

REIDSVILLE LETTER

The Review To Send Twenty Young Ladies To Piedmont Springs For Two Weeks Stay—Will Make The Trip In Automobiles If Weather Is Favorable.

Reidsville, May 20.—Under the chaperonage of Mr. and Mrs. John T. Oliver the Reidsville Review will send 20 young ladies from Rockingham, Caswell, Albemarle, Guilford, Forsyth and Stokes counties, North Carolina, and Pittsylvania and Henry counties, Virginia, in automobiles to Piedmont Springs for a two week' outing. The paper is to defray all expenses of the party, and a popular voting contest will determine the winners of the paper's hospitality. The mountains of Stokes have seldom been visited by automobiles, but five big touring cars with expert chauffeurs have been employed for the trip.

The Danbury Reporter reports that many young men from Winston-Salem, Greensboro, Danville and other towns and cities have made reservations in the Piedmont hotel and will be present during the stay of The Review's "Girl Scouts" from June 5 to the 19.

The hotel at the Springs under the new management is making extensive preparations to open for guests on the first of June. Huffman's orchestra, of Richmond, Va., one of the best groups of musicians in the South, will arrive on the fifth to spend the season at the hotel, and furnish music for the guests.

Negro Girl Kills Another At Germanton.

Germanton, May 19.—Today the unloaded gun got in its work again. A family of colored people were moving into new quarters, when a neighbor girl—Hickerson, about 14 years old—stepped to the door and there at a window would be a good place for a burglar to get and another girl, some 18 years old picked up a hammer-gun and remarked how she would do an intruder. To her surprise and all present the gun discharged, killing the Hickerson girl instantly. All the evidence showed it to be entirely accidental.

Miss Sallie Stewart left Saturday for Spray to accept a position at that place.

MUSHROOM CORNS Most Painful of All Foot Ailments. How to Cure Them.

The Mushroom corn is so called from its pitted cone top, resembling a tiny mushroom. It burrows deep into the skin and gets more inflamed than other corns. For the quick relief and cure of these and all corns and callouses the following is the most effective remedy known to science: Dissolve 2 tablespoonfuls of Calocide compound in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) All soreness instantly disappears and the corns or callous can be easily peeled off. It may be necessary to repeat this for a number of nights for a complete cure, but if adhered to it will surely succeed. A little olive oil rubbed on the part is very beneficial. This Calocide is a very remarkable preparation for all foot ailments and is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually sufficient to put the sore feet in fine condition. Bad smelling feet and tender feet need only a few treatments, likewise with inflamed cuticles. This item will be welcomed by persons who have tried ineffectual powders and tablets.

J. G. Southern's Plan On Working The Roads.

Germanton, May 6.

Mr. Editor: Will you allow me just a small space in your paper, which goes to so many homes.

Well, there is lots being said about good roads and several have given their plan. I have been watching and listening and waiting to see where it would stop so the last we see is from Mr. Reid and Mr. Young, who are all right men but we see they differ on the plan of working the roads. I don't say my plan is the best. Let's see how it will sound. Mr. Young says let's work six days or more in the year and pay the overseer six dollars a year. Well, let's see, our State pays her officers and our county pays ours, so let's see if justice says pay our officers a reasonable price, I believe that all get money enough for what they do. Yes, we see our tax listers must have not over three dollars per day. Yes, this is all right, I have no objection. I don't object to paying the men who do the work, we pay the men who build our bridges and no man says don't, we pay the men who ride over our roads and look after our schools, well, that's all right, pay the man for what he knows. Turn over on the other page and let's see if justice don't say pay the man for what he does. Don't justice say pay the man who works the road. Well, Mr. Young says pay the overseer. All right, Mr. Young, I am with you there, but let's not stop here, let's consider the man who works the roads, he boards himself, he furnishes his maddoc, his shovel or hoe, he goes to the road because the law says go. They stand around and don't do much work. Why? Because you pay every one else for what he knows and you don't pay me for what I do, so if we want good roads let's pay the man for what he does. Somebody says don't mention tax any more. The best way I think to have good roads is to tax our property and pay the man who works the road. It is not fair for the man who owns the horses, the wagons and buggies to say to the man who has neither, go work the roads without any pay. Let's not bind burdens on some one's sholders which we would not touch with our finger.

Well, this is my first. I guess you see where I stand. Tax the property and pay the man for what he does.

Respectfully, J. G. SOUTHERN

For soreness of the muscles whether it is caused by violent exercise or injury Chamberlain's Liniment is excellent. This Liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

Pinnacle Route 2.

Pinnacle Route 2, May 5.—The wheat crop looks promising.

R. H. Mitchell, Jr., of Guilford College, arrived in this section the past week. He will remain here throughout the summer.

Mrs. Elizabeth Mitchell expects to visit relatives at Guilford College and then Western States soon.

SAVED CHILD FROM DEATH.

"After our child had suffered severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, legrippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and 1\$. Trial bottle free. Guaranteed by all druggists.

The Curfew Bell To Ring In Mt. Airy

Mt. Airy, May 13.—Mr. W. G. Sydnor, the new and progressive mayor who has so recently taken the oath of allegiance, is in such hearty accord with the Civic Improvement League just organized that great reforms are expected in the town government in the near future.

The league met on Friday, May 5, in the lobby of the Commercial Club rooms. In the absence of the president, Mrs. Iris Whitlock, second vice-president, filled the chair with grace and dignity. A number of committees were appointed for various kinds of work, and regular days and hours were decided upon for each street to be cleaned at stated intervals.

Solicitor S. P. Graves, who was present by special request to give counsel on any legal matters, presented the league with a copy of the town constitution in a few most appropriate words. A motion was then made to request an amendment to one of the laws whereby instead of requiring the merchants to have open receptacles in which to place trash they should use large cans with covers.

Mrs. Hobson then asked for the league to petition for the old Curfew Law, Mr. Graves readily drew up a petition in his most gifted and forcible style of thought, so that the mayor on reading it over was so strongly appealed to, that he decided further proceedings were unnecessary, but to have a meeting of town council at once, when they will no doubt issue the orders to be put into effect by June, requiring all children under 16 years of age to neither congregate nor loiter on the street after the bell rings at 9 o'clock.

Messrs. Yancey Graves and Winston Fulton have most generously offered to give a matinee at the Lyric theater at an early date for the benefit of the league. Public sentiment is rapidly growing in favor of this laudable cause, until the town will be hygienically pure and good as well as "City Beautiful."

Educational Rally at Germanton.

Germanton, May 20.—A big educational rally was held today, at which Superintendent of Public Instruction J. Y. Joyner and Mr. E. Broadhurst of Greensboro were the principal speakers. These gentlemen spoke in favor of a special tax for a graded school at this place. After the speaking there was an old-time basket picnic held on the campus of the Germanton high school. The election is to be held on May 31 and it is impossible to foretell the result.

Mr. N. E. Pepper went to Winston Monday.

CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitution disease, and in order to cure it you must take internal remedies. Hall's Catarrh cure is taken internally, and acts directly on the blood and mucus surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in the country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.
