WRITES FROM GRANVILLE

As Much Difference Between Granville and Davidson As Between Heaven and Hell—Thinks No Union Man Ought to Help Build Warehouses at Walnut Cove.

Oxford April 11, 1911.
The Danbury Reporter.
Danbury, N. C.

Mr. Editor:

I have been too busy for the last month, I really haven't had time to write a letter for your paper, but I have a few hours to spare this morning, so I will write again.

I am again in Granville county at work. I made two speeches yesterday and reorganized two old locals that had not held a meeting in almost a year. The union is doing well down here and all the members are well satisfied with it.

This county sure is tobacco mad. In the section I am in now they pay no attention whatever to wheat and very little corn is raised here. It is a fine tobacco section and the raising of it is all the farmers care for. But with all their faults the people of this county are the most hospitable people I ever traveled among. They make the appointments and carry me around to them free of charge—all they want me to do is to speak at their appointments and organize and they will do the rest.

There is just about as much difference in this county and Davidson county as there is difference in heaven and hell. When I was in Davidson if I got to stay all night at a place I thought I was lucky, and had to pay for it at that.

Now that we have solved the fertilizer question in Stokes it is time we were making our tobacco arrangements for this year. It is all right to buy as cheap as you can, but that is not the fundamental principle of this order, for instead of being a buying people we should be a selling people, and the time is now here when we must be up and doing while it is called today.

We must make our arrangements about selling our tobacco this year. What are you going to do about it, brother union man? Are you going to pool yours, or just give it away like usual this year? I want to say right now that I am against the warehouse system first, last and all the time. We can never hope for success as long as we persist in laying our tobacco down on the warehouse floors at the mercy of auction sales. I have been informed that there is a movement on foot to operate warehouses at Walnut Cove this year. It looks like a senseless thing to do especially if union men have anything to do with it, for the reason that we are on the eve of a great struggle and need to show a united front, and now for some of our best men to build and run a warehouse will injure the cause more than anything else. But surely no union man would do this, for the success of this organization depends on what we do in the next few months. I am calling a meeting of the county organization in this issue of the Reporter and when the roll is called I want to hear each local answer. Take off a day and come whether you are a delegate or not and let's get ready for business this fall. And another thing, each local must have credentials with them or else they will not be seated in our meeting. This rule was passed in our meeting at Danbury. Each local should send its credentials by mail to the county

secretary, but if you don't have time bring them with you when you come, and send your very best men, as it will be an important meeting.

I want to see each member of the county executive committee present and also all the other officers.

Yours fraternally,
R. L. NUNN.

King News.

King, April 12.—Mrs. V. L. Smith and small son were sawing some board timber yesterday when the mother accidentally split open the son's hand with an ax. Mrs. Smith was in the act of marking the next cut and the boy threw his hand under the ax while picking up the saw with the other hand.

King High School closes the last week in this month and good commencement exercises will be rendered.

Mr. Perry Culler's cow was found dead yesterday morning having entangled herself, falling on her neck, breaking it.

Farmers in this section are badly behind with their work, due to the continued rain.

Mr. Wesley Wall, who has been seriously sick for several days, is improving.

Mr. Walter J. White has purchased from his father, Mr. C. F. White, a lot on Woodland Heights, the new suburb of King, on which he will erect a nice residence in the near future.

Mrs. B. J. Stone had a narrow escape for her life last Sunday morning. She and her son, Joe, were starting to pay a visit to a neighbor. Mrs. Stone had gotten into the buggy, and the son started to change bridles. When he removed one bridle the horse became frightened and ran away. The buggy came in contact with a wire fence and was turned over. Mrs. Stone was caught under the vehicle, and at first it was thought she was seriously hurt, but it was found later that she was not injured except for a sprained hand and a few bruises.

SCALDED TO DEATH

A SAD ACCIDENT AT KING

Eleven-Year-Old Child of Mr. Henry Hartgrove Meets Horrible Death—Other News.

Germanton, N. C., April 14.—One of the most shocking incidents that has been witnessed in this community in a long time occurred about 10 o'clock Tuesday at the home of Mr. and Mrs. H. L. Hartgrove, when their bright and loving little 11 year old daughter, Girtie, while playing too near lost her balance and fell into a very large kettle of boiling soap fatally scalding herself. Mother was near, pulled her out at once. Dr. Slate was called at once and dressed the burn, which was supposed to be about one-fourth the surface of the body. About an hour or more after the doctor had gone she began vomiting and getting weaker. The doctor was again summoned, but in spite of all the skill of the physician and all that loving hands could do, she expired at 12:45 that night.

The burial took place at 4:00 P. M. Wednesday. As they lived near the church she was borne by the pall bearers to the church followed by a score or more of her loving little girl friends and playmates. They will miss her so much in the Sunday-school, for she filled her place in the Sunday-school every Sunday, and she said she did not want to miss a Sunday this year. Services were conducted by Mr. R. J. Petree, with appropriate and sympathetic remarks to one of the largest crowds of sympathizers ever attending such an occasion at Friendship church. We feel sure the entire community as well as all who learn of this sad accident, extends their deepest sympathy to Brother and Sister Hartgrove and two sisters, Minnie and Myrtle, in this, their loss, but we trust Heaven's gain. May God's blessings—richest blessings attend this grief-stricken family and help them to say with Job: "The Lord giveth and the Lord taketh away, blessed be the name of the Lord."

The Friendship Baptist church has unanimously called to the pastorate, Rev. C. B. Austin, of Spray, N. C., who will begin his work here on the 4th Saturday and Sunday in April. He is very anxious and urges all of the members who possibly can to attend these services. A cordial invitation is extended to everybody to come out and hear him. Remember the time, Saturday, April 22, 3:00 P. M., Sunday 11 A. M.

F. G. Southern To Be Tried at Dobson Next Week.

Surry county Superior court convenes Monday, the 24th. One of the most important cases on the docket is that of F. G. Southern and his son, charged with the murder of John H. Wall at Pilot Mt. some months ago. Several Stokes citizens have been summoned as witnesses in the case.

Card From J. S. Taylor.

Danbury, April 19.

I am receiving a good many letters asking whether I will sell fertilizer to any person besides Union people. I will be glad to sell to anybody, whether Union or non-Union.

Masters Eugene Dodson and Charles Rierson, of Walnut Cove, spent Easter with their young friends here.

In Memoriam.

Minnie Jud Carroll, maiden name Gibson, was born May 25, 1843, died April 10, 1911, aged 70 years, 10 months and 15 days. She was married to H. R. Carroll April 10, 1859, just 52 years between her marriage and her death. This union was blessed with 8 children, six boys and two girls. Four of the sons are still living, as follows: Messrs. D. V. Carroll, of Mizpah; G. A., E. W. and W. T. Carroll, of Winston. She leaves these four sons, 33 grand children and five great grandchildren, with a large circle of friends to mourn their loss. She was an affectionate and kind mother, a kind and obliging neighbor, held in high esteem by all who knew her. She died almost suddenly. This seems to be the way that she had desired to go, not to suffer with protracted illness. She was making her home with her oldest son, D. V. Carroll, of Mountain View. It was heart-rending indeed to the sons and grandchildren to give up the dear mother. The blessed assurance that she is gone to that "house not made with hands, eternal in the Heavens," and that they may through the riches of grace in Christ Jesus meet her again, brings sweet consolation. But for this blessed hope, how could we poor mortals give up our loved ones?

She became a Christian in early life, joined the M. E. church at Chestnut Grove, and about the year 1876 joined the Christian church and remained a consistent member until the Lord took her home.

Her sudden departure is a solemn warning to us all to "be ye also ready, for in such an hour as ye think not, the son of man cometh." The funeral services were at Union Hill, conducted by the writer, after which her remains were laid to rest beside her husband, who died several years ago. The large congregation of relatives and sympathizing friends and the beautiful floral display was in evidence of the esteem in which the deceased was held. No one present could doubt her popularity. May we all be prepared to meet her in the beautiful beyond.

P. OLIVER.

Sandy Ridge.

Sandy Ridge Route 1, Apr. 17.—Mr. T. M. Richardson's store burned Thursday night, April 13, with all of its contents. The loss was about \$1,000. It is not known how the fire originated.

The young people had quite an enjoyable time at Mrs. J. A. Joyce's Saturday night, April 15th, at a surprise party.

Farmers are very much behind with their work on account of so much rain. The wheat crop is improving some for the last few days.

Mr. A. B. Carter will begin a singing school at Roark's school house next Saturday.

Ball Game Saturday.

The Palmyra and Meadows baseball teams crossed bats on the latter's grounds Saturday, April 15th, which resulted in a score of 13 to 9 in favor of Meadows.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

COV. LIBRARY FOR SCHOOLS

TO ELIMINATE NEW BUILDING

At a Cost of \$2,500—Several Good Teachers To Be Employed—Enthusiastic School Workers.

The interest the people of Walnut Cove are showing in schools is very commendable, and is in pleasing contradistinction to the policy of some other sections of the county, where the people are satisfied with the poorest educational facilities for their children, and will take every opportunity to vote down any proposition for better schools which "costs" anything. Walnut Cove is making preparations to build a large new school building at a cost of something like \$2,500. After arranging their quarters, they will employ several good teachers, and then supplement the regular school fund by going down into their pockets after the coin.

Walnut Cove has some strong and enthusiastic school workers.

News of Madison Route 3.

Madison Route 3, April 16.—The outlook here is that there will be a splendid crop of apples and peaches this year, and as yet I have heard no complaint of scarcity of tobacco plants.

About all of the 1910 tobacco crop in this section has been sold. Mr. M. L. Powers will market his last load Wednesday next.

D. M. Gann, of Roanoke, Va., is visiting his parents Mr. and Mrs. T. J. Gann.

The youngsters of the neighborhood are fishing today. Among the party are the children of T. J. Gann, J. R. Johnson, J. B. Joyce, A. H. Martin, R. R. Gann, and others.

The wheat crop looks much better than it did a few weeks ago. The farmers are behind with their work owing to the wet weather for some days.

After a j. p. takes the oath of office and charges more fees than are allowed him by statute, is he guilty of perjury?

What is the legal fee for complaint and warrant in a criminal case? Is thirty cents the legal fee for affidavits of complaint and warrant in criminal cases before J. P.?

Yes, by all means do something about the roads, or rather gullies in Stokes called roads. I am willing to be taxed for good roads, or to keep the roads in possible condition (free), that borders on my land. The roads here are a disgrace to any civilized people.

What is the special tax for Stokes county for?

T. J. GANN.
