## THE DROUGHT BROKEN

RAIN IN MANY SECTIONS

Saturday and Monday Showers Visited The County, Greatly Refreshing the Crops—Tobacco Improving Fast, Wheat Crop Excellent, Corn Fine.

Since the last issue of the Reporter refreshing rains have visited various sections of the county, tremendously improving crop prospects, and carrying relief to thousands of hearts. At Danbury it rained a good soaking rain for something like an hour, while at Walnut Cove the fall was even more copious. The same news comes from many other neighborhoods. On Monday night good rains fell in the Brown Mountain country. While the rains have not been as general and as prolonged as farmers would wish for, yet they have proved of incalculable benefit to the growing crops. Tobacco that had been set out, and which was in many places seriously languishing, has taken a start to grow, and is now looking well. Many farmers took advantage of the season to set out the balance of their plants, which they had been laboriously keeping alive by watering for weeks. It is now believed that the tobacco crop will not be more than one-third short in the county.

Corn is looking fine, while a most excellent crop of wheat is stacked waiting for the threshers. Hay is fairly good, oats poor.

LATER—(Wednesday).

Last night a splendid rain visited Danbury and, as far as can be learned, was distributed over a wide extent of the county, especially to the north-east and east.

### Another Precinct Heard From.

Walnut Cove, June 23.

Messrs. Editors:

We read in the last week's issue of the Reporter that the Danbury baseball team was going to play some other team for the championship of the county. Now we want to ask where Walnut Cove is? We put a challenge in the Reporter saying that we would play any team in the county, but we did not hear from anybody. And if Danbury wants to play anybody for the championship of the county why Walnut Cove wants a whack at them too.

### A WALNUT COVE FAN.

The excellent rains have put smiles in the faces of the farmers.

Mrs. C. A. Rozzell Knocked Into Insensibility and Robbed—The Bank Is the Place to Keep Money.

Mrs. C. A. Rozzell, of Rowan county, was knocked into insensibility last Thursday night, while the house was robbed of a considerable sum of money and other valuables. Mrs. Rozzell's husband was absent from home, and she was sleeping with a two-year old child.

It always pays best to keep money in the Bank. It is a very rare thing that a bank has ever lost any money for a depositor, and a well managed bank is absolutely safe. But when you lie down at night with your money hid away in the house, you are doing a mighty risky thing. If you keep money in your house, there is certain to be some one who knows it, and it will be talked around. It invites scoundrels to rob you when you least expect it, and often murder precedes or follows robbery.

The Bank of Stokes County is keeping thousands of dollars safely for many men, women and children of Stokes county, and the beauty of it is that while their money is being kept safe, the Bank pays them 4 per cent. interest for the use of the money, yet standing ready to pay over the principal and interest at any time.

Try banking your money. Don't stand back because you have not so much. We have depositors from \$1.00 to \$1,000. We take any amount, large or small. Try it today—don't wait.
