NEWS OF STUART M. E. CONFERENCE

AS TOLD BY THE ENTERPRISE TO CONVENE NOVEMBER 24TH

Mr. R. L. Nunn Addresses Farmers'—Good Roads Association Organized—A Marriage.

The Patrick County Farmers' Union held its regular quarterly meeting here last Saturday. Besides the usual business transacted, interesting discussions were given on appropriate subjects, and especially was the address of R. L. Nunn, of Westfield, N. C., of great interest to the tobacco farmers.

After the business of the farmers' meeting had been finished, a meeting was called by Dr. R. S. Martin for the purpose of organizing a Good Roads Association for the county. After stating the object of the meeting and the great necessity of such an organization, the President called on Mr. R. L. Nunn to address the house on the subject of good roads. His talk was principally a comparison by experience of the relative advantages of good and bad roads, and he emphasized strongly the point that good roads was the supreme need of this and his own county, and he urged the people by all means to improve their roads in some way over their present condition. Mr. J. M. Hooker then spoke on the subject and outlined, as a member of the executive committee the plan of organization for the association and strongly urged the importance of a large number of influential and representative citizens of the county joining and building up the association, and to talk up and build a sentiment for good roads. The constitution was read, and applications for membership were called for. Thirty-four men gave their names and were entered as members. Those in charge of the meeting expressed delight in its success and the interest that was manifested. The date for the next meeting was not fixed, but will be announced later.

Mr. W. C. Staples and Miss Lucy Clark, who eloped from Stuart on the 25th of September, were married at Yorkville, S. C., Wednesday, Oct. 4, after having procured a license under the laws of South Carolina, the ceremony being performed by Rev. T. P. Burgess of the Presbyterian church.

IS THE WORLD GROWING BETTER?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully. They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at all Druggists."

Statesville Is the Place of Meeting This Year—Much Preparation For the Event.

The next annual meeting of the Western North Carolina M. E. Conference will convene in Statesville on Wednesday, November 8th.

The Landmark has this to say of the coming conference:

The State's Methodists are very busy just now preparing for the meeting of the Western North Carolina Conference. The conference will be composed, approximately of 400 men—250 ministers and 150 laymen—and will be about the biggest gathering of the kind ever held in Statesville. The entertainment committee has been busy for several days securing homes for the delegates and the people of the town generally, regardless of denominational affiliation, are expressing their willingness to entertain them.

Bishop E. E. Hoss, of Huskgee, Okla., one of the most scholarly and brilliant men in the Southern Methodist church, will preside over the sessions of the coming conference and there will be other Methodists of note here for the event. The conference usually opens on Wednesday and continues until Monday, when the popular interest culminates in the reading of the appointments for the ensuing year. The business of the conference will be conducted at the morning sessions, the committee and board meetings will be held in the afternoons and the various anniversary services at night.

AVERTS AWFUL TRAGEDY.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung trouble. Price 50c and \$1.00. Trial bottle free. Guaranteed by all Druggists.

The suit brought against Mr. James A. Gray, Jr., of this city, by J. E. Slate, of Stokes county, was tried at Danbury Tuesday and the jury returned a verdict giving the plaintiff \$1,200. Mr. Slate asked for five thousand for injuries received when he was run over and knocked down by Mr. Gray's machine opposite the Methodist Protestant church in this city a year ago. Mr. Gray was not in the machine at the time of the accident. A colored man was running the auto. Counsel for the defendant will likely take an appeal to the Supreme court.—Daily Sentinel.

TO CURE SORE BUNIONS
 Treatment Marvelously Quick for This and All Foot Troubles.

"Dissolve two tablespoonfuls of Calocide compound in a basin of hot water; soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) Repeat this each night until cure is permanent." All pain and inflammation is drawn out instantly and the bunion soon is reduced to normal size. Corns and callouses can be peeled right off and will stay off. Sore, tender feet and smelly, sweaty feet need but a few treatments. A twenty-five cent package of Calocide is usually sufficient to put the worst feet in fine condition. Calocide is no longer confined to only the doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. This will prove a welcome item to persons who have been vainly trying to cure their foot troubles with ineffective tablets and foot powders.

By order of the Superior Court at Mocksville this week, the counties Davie and Rowan must build a public bridge across South river. Rowan was willing but it took an order of court to get the Davie commissioners to agree. The cost is estimated to be about \$7,000 and will be divided between the counties on the basis of the poll tax.

Miss Minnie Ball, of Elkin, who is teaching at Meadows, spent Saturday and Sunday here with friends.

Spray, N. C., Oct. 3.—The body of Miss Gilbert, an operative of the Rhode Island Cotton Mill, was found dead floating in the mill race here today at 1 o'clock. How she came to be drowned is not known, but it is supposed she had a fit and fell in the race while on her way to work, as she was subject to epilepsy. Her sister said she was at home in the early part of the day.

The Store FOR Better CLOTHES!

Some Men seem to think it makes no difference where they buy their clothes.

A Suit's only a Suit—An Overcoat's only an Overcoat and they're all alike and it doesn't make much difference where they buy them.

But you, we trust are different—you want to feel sure that you get full value for your money—you want clothes with plenty of style—not fads or extremes—but good, visible styles.

This being the case, this store of Better Clothes asks for your consideration when you are ready for your Fall and Winter Clothing.

Suits \$5.95, \$10, \$15 and up.

Leap's Prolific Wheat
The Most Prolific and Best of Milling Wheats
 Yields reported from our customers from twenty-five to fifty-two bushels per acre. When grown side by side with other kinds this splendid beardless wheat yielded from five to eighteen bushels more per acre on same land and under same conditions as other standard wheats.
 Wherever grown it is superseding all other kinds and it should be sown universally by wheat growers everywhere.
 Write for prices and "Wood's Crop Special" giving information about all Seasonable Seeds.
