Misses Alpha and Mary Jessup Entertain - Professor Simmons Teaching a Singing School - Miss Jennie Clark Continues Very Low.

Nettle Ridge, Va., June 12. Dear Reporter:

As we have not seen anything from our part of the country in your paper for some time, will give you a few items.

Prof. W. H. Simmons, wife and little son from Greensboro, are spending a two months vacation with home folks here.

Mr. Turner Shockley from Roanoke, Va., spent Saturday and Sunday with his best girl, Miss Alpha Simmons.

Misses Alpha and Mary Jessup entertained a number of their young friends Sunday. Those present were: Misses Ella Corn, Mattie, Annie, Ethel and May Ayers, Messrs. Roy Shelton, Sam and Frank Hill, Rufus Ayers, Ervin Hutchins, Homer Moore and Gabe Hylton. All seemed to enjoy themselves very much.

Misses Jettie and Bessie Morefield and brother, Lester, were visitors at Mr. John M. Ayers first Sunday evening.

Mrs. Abe Smith and Miss Ella Corns were baptized at Russell Creek last Sunday.

Prof. W. H. Simmons is teaching a singing school at New Hope, but will close 3rd Sunday with a picnic, given by the school.

Miss Jennie Clark continues very low with consumption, and her many friends fear she will not get well again. She is a bright young girl just 18 years old.

A number of people from our neighborhood expect to attend the foot washing at Piney Grove 1st Sunday.

With best wishes to the Reporter and its many readers.

White Flour Ruins Bread.

An English publication has been pursuing an investigation as to snow white flour and the nourishment that is claimed for it by the roller process millers. C. Smith and Sons, Ipswich, are among the handful British millers who still stick to the buhrstones method of grinding wheat. But operating the old-fashioned "St John's Mills" buhrstones, the firm has communicated to the investigators that the demand for white flour has affected the company to put in a roller process plan. Just what the roller process accomplishes is set forth in this firm's official report to this investigating publication.

"We could not make flour white enough satisfy the popular demand without introducing the roller plant," writes the head of firm. "It is only by the millstone that the germ of the wheat can pass into the flour—and it is the nourishing, dark germ of the wheat which gives the greatest food value to the bread. In the roller process the action of steels rolls is to flatten the most valuable portion of the wheat kernel. It is comparatively moist and doughlike, and when the rollers have crushed the starch of the wheat kernel to powder this dark, nutritious germ of the wheat is flattened until it cannot pass through the screens!

"Which means only that in paying for the whiteness of the flour the person exacting whiteness of the bread is paying for something which he doesn't get which is nourishment."—Chicago Tribune.

Particulars of Death of Mrs. John W. Davis—News of Walnut Cove Route Five.

Walnut Cove Route 5, June 12.—The death angel has again entered our community. This time it claimed for its victim Mrs. Cynthia Davis, wife of Mr. Jno. W. Davis, of Walnut Cove. Mrs. Davis was stricken with paralysis about eight years ago and has been utterly helpless for some time. So when the end came (June 5th) her friends and relatives were not surprised. She leaves a husband, six children and hosts of friends and relatives to mourn her death. Her remains were laid away in the cemetery at Salem Chapel Wednesday evening, June 7, Rev. Johnson conducting the funeral services.

One more good woman gone from earth, one more angel in Heaven waiting to welcome her loved ones home to God.

Messrs. Percy Willis and Frank Tillotson, from Winston-Salem, spent the past week with relatives in Walnut Cove.

Mrs. C. L. Davis, who has been visiting at Mr. Jno. Davis' for a few days, returned to her home in "The Twin City" Sunday.

Mr. W. W. Mitchell, of Dillard, spent Saturday and Sunday with his daughter, Mrs. J. E. Willis.

Rev. W. A. Ward filled his regular appointment at Concord Sunday.

Miss Laura Willis is visiting relatives at Dillard this week.

Mr. W. R. Carter, of Sandy Ridge Route 1, was here Friday on business. Mr. Carter complains about the lack of rain, but says his crop is standing it very well.

Regulate the Bowels

"I have been troubled with constipation for several years, and have tried a great many kinds of pills, as well as medicine from the doctor. Nothing seemed to help me until I began taking Dr. Miles' Nerve and Liver Pills. I found the little pills very effective, and I am thankful that at last I have a reliable remedy."

MRS. F. M. DUNKIN, LeRoy, Ills.

Dr. Miles' Nerve and Liver Pills

simply cause the bowels to move in a normal manner, and without the griping effects of cathartics and purgatives. That's why they are so universally used by women and children. The longer they are taken the less are needed. Natural conditions gradually being restored.

Sold by druggists everywhere. If first package does not benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.

NEWS OF MT. AIRY.

Sheriff Haynes Captures a Blockade Still—Other Items of Interest In the Granite City.

The farmers of this section are beginning to harvest the wheat crop; next week will prove the harvest part of the season. The crop is unusually good, in fact, the best in years.

Sheriff C. H. Haynes captured a blockade still yesterday, in the lower part of the county, and found Eugene Davis and his wife operating the plant. Davis was arrested and bound over to court.

T. J. Smithwick, the electrical engineer, has completed the installation of the compressed air plant at the Granite Cutting Company's sheds in this city and a force of hands will be put to work in the new plant this week.

Mrs. Emeline Cox, of this city, suffered a slight stroke of paralysis on last Saturday which seriously affected her speech. She has been confined to her bed ever since but her many friends will be pleased to learn that she is rapidly recovering.

There was a marriage in Norfolk, Va., yesterday evening, in which Mount Airy people are interested for Dean Preston was married to Miss Mollie Hall, a popular young lady of that city. The groom is the son of Mr. and Mrs. P. R. Preston, of this city, hold a responsible position in his adopted city and has a host of friends who wish him a long life of happiness.

Mrs. Chas. Franklin returned from Greensboro, last Saturday night, where she had been at the bedside of her brother, Jay, who was operated upon for appendicitis on Friday. The patient is doing well and will soon be able to come home.

One of the latest acts of the city administration is to pass an ordinance prohibiting the delivery of whiskey in the evening by the express Company. This is probably done to save some poor fellow from setting up waiting for a late train.

The local Military Company has been ordered to report at Morehead City on August 3rd where they will spend ten days in Camp. This National Guard and the local company belong to the First North Carolina regiment.

On last Monday evening at the residence of Rev. J. A. Gilmer in this city, he married Mr. Pete Jones to Miss Lonnie Blackburn in the presence of a few friends. The groom is a popular young man of this place while the bride is from Winston-Salem where she enjoys great popularity among her friends.

NOTICE.

Having qualified as administrator of the estate of Daniel Kiser, deceased, notice is hereby given to all persons holding claims against said estate to present them to me for payment, duly authenticated, on or by the first day of June, 1912, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate are respectfully requested to make payment. This the 20th day of May, 1911. F. E. PETREE, Administrator. Germanon, N. C., Route 1. N. O. Petree, Atty. for Admr.

MUSHROOM CORNS Most Painful of All Foot Ailments. How to Cure Them.

The Mushroom corn is so called from its pitted cone top, resembling a tiny mushroom. It burrows deep into the toe and gets more inflamed than other corns. For the quick relief and cure of these and all corns and callouses the following is the most effective remedy known to science:

Disolve 2 tablespoonfuls of Calocide compound in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) All soreness instantly disappears and the corn or callous can be easily peeled off. It may be necessary to repeat this for a number of nights for a complete cure, but if adhered to it will surely succeed. A little olive oil rubbed on the part is very beneficial. This Calocide is a very remarkable preparation for all foot ailments and is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually sufficient to put the worst feet in fine condition. Bad smelling feet and tender feet need only a few treatments, likewise with inflamed bunions. This item will be welcomed by persons who have tried ineffectual powders and tablets.

THE DANBURY REPORTER OFFERS A PRIZE OF \$5 FOR BEST EAR OF CORN IN STOKES COUNTY.

The Reporter has decided to offer \$5.00 in gold for the best ear of corn grown in Stokes county by any person for the year 1911. The judges in the contest will be Messrs. W. A. Petree, I. G. Ross and J. Spot Taylor. All ears of corn to be entered in the contest must be received at the Reporter office not later than the first Monday in December, and on that day the points of superiority will be decided and the premium awarded.

Every person, man or boy, male or female, is cordially invited to enter the contest.

Mr. Paul Petree, the young son of Mr. and Mrs. R. J. Petree, of Germanton, who is a student in medicine at Chapel Hill, has been awarded an instructorship in anatomy at the University. Besides the honor connected with the place, it embraces a nice little salary. The many friends of this bright and deserving young Stokes boy send their congratulations.

Pinnacle Route Two.

Pinnacle Route 2, June 12.—The ice cream supper at Flat Rock school house Saturday evening was quite a success.

The infant of Mr. and Mrs. N. F. Combs died Friday and was buried Saturday.

The people have commenced harvesting wheat and it seems like the crop is fairly good.

Owing to the continued dry weather very few people are through planting tobacco.

Mr. R. L. Hicks and family attended preaching at Brim Grove Sunday.

Mr. and Mrs. C. H. Boyles visited at Mr. C. K. Boyles' Saturday and Sunday.

Miss Olive Boyles visited Miss Parrie Bennett Saturday and Sunday.

These Patent Tension Steel Shears FREE with one years subscription to the

SEMI-WEEKLY OBSERVER

The Latest and Most Useful Household Invention.

The cutting edge on these shears is indestructible and will never wear dull. They will cut anything and everything from wet tissue paper to a heavy horse blanket.

Note the Patent Tension Spring. It Does away with Resharpener Entirely. Eight inches long. Eight-inch Patent Tension Spring Shears.

THE SHEARS being distributed by The Semi-Weekly Observer are manufactured of the very highest grade steel, perfectly tempered and heavily nickel-plated on highly polished surface. The patent tension spring takes up the wear on the rivet, so that the cutting edges will never wear dull. A simple turn of the little thumbscrew will adjust the blades to cut anything from the thinnest and most delicate fabric to the heaviest material. Every woman who has had the exasperating and trying experience of attempting to cut with a dull pair of shears will appreciate the value of this new invention.

Read this guarantee. We guarantee the quality of the material and the workmanship in these shears to be first class in every respect; that the tension spring doubles the usefulness of the shears and does away with the necessity of resharpener. A printed guarantee certificate accompanies every pair and contains the following: "If this pair of shears breaks or becomes defective in any way within five years from the date delivered it will be replaced with a new pair free."
