. Now I know we can make our roads much better by doing as my plan says, and I for one will promise that you shall not turn your wagon over in a mudhole in that part of the road assigned to me. Now, brother good road men, let me hear from you every one through the Reporter. H. H. REID.
