

The Danbury Reporter

PEPPER BROS., EDITORS AND PUBLISHERS.

Subscription: 3 mo., 25c.; 6 mo., 50c; one year, \$1.00

WEDNESDAY, OCTOBER 11, 1911.

ANNOUNCEMENT.

Beginning with the first issue of November, this paper will adopt the policy of cash in advance for subscriptions. The paper will not be sent to any person without payment in advance. The price will remain the same, \$1.00 per year. All the agents of the Reporter will be retained, but no agent will be allowed to send the paper to any person at less than \$1.00, and any agent violating this rule will be refused further connection with the paper.

The cash-in-advance policy is the rule with all the leading newspapers of the country, and is the only commonsense and business-like method. There is only a small margin of profit to the publishers in a year's subscription at \$1.00, and if a considerable portion of this amount must be lost in the labor and expense of collecting, the credit plan becomes very unprofitable.

The Reporter management trusts that all its friends everywhere will appreciate its position in the matter, and send in their subscription before its expiration, the date on the label showing them when it expires. The rule will be applied to all persons alike, without exception.

MAJOR CHAS. M. STEDMAN.

Congressman of the Fifth District Spends a Social Day at Danbury With His Friends.

Major Chas. M. Stedman, Congressman for this district, spent a day and night in town this week. The Major did not come on political or other business, but his visit was entirely social, and he came up just to rest a day and shake the hands of his friends here.

Major Stedman expressed himself as feeling as well as ever in his life before. He appeared to be in the pink of health, and enjoying life at its best.

The Major was extended some exceptional honors in congress by his colleagues, being elected a member of foreign affairs committee, a position of very great importance and dignity, which is sought after by members who spend a great many years in congress, and which is rarely attained except by right of rare ability coupled with years of experience. This committee handles such matters as treaties with Russia and other foreign countries, and has charge of all international matters of world-wide importance. Another important committee appointment was tendered Major Stedman, to wit: a member of the committee on the election of President, Vice-President and the congress of the United States.

Major Stedman informs the Reporter that the next President of the United States will be a Democrat beyond a doubt. He says this fact is not only claimed by the Democrats, but is admitted by every one of the leading Republican congressmen and senators.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

Mr. Petree Expresses Thanks To Friends and Neighbors.

Messrs. Editors:

While I am still in bed and can write only a few lines, I feel that I should give some kind of expression of my gratitude to the many kind friends who expressed their sympathy and care for me by visiting us during my serious illness. After lying so long, unconscious and speechless at the portals of death, on returning to consciousness it was very strengthening, encouraging and comforting to learn that the eyes of so many kind friends had been watching me. Truly, there is in man that which makes us feel one another's infirmities and in a sense shows our kinship to the Great Father, who created and cares for us all. Truly, we all belong to one common brotherhood and have a divine pedigree; each one having every other man for his brother and God for his father.

Yes, I wish to thank all these kind friends for their visits and the interest they manifested in me, and our work.

Wild Animal Troubling the Citizens in the Meadows and Wilson's Store Neighborhoods.

Some kind of wild animal has recently been frightening the people in the Meadows and Wilson's Store neighborhoods, especially the possum hunters have had considerable trouble with the animal. It is learned that one citizen was attacked a few nights since and had his clothes almost torn off of him by it. These who have heard and seen the animal have different opinions about what it is, some saying that it is a wild cat and others that it is a catamount, while still others say it is a prairie dog or coyote.

TWO DEATHS OCCUR AT BRIM'S GROVE

ON CAMPBELL ROUTE ONE

Mr. Carter Conducting Singing School—Complaint About The Schools.

Campbell, Oct. 9.—Lenna Pearl, daughter of Mr. and Mrs. Davis Nelson, died at her home on Campbell Route 1 October 12, aged 3 years, 6 months and 2 days. She had been sick only a few days of that dread disease, membranous croup. All that could be done was done for her but God needed her in that home prepared for the just, may the bereaved parents so live as to meet their little darling where there is no more sickness, nor death, and God shall wipe away all tears. She was buried at the home of her grandfather, Mr. J. T. Martin, a number of sympathizing friends and relatives being present.

Mrs. Fannie Murphy died at her home on Campbell Route 1, September 24, aged about 26 years. She had been sick for quite awhile but bore her sufferings with great patience, after saying she was ready and willing to die at any time. She professed faith in Christ and left the blessed assurance that she would be with Him when the cares and toils of this life were over. A husband, three small children, father, mother, sister, and many friends and relatives are left to mourn the loss of this dear one. It was the writers pleasure to visit her several times during her last illness. Nothing pleased her so much as to talk of Jesus and what He had done for her. She was always so loving and seemed so thankful, that she was loved by all friends and neighbors.

Mr. A. B. Carter is conducting a singing at Oak Grove. It has been such a busy time that the attendance, has not been regular but much improvement has been made in the song service. Mr. Carter is an excellent teacher and does all in his power for the advancement of his class. The school will close the 4th Sunday in October. Several other classes will be present and some good singing is expected.

We hear a good deal of complaint among the farmers about the public schools opening so early. Very few people can spare their children in October, owing to the extremely late season. We could patronize the schools better in May than now.

After dinner the crowd went back into the church and listened to good addresses by R. K. Simmons, of Westfield, and Rev. Johnson, of Walnut Cove.

Prizes were awarded to Miss Addie Owens and Master Charlie Brim for making the best attendance for the year. The school has closed for this year.

The farmers of this section are almost ready for frost which seems to be near.

Miss Daisy Dearmin, of Westfield, opened the school at Brim Monday. She is having a good attendance. The assistant, Miss Minnie Glidewell, has not arrived yet.

Mr. C. B. Boyles, recently from Fowler, Colorado, is visiting relatives in this section.

Mr. R. H. Mitchell, Jr. will teach the school at Jute this year.

One of the most enjoyable occasions of recent date was a "tacky party" given at Mr. A. J. Hall's Wednesday night. There were games and music and all had a good time. To describe any of their looks would be too much of a job.
