SOME GOOD ADVICE**TAKE GOOD CARE OF YOUR LAND**

Prof. Parker Tells You How To
Do It—Cover Crops Are Great
Land Savers.

Every farmer owes it to him-
self, to his family and to poster-
ity, to take the best care of his
land that he possibly can; to
maintain its fertility and to keep
it from washing away.

Investigators, whether scien-
tists or practical farmers have
found that winter cover crops of
any kind prevent land, in a
large measure, from washing,
and when turned under the fol-
lowing spring make productive
then if no crop had grown on it.

An experiment covering a
number of years, in one of the
North Western states, showed
that more plant food was lost
from the land during the months
when no crops were grown on it
than was taken off in the regu-
lar summer crops. If this was
true in that state where they
have long and cold winters
when leaching is impossible for
weeks at a time, how much more
would it be true in North Caro-
lina with her open winters when
plant food can be leached from
out soils almost any week during
our winter months.

A ton of green rye contains,
according to good authorities,
about 66 pounds nitrogen; 3
pounds phosphoric acid, and 14.6
pounds potash. A ton of green
wheat contains, 10.8 pounds
nitrogen, 3 pounds phosphoric
acid, and 14.6 pounds potash.
Green oats contains just a little
less plant food than does green
wheat. A ton of greed crimson
clover contains 8.6 pounds nitro-
gen, 2.6 phosphoric acid, and
9.8 pounds potash. Red clover,
Bur clover and the vetches con-
tain more plant food in their
green state than crimson clover
does. The wheat and rye men-
tioned above was probably grown
on fertile land which explains
their high percentage of nitro-
gen, for it is an established fact
that corps grown on rich land
contain more nitrogen than when
grown on poor land. For that rea-
son grain grown on rich land has
a higher feeding value than that
grown on poor land. It may be
well for us to remember this
when growing grain for our own
feeding purpose.

Rye, wheat and oats take ni-
trogen from the soil and store it
in the plant, thus saving much
of this costly element of plant
food that would otherwise be
leached from the land by our
winter rains. The stools or
bunches and their roots and
leaves retard the flow of water
and act as brakes which will
prevent to a large degree the
washing of our rolling lands.
The clovers save the land from
washing in the same way and in
addition to this are beneficial by
being able to take nitrogen from
the air through the agency of
bacteria which adds to the fer-
tility of the soil. But to grow
these latter successfully the soil
must contain the bacter-

**Wood's Fall
Seed Catalogue**

just issued—tells what crops
you can put in to make the
quickest grazing, or hay, to
help out the short feed crops.
Also tells about both

**Vegetable and
Farm Seeds**

that can be planted in the fall
to advantage and profit.

Every Farmer, Market Grower
and Gardener should have a
copy of this catalog.

It is the best and most com-
plete fall seed catalog issued.

Mailed free. Write for it.

T. W. WOOD & SONS,
Seedsmen, - Richmond, Va.

**MEXICAN
MUSTANG
LINIMENT****CURED A BAD SPAVIN.**

Mr. B. H. Ivey, Marion, N. C., writes:
"My horse had a very bad case of spavin
and nothing did any good until I tried your
Mustang Liniment. I rubbed the spavin
frequently with the liniment and soon saw
an improvement. I did this three or four
times a day and my horse was completely
cured. It is sure to cure if properly used."

**MEXICAN
MUSTANG
LINIMENT****FOR HORNET STINGS.**

Mr. S. J. Hudson, Newbern, N. C., writes:
"I have used Mexican Mustang Liniment
for different ailments and have found it
an excellent liniment. At one time my
mare was badly stung by hornets but your
liniment quickly cured her. I have recom-
mended it to others hundreds of times."
25c. 50c. \$1 a bottle at Drug & Gen'l Stores

**Mexican
Mustang
Liniment****CURES SWINNEY.**

Mr. R. S. Shelton, Hill, N. C., writes:
"I used Mexican Mustang Liniment on
a very valuable horse for swinney and it
cured it. I always keep it in my stable and
think it the best liniment for rubs and galls."
It contains no alcohol and so cannot
sting in cases of open wounds or burns.
Soothes and cools at once. Just try it.

**MEXICAN
MUSTANG
LINIMENT****For BURNS and BRUISES.**

Mr. W. V. Clifton, Raleigh, N. C., writes:
"I keep a bottle of Mexican Mustang
Liniment in my house continually for gen-
eral use. It is the finest thing in the world
for Cuts, Burns and Bruises."
25c. 50c. \$1 a bottle at Drug & Gen'l Stores

is peculiar to the particular crop
grown.

It has been the experience of
many of our farmers that any
crop grown after a winter-cover
crop, when turned under at the
proper time in the spring, and
disked well before and after
turning, will produce a great deal
more, often as much as 50 per
cent more, than if no winter-cover
crop had been grown. The seed
for a cover crop will cost from
one to five dollars an acre accord-
ing to kind and quantity of seed
used. This should save to the
soil and add to the next year's
crop more than twice the cost
of the cover crop.

Sow at the rate of 15 to 20
pounds crimson clover seed per
acre and cover lightly with har-
row or cultivator. These can be
sowed in growing crops, on stub-
ble land, or after peas. Sow from
20 to 30 pounds of vetch per acre
if sown with small grain, and if
sown alone put from 40 to 50
pounds per acre. Rye should be
sown at the rate of one to one and
a half bushels per acre.

An application of manure, or
from 200 to 500 pounds acid
phosphate, per acre and 25 to 50
pounds muriate of potash on
sandy or gray land, will be help-
ful to the clover and vetches.
For rye or other small grain it
may be better to add nitrogen
to the above.

It is now time to commence
putting these crops in. When
put in cotton fields it is better
to sow immediately after the
pickers, as in that way no cot-
ton will be knocked out in cover-
ing the seed.

Put in the crop that will suc-
ceed best in your locality and ex-
periment with other crops in a
small way until you are assured
they will make satisfactory
growth on your land and under
your conditions.

T. B. PARKER,

Director Cooperative Experi-
ments, N. C. State Depart-
ment of Agriculture.

Don't trifle with a cold is good
advice for prudent men and wo-
men. It may be vital in case of
a child. There is nothing better
than Chamberlain's Cough Rem-
edy for coughs and colds in
children. It is safe and sure.
For sale by all dealers.

WILL HOLD COTTON.

Dr. H. Q. Alexander Says The Farm-
ers Will Hold Their Cotton For
Fifteen Cents.

"Will the farmers of North
Carolina hold their cotton for 15
cents?" Dr. H. Q. Alexander,
president of the State division
the Farmers' Union, was asked
Saturday afternoon by a Char-
lotte paper.

"That depends," Dr. Alexan-
der responded. "Of course there
are some who cannot hold. They
have incurred obligations which
have to be met and there is noth-
ing for them to do but dispose of
enough of their crop to get rid
of pressing obligation. Of the
remainder, however, I am con-
fident that the great majority will
hold their cotton for 15 cents.
The organization is making a
constant and I believe an effec-
tive campaign of education with
the view to bettering the con-
dition of the farmers, instruct-
ing them as to the production
and marketing of their crops and
otherwise looking after their best
interest.

"I have received several inquir-
ies, mostly from officials of coun-
ty locals throughout the State,
asking about the financing of the
crop. My replies to all these is
to have the county locals appoint
influential committees to wait
upon the locals banks to see if
funds cannot be secured at home
for the financing of the crop, the
securities being the warehouse
receipts. I have added that if
sufficient accommodations cannot
be secured, then to communicate
with me so that I can get in
touch with others higher up."

Dr. Alexander is assured that
the farmers of the South can
realize on their crop if they will
only market it slowly and judi-
ciously.

GIVES AID TO STRIKERS.

Sometimes liver, kidneys and
bowels seem to go on a strike and
refuse to work right. Then you
need those pleasant little strike-
breakers—Dr. King's New Life
Pills—to give them natural aid
and gently compel proper action.
Excellent health soon follows.
Try them. 25c at all druggists.

Miss Harriette Ross, of Locust
Hill Farm, visited in Danbury
Thursday.

Stokes Prisoners Carried to Rock-
ingham County.

The prisoners sentenced to the
public roads of Rockingham
county at last week's term of
Stokes Superior court were car-
ried to Madison Thursday by
Sheriff C. M. Jones and Deputy
Sheriff S. W. Neal and delivered
to the Rockingham county
authorities.

The names and sentences of the
prisoners were as follows: Mil-
ton Barlow, white, 12 months;
Cephas Long, white, 4 months;
Ben Anthony, colored, 4 months.

**MRS. MCGILL
BROKE DOWN**

Gives the Real Facts In Regard to
Her Case and Tells How She
Suffered.

Jonesboro, Ark.—"I suffered a com-
plete break down in health, some time
ago," writes Mrs. A. McGill, from this
place. "I was very weak and could
not do any work. I tried different
remedies, but they did me no good.
One day, I got a bottle of Cardui. It
did me so much good, I was surprised,
and took some more.

Before I took Cardui, I had headache
and backache, and sometimes I would
cry for hours. Now I am over all that,
and can do all kinds of housework. I
think it is the greatest medicine on
earth."

In the past fifty years, thousands of
ladies have written, like Mrs. McGill,
to tell of the benefit received from
Cardui.

Such testimony, from earnest women,
surely indicates the great value of this
toxic remedy, for diseases peculiar to
women. Are you a sufferer? Yes?
Cardui is the medicine you need.
We urge you to try it.

N. B.—Write to: Ladies' Advisory Dept., Cham-
berlain Medicine Co., Chattanooga, Tenn., for Special
Instructions, and 64-page book, "Home Treatment
for Women," sent in plain wrapper, on request.

**It's Easy to
Stop Pain**

"I use Dr. Miles' Anti-Pain
Pills for Neuralgia, LaGrippe
and all pains. I don't intend
to be without them, for I find
ready relief in them for every-
thing I use them for."

MRS. L. F. MILLER,
120 W. 6th St., Davenport, Ia.

All Pain

"In my family Dr. Miles'
Anti-Pain Pills are used for
headache, colic and other
pains, and always give relief
at once."

THE STOKES COUNTY FAIR.

A Cordial Invitation Extended to
the Public To Come and Enjoy It.

King, Sept. 21.—Home com-
ing time and the days of the 1911
fair will be well worth the pres-
ence of everybody. The endeavor
of the management will
doubtless be met by a hearty re-
sponse on the part of the people.

Why not make up your mind
right now that you are coming?
Your friends and neighbors will
be there; you will regret it if
you are not. The small amount
it takes will never be missed.

In extending this invitation to
our friends we guarantee that
while they are here they will re-
ceive liberal treatment, and en-
joy the fair. The fair is held at
a seasonable time when every
farmer and his family can take
a few days rest and visit the
fair.

We urge the many friends of
the association to join us in united
effort and help us make the
1911 fair, by far, the best ever
held. United action is all that
is needed to produce this result
and this we believe you will give.

The Association desires every
citizen of the county to assist in
any way possible toward making
the fair a substantial success.
With proper encouragement from
the public and exhibitors the
annual fair can be made the most
instructive and enjoyable feature
of the entire year.

Fair time is a Home Coming,
and the sons and daughters of
the county and their decedents,
and all former citizens are espe-
cially and earnestly invited to
return to their native county,
visit the scenes of their youth
and mix and mingle with rela-
tives and friends of former days.
A warm welcome is extended to
all who avail themselves of the
invitation.

The premiums offered are
liberal and we all owe it to our-
selves to fill the various classes
with entries and thus encourage
this home enterprise.

To all we say come, devote a
few days to pleasure and harm-
less enjoyment, and thus add
ease and comfort to the life we
are now living.

Respectfully yours,

THE FAIR ASSOCIATION.

You are not experimenting on
yourself when you take Cham-
berlain's Cough Remedy for a
cold as that preparation has won
its great reputation and exten-
sive sale by its remarkable cures
of colds, and can always be
depended upon. It is equally valuable
for adults and children and may
be given to young children with
implicit confidence as it contains
no harmful drug. Sold by all
dealers.

The Toll Road.

The toll road from Walnut Cove,
N. C. to the Buck Island Bridge
is an important matter that
should be considered by every
citizen of Stokes county. Not
only will this road be of benefit
to the citizens of Danbury and
Walnut Cove, but it will be worth
more to the country at large
that can be estimated. We con-
sider that it will be a good in-
vestment to the stockholders,
but that will be only a small
portion of the great good that
will be derived from it. We
welcome the project and think
there is no doubt of its success.

O. N. PETREE,

Cashier Bank of Stokes County,
Walnut Cove, N. C.

Sunday School Picnic Saturday.

The Sunday School at Brim's
Grove near Pilot Mt. will have
its annual picnic Saturday. The
school has a good enrollment
though it runs only six months
during the year, from April to
September, and at the close of
each season the students are
given a picnic.

HOW'S THIS?
