DOCTORS FAILED. RESTORED BY PERUNA.

Catarrh of the Lungs Threatened Her Life.

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna."

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me if I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it."

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me."

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment."

"I grew more fleshy than I had been for a long time, and now I call myself well."

Death of Little Willie Davis Joyce.

Campbell, Oct. 1.

Messrs. Editors: Please allow me space in your paper for the death of my little grand son, Willie Davis Joyce.

He was born Jan. 6th, 1905, and died Sept. 20, 1911, making his stay on earth 6 years, 7 months and 14 days. He had all the attention that a kind mother and father could give, but they could not prevent death. Dr. Simmons, of Martinsville, attended on him and done all he could for him, but he was called to die. It is hard to part with our little ones whom we love so well, but the Lord's will must be done, not ours. He lived at Martinsville, Va., and he was brought to his grand parents, P. H. Hall's, for burial at the family burying ground near Campbell. His funeral was preached by Elder Joel Gilbert. A large crowd of friends and relatives attended the funeral and burial. He begged to come to see his grand-mother in all his sickness when he got well, but never

got to come until he was brought to be laid in the cold grave. To that eternal home may we all try to meet him in heaven where parting is no more.

A darling one from us is gone. A voice we loved is still. A place is vacant in our home, Which never can be filled.
