DANBURY, N. C., AUGUST 30, 1911.

No. 2,16

## VISITING STUDENTS

### LARGE NUMBER IN TOWN

Prof. J. T. Smith's School For Teachers Enjoying a Liberal Attendance—Will Be Here a Month.

About fifty students are attending the teachers' training school of County Superintendent J. T. Smith. It has been a long time since Danbury has quartered so many attractive and bright young women, and handsome and intellectual young men. All of them are candidates for teachers' certificates which will entitle them to work in the public schools of the county this fall and winter.

The students here are as follows:

Misses Hattie and Clemmie Smith, of King.  
Miss Minnie Glidewell, of Walnut Cove Route 3.  
Miss Effie Gentry, of King.  
Miss Mary E. Moser, of Rural Hall.  
Mrs. Jennie Flinchum, of Danbury Route 1.  
Miss Maud Smith, of Francis-co.  
Miss Della Boyles, of Walnut Cove.  
Miss Estelle Smith, of Iredell county.  
Miss Roxie Taylor, of Smith.  
Miss Lilla Covington, of King.  
Miss Annie Moore, of King.  
Miss Della Carter, of Sandy Ridge.  
Miss Ruth Pringle, of Campbell.  
Miss Sadie Pringle, of Campbell.  
Miss Annie McAnally, of Saxon.  
Miss Berchie Dunlap, of Gideon.  
Miss Della Stewart, of Danbury.  
Miss Lucy Lackey, of Campbell.  
Miss Bessie Moore, of Campbell.  
Miss Lilla Hutchens, of Mayodan.  
Miss Myrtle Smith, of Mayodan.  
Mr. Dan Lynch, of Pilot Mtn.  
Mr. J. Clyde Johnson, of Madison Route 3.  
Prof. J. H. Cromer, of King.  
Mr. R. L. Boyles, of Pinnacle Route 2.  
Mr. Charlie Hutchens, of King.  
Mr. W. M. Fulk, of Belews Creek.  
Mr. D. O. Slate, of Mizpah.  
Mr. Sam P. Heath, of Walnut Cove Route 1.  
Mr. Carr Gann, of Madison Route 3.  
Mr. Eugene Ray, of Danbury Route 1.  
Mr. F. S. Lynch, of Pilot Mtn.  
Mr. L. M. Sizemore, of Germanton.  
Mr. Jesse Beasley, of Francis-co.  
Mr. H. E. Carter, of Sandy Ridge.  
Mr. Alvia S. Francis, of Francis-co.  
Mr. Russel Gann, of Madison Route 3.  
Mr. J. N. Yeung, of Meadows, was a visitor at the Reporter office yesterday.

CHAS. B. AUSTIN.

Writes Of His Great Meeting at Friendship—Leaves For Mars Hill.

Dear Editor: We closed a great meeting at Friendship last Tuesday night. God blessed us. There were about fifty professions, thirty-three by baptism, one by letter and one restored. The writer preached a special sermon to the young converts last Sunday morning. In the afternoon there were three more baptized and one restored. Total additions to the church from the meeting were 39. We thank God for the meeting.

I have resigned my work to attend Mars Hill College.

I shall never forget the people of Stokes county and their kindness to me.

With very best wishes, I remain,

CHAS. B. AUSTIN.

Germanton Beats Poplar Springs the Fourth Time.

Germanton, Aug. 28.—While the Germanton, baseball nine were quietly practicing on their ground Saturday afternoon they were surprised to see coming across the field toward them a crowd all dressed in yellow that looked as though they wanted to play play ball.

Well our eyes served us right for Poplar Springs said they had come to play and wanted the game started at once. The Germanton players soon found they meant business and it didn't take them but a very short time to get into position. The first inning of the game was featured with a triple play by Germanton. There were three triple plays by Germanton throughout the game. The game ended 19 to 8 in favor of Germanton. This is our fourth game with Poplar Springs, leaving us the victors of three.

Luther McKenzie featured as a good roofer.

We don't want to forget the home rounds by Wall, which if I am not mistaken were three.

Lawsonville Man Invents Valuable Machine.

A man near Lawsonville has invented a machine that must have a commercial value rendering it indispensable in hundreds of households. It is a contrivance which saves the energy of a cow's tail. The cow is tied near the house, and from her constantly wagging caudal appendage runs a cord which is attached to a crank and pulley, which in turn are connected with a fly brush over the dining table, a patent churn and the baby cradle. Verily, science hath accomplished wonderful things.

Patent applied for.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying to Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all Dealers.

## CONDITION OF CROPS

### MUCH IMPROVEMENT GENERAL

Tobacco Crops Have Come Out Wonderfully—Corn Is Generally Fine, With a Largely Increased Acreage. Farmers Can Now Plow For Grain.

A most wonderful improvement has taken place in crop conditions during the last few days, as a result of the copious showers of rain with which every section of the county is being blessed. The most remarkable come-out is noticeable in the tobacco crop. Late tobacco, which many people believed would hardly be worth the saving, is growing with leaps and bounds, and will ripen in good time before the frosts. Forward tobacco is looking splendid, and cutting and curing will be in order now within a few days. Many farmers have already cured primings, and report the color good. Mr. Hayes Duggins, of Danbury, finished a barn of primings this week, and says it is a beauty.

The corn crop is excellent, with a greatly increased acreage over last year. Much land intended for tobacco was planted to corn, on account of drouth conditions, and the consequence will be far and away the biggest crop of corn ever. The rains are making it fast.

If the farmers, whether on account of a short crop of tobacco, or from other causes, may realize high prices for their tobacco, say an increase of 25 per cent., then taking into consideration the facts of a big corn crop, and general economy set in practice by the drouth, they will be as a rule in better condition than they were last year.

After these rains are over, lands may be broken for the fall grain sowing. The acreage in wheat this fall probably will be, and should be, larger than ever before. But for the splendid wheat crop this summer, the farmers would have certainly been seriously hurt. A full grain yield for both man and beast saved the country.

Crops Looking Well on Tobaccoville Route Two—Successful Meeting At Mt. Pleasant.

Tobaccoville Route 2, Aug. 28.—Crops in this section are looking well at present.

There has just closed at Mt. Pleasant M. E. church a successful meeting. There was a large crowd attended the meetings. The weather was fine and all seemed to be interested in the meetings. There was extra good preaching both day and night. Some conversions and several additions to the church.

Miss Evans, of Jonesville, is visiting her sister, Miss Metta, on Route 3 this week.

Miss Erma Boles, of Pinnacle Route 1, visited friends on Route 2 last week.

Miss Grace Rierson spent Sunday evening with the Misses Lambert.

## TOLL ROAD WILL PAY

### GOOD INVESTMENT SUPER

The Summer Visitors Alone Would Pay the Interest On the Money—The Traffic Of All Kinds Would Create a Handsome Surplus.

There is no question in the minds of conservative businessmen that the proposed toll road from Walnut Cove to Danbury and the Buck Island bridge would be a paying investment. Let the capital be, say, \$50,000. The interest on this sum would be \$3,000 per year. Figuring a fee of 25 cents to 50 cents per head each way, the summer visitors alone would pay the interest. This season about 1,500 guests have made the round trip from Walnut Cove to Piedmont, even over the bad roads, paying from \$2.00 to \$4.00 cash for the transportation, not counting what they paid for trunks, valises and other baggage. It could quite safely be estimated that with a fine modern turnpike, the number of visitors would be trebled or quadrupled. This is taking into consideration only Piedmont. With the building of the road, all of the Moore's Springs visitors would come this way, also. Then when it is calculated that a largely stimulated traffic of both passengers and freight would travel the road in every month of the year, the tobacco crop would go out over it, the fertilizers and other supplies come in over it, the mail use it, etc., etc., we are sure the road would pay handsomely on the investment.

A well known Des Moines woman after suffering miserably for two days from bowel complaints, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all Dealers.

Notice To School Committees.

The undersigned will meet the school committees of the different townships, for the purpose of assisting them in hiring teachers for the different schools of the county as follows:

Danbury, Aug. 26, at 2 o'clock P. M.  
Francisco, Sep. 2, at 1 o'clock P. M.  
Sandy Ridge, Sep. 9, at 10 o'clock A. M.  
Dillard, Sept. 9, at 2:30 o'clock P. M.  
Lawsonville, Sept. 16, at 2:30 o'clock P. M.  
Mt. Olive, Sept. 23, at 1:00 o'clock P. M.  
Meadows school house, Sept. 25, at 10 o'clock A. M.  
Walnut Cove Academy, Sept. 25, at 1:30 o'clock P. M.  
Teachers will please send their applications in writing to the committee or the county superintendent.  
This Aug. 23, 1911.  
J. T. SMITH,  
County Superintendent.

A KING WHO LEFT HOME

set the world talking, but Paul Mathulka, of Buffalo, N. Y. says he always KEEPS AT HOME the King of all Laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all Druggists.

## NEWS OF GERMANTON

### Town Alive With Summer Visitors

—Personals.

Germanton, N. C., August 28.

Germanton has been alive with visitors since the early summer and they are still coming in.

Miss Mary McLead Bethea, of Clio, S. C., who has been visiting Miss Mary Matthews, returned home last Tuesday. While here a cascade trip was was gotten up for her pleasure in which Misses Sarah Styers, Mary Matthews and Messrs. Walter Petree, Clifton Kurfees and Willie Matthews and Mrs. W. C. Matthews, gladly joined.

Dr. George E. Dennis, after spending several months in travels through the Southern States for the purpose of finding suitable location for the practice of his profession, returned home this morning.

Miss Hattie Jackson of Durham is here for a few days with her sister Mrs. J. C. Carson. Miss Jackson has been spending some time at Moore's Springs.

Mrs. U. S. Brown and her two little sons, Omar and Vernon Lee of Washington D. C., are visiting Miss Linda Gibson.

Mr. H. S. Foy, Jr., returned to his business in Texas last week.

Miss Caudia Pike of Winston-Salem visited Miss Styers last week.

The young people of Germanton enjoyed a very delightful hayride to Sullivan's Hill and Rural Hall one night last week.

Mr. and Mrs. J. C. Small came back from Piedmont Springs last Saturday and are spending some time with their father Dr. Hill.

The Poplar Springs Base Ball team was defeated by the Germanton team last Saturday overwhelmingly 21 to 8.

S. M.

Mt. Airy Items.

There are those here who have the idea that the dog law that was passed last summer was to be enforced for only a few days. The Mayor asks us to inform the public that that law is for all time to come and that a long forbearing public will never again allow worthless dogs to prowl around public places as in the past. Yes the law is here and here to stay. Those who have recently been allowing their dogs to run at large are hereby notified that there is trouble ahead.

The low water in the streams is seriously interfering with business that is dependent upon power furnished by the city's power house. They tell us that there is now less water in the streams in this section than at any time this year. Springs are ceasing to flow that were never known to fail before. The wheels at the power house are run about six hours during the day and sometime not that long. The recent rains were not sufficient to wet the earth to any depth and the real drouth is yet with us.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all Druggists.

## R. F. FULK'S FARM

### PLEASANT VISIT THERE

Mr. B. F. Bynum, of Germanton, Makes a Trip to See His Old Friends On the Little Yadkin.

Germanton, Aug. 28.

Dear Editor:

Last week I make a little trip to Pinnacle and vicinity, and while up there I went down to visit my old friends, Riley Fulk and Mr. G. W. Barr, who live on Spring Valley Farm, lying on little Yadkin River. Mr. Barr has been blind for twenty-five years or more. He lost his eye sight fighting fire. He is now in his 84th year and is hale and hearty. He takes life very quietly and looks on the bright side.

Mr. Fulk carried me over his farm of 400 acres and I saw some very fine corn on his well cultivated bottoms. He and his sons and tenants have between 30 and 40 acres of fine tobacco on the up-lands, though a hail storm passed over that section on the 12th of August and damaged their crop probably \$500, but they will yet make a splendid crop if no other accident happens.

Mr. Fulk is greatly improving his land by sowing peas, clover and other grasses. His peas are looking well for the season and he can mow a fine crop of hay the first of September.

In walking over the place we rested in the shade at some of the fine springs with which it is dotted and drank of the pure clear water that flows from the hill-sides and if you want to enjoy old-time hospitality with plenty of the good things of the farm to eat such as fried chicken, snap beans, roasting-ears, tomatoes and good cold milk, pay a visit to Spring Valley Farm.

With best wishes for the Reporter.

B. F. BYNUM.

## TOBACCO WILL SELL HIGH

The Crop Is Going to Bring Good Prices This Fall—This Is a Foregone Conclusion.

It is given up by nearly everybody now that tobacco is bound to bring a good price this year. The indications all point that way. The Reporter copies the following items from this week's issue of the Reidsville Review, as bearing on the subject:

Mr. W. T. Barber, who has been buying tobacco for the Imperial Tobacco Company at Lake City, S. C., returned home Saturday and will go to Smithfield this week where he will be stationed for the next two or three months. Mr. Barber says the crop in South Carolina is short this year and already three-fourths of it has been marketed. He says the weed is selling very high, averaging around fifteen cents.

Our countyman, Mr. Henry W. McGehee, who runs a warehouse at Nichols, S. C., has been making some record-breaking sales this season. One day recently he sold over 25,000 pounds at an average above \$19.00. On another day he sold 45,000 pounds at an average of \$16.50. The tobacco was nearly all "in the rough"—ungraded stripped leaves. These are good prices and show that tobacco is in good demand and will doubtless sell at satisfactory prices all this season.
