HIGH POINT.

High Point, Aug. 24.

Dear Editor:

Please allow me a little space. My Mama takes your dear paper and I want to write a short letter (I mean get Mama to write for me.) I have just returned home from visiting my Grandpa's in Stokes. I certainly enjoyed myself up there. I'll soon be four years old. I have one sister; we have a nice time playing. I have a wagon and she has a doll.

When any of you little folks come to High Point you must be sure and come to see me.

Aunt Meathel you must write.

With love to all,
PHILMORE CARROLL.

ACCUSED OF STEALING

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all Druggists.

MT. AIRY MATTERS

SURRY COUNTRY HAPPENINGS

The Postoffice Fight At Mt. Airy —News Items of Interest.

Everyone you meet these days wants to know about the Post Office. A two thousand dollar job naturally attracts attention and the fact that it may change hands makes the politicians sit up and take notice. The Inspector was here last week and saw those parties had made affidavits about Mr. S. E. Marshall's character and other affidavits also were filled. The Inspector remained several days and was out in the White Plains section where Mr. Marshall lived for several years. Mr. Joyce is wearing a confident smile and appears to not be the least fearful—that he will ever be put out of the job. Just what his hopes are based upon he is not saying further than he has violated no law or ruling of the Department that would justify his removal. Mr. Marshall and his friends are as confident as can be that he is certain to be in possession of the offices within a few days. If one is to believe the reports about the finding of the Inspector there is reason for thinking that Mr. Marshall will get the peach. Reports says that some of the charges filed were based on transactions as long as sixteen years ago. They raked up a wagon trade long ago that was used to reflect upon the would-be post master. The Inspector said to have remarked that he found Mr. Marshall to have the cleanest character of any man he had investigated for sixteen years, that being the time he has been in the employ of the Department as Inspector. He is said to have remarked that there was nothing for him to do after making a thorough investigation of all the facts but to go to Washington and report that Mr Marshall should be confirmed. All of which the reader may believe or not just as he pleases. Such is the street talk, and as such we give it.

Little Richard McCargo, who was so badly burned while playing with matches about nine weeks ago, is slowly convalescing and has been wheeled out in a carriage several evenings lately but is not yet able to sit up.

Dr. Judson Vipperman, of Spencer, N. C. held a series of meetings with the pastor Rev. C. C. Haymore, at the Rock church near this city last week. The people who heard Mr. Vipperman were delighted with his eloquence and learning. He was reared in this section of the state and is rapidly taking rank with the ablest preachers of the state.

Mr. J. M. Bennett now of Humansville, Mo. has been in the county a few days and left for his home Monday. Mr. Bennett went to that state a year or more ago and came back to wind up some business. He sold his farm while here. He likes the west and will make it his home in the future, at least he thinks so now. His son-in-law, Mr. Elisha Creed and family returned to the west with him.

Because of special rates on the railroad a number of the merchants of this city have gone to New York. Some went on

pleasure bent and many to buy goods for the fall trade. Among those who left Tuesday we note the following: Mr. E. H. Wrenn, wife and son, Lucian, G. C. Welch, G. A. Holder of Round Peak, W. E. Jackson, S. M. Hale, J. D. Smith, C. E. Lundy, J. A. Yokley and wife, Charley Bowman and Alex Bowman.

Why Not Sleep Outdoors?

It seems strange that it took people so long to learn the pleasure and benefit of sleeping in the open air. Until very recent by sleeping porches were seldom seen. We shut ourselves up in stuffy rooms and sweated during the hot months, when by moving the beds a few feet into the open air we could sleep in comfort. The campaign of publicity to educate people on the benefit of fresh air as a preventive and cure for consumption led to the building of sleeping porches, and now most houses are based upon he is not saying further than he has violated no law or ruling of the Department that would justify his removal. Mr. Marshall and his friends are as confident as can be that he is certain to be in possession of the offices within a few days. If one is to believe the reports about the finding of the Inspector there is reason for thinking that Mr. Marshall will get the peach. Reports says that some of the charges filed were based on transactions as long as sixteen years ago. They raked up a wagon trade long ago that was used to reflect upon the would-be post master. TO CURE SORE BUNIONS

Treatment Marvelously Quick for This and All Foot Troubles.

"Dissolve two tablespoonfuls of Calocide compound in a basin of hot water; soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) Repeat this each night until cure is permanent." All pain and inflammation is drawn out instantly and the bunion soon is reduced to normal size. Corns and callouses can be peeled right off and will stay off. Sore, tender feet and smelly, sweaty feet need but a few treatments. A twenty-five cent package of Calocide is usually sufficient to put the worst feet in fine condition. Calocide is no longer confined to only the doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. This will prove a welcome item to persons who have been vainly trying to cure their foot troubles with ineffective tablets and foot powders.
