NEWS OF OAK GROVE

SAVING THE TOBACCO CROP

Is Now the Order of the Day—An Impressive Sermon—A Surprise Birthday Dinner.

Oak Grove Sept. 11.—Priming, cutting and curing tobacco and pulling fodder is all the rush now adays. A lot of tobacco has been cut and cured and the report is a very good cure.

Since the rains have fallen, late tobacco is doing fine

Rev. J. E. Simmons, of the Vade Mecum section, preached a very impressive sermon at Oak Grove school house on last Sunday. He used for his text a very good passage of scripture found in first John, second chapter and tenth and eleventh verses which reads as follows:

He that loveth his brother abideth in thee and there is no occasion of stumbling in him. But he that hateth his brother is in darkness and walketh in darkness and knoweth not whether he goeth because that darkness hath blinded his eyes. The writer was somewhat surprised to find such a change as has taken place at Oak Grove with not much Sunday School and singing choir with no female voices to be heard. It seems like there has been a cyclone or some great calamity had swept over that section, but hope they will reorganize and have a good school yet.

There is not much sickness in the neighborhood at this writing.

Mr. J. H. Gibson, who has had typhoid fever, is able to sit up again now.

Mr. J. E. Wilson is all smiles now adays, it's a fine boy.

Mr. C. H. Boyles, of Pinnacle Route 2, is in good humor now, and it's a boy. Mr. Boyles has bought some more land and says he is going to farm some now.

The Farmers' Union is doing some good for the farming class in some sections. They have caused a drop in kerosene oil from 18 cents per gallon to 8 cents per gallon and many other articles in proportion.

A lot of the young people of this section are attending the school at Danbury preparing themselves for teaching.

There was a surprise birthday dinner at Mr. A. J. Smith's last Sunday. A large crowd was present.

SCRIBBLER.

FORCED TO LEAVE HOME.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c & \$1.00. Trial bottle free at all Druggists.

Mrs. A. J. Fagg, of this place, visited Mr. and Mrs. J. M. Fagg at Red Shoals Saturday and Sunday.

BALL GAME THURS.

The State Library DURY LOSES AGAIN

Game Between The Locals And The Visiting School Boys Called Off On Account Of Darkness.

The second ball game played here Thursday between Danbury and the School Boys was a very nice game, but a little one sided. The game was called to play by umpire W. R. Stewart at 4:30 o'clock P. M. Carter pitched the game throughout for the School Boys, and did some fine work.

Danbury's pitcher, Culier, was batted out of the box in the fourth frame, and Ray succeeded him. The game was called off on account of darkness, and Ray only pitched three innings and only allowed one safe hit. The School Boys ran away with Danbury in the fourth frame, scoring 8 runs. They allowed Danbury to score only in the first and second frames.

The School Boys have won the victory of the best two out of three. The last game resulted in a score of 11 to 2 in favor of the School Boys.

The bright and good looking young ladies, who are attending the school here, rooted for the School Boys and did them much good.

TRIP TO SHEEP ROCK.

Pleasant Tramp By Party of Young People.

Wednesday evening of last week a crowd of Danbury's young people paid a delightful visit to Sheep Rock, an interesting point on the side of the mountain a mile and a half from town. The start was made at 5:30 and the destination reached about 6:30.

On the way to the rock, one of the gentlemen got very much interested in a muscine vine and came very near forgetting his basket on the roadside and would have had it not been for the thoughtfulness of a gentleman in the rear.

Many queer voices were heard in the bushes on the wayside but nothing very dangerous made its appearance as we journeyed on.

Two boys and two girls discovered a watermelon patch, which on closer investigation proved to be very prolific, and it was consequently raided to the satisfaction of the crowd.

After spending a very pleasurable hour or two with watermelons, moonshine and chigoes, the crowd returned home.

The party was as follows: Mrs. E. C. Edmonds and Mrs. H. M. Joyce, chaperones; Misses Mary, Mattie and Grace Taylor, Mary Joyce, Maud Petree, Virgie Martin, Mary Martin, Agnes Martin, Sadie Petree, Phoebe Edmonds, Annie Blair, Annie McAnnally, Nellie Joyce, Jessie W. E. Joyce, Andrew Joyce, T. S. Petree, John Taylor, Rob Joyce and Burnie Culver.
