## ROUTE OF THE ROAD

### WHICH WAY WILL IT COME?

The Exact Location of the Forsyth-Stokes Sand-Clay Turnpike Has Not Yet Been Laid Out. But Will Be Known Soon—Engineer To Start Survey Next Week.

Messrs. W. Y. Gordon, Jas. H. Baker, W. O. Baker and other Meadows township citizens were in town Monday talking in the interest of the proposed toll road coming their way enroute to either Walnut Cove or Germanton. Mr. Gordon stated that the logical route for the road from Danbury to Walnut Cove would be out from here via Flat Shoal, thence striking the Piney Mountain, which would afford a high, dry and direct route to Walnut Cove. Mr. Gordon said the people of that section would welcome the road, and that they would give the right of way in nearly every case. Mr. Gordon said the road might run anywhere it pleased across his land and that he would even move his dwelling, if necessary. The Baker boys spoke fully as liberally as Mr. Gordon. W. O. Baker said he would be willing to give one-fourth of his farm to get the road through his plantation, and that he would cheerfully donate the right of way.

It is not yet known exactly what route the road will run. But it is probable that the route along which the most inducements in the right of way are offered, will be chosen.

A number of large land-owners have already offered the turnpike the right of way from Walnut Cove to Danbury. Among these are Messrs. A. J. Fair, J. Spot Taylor, Mr. Tuttle and others. The Reporter was informed today that Mrs. Laura Davis will gladly give the right of way over her farm, which lies right near Danbury. It is believed that the property-holders all between Danbury and Walnut Cove so deeply recognize the value of the road coming by or through their property that not a single one will dissent, but all will welcome it, and indeed many will offer important inducement for the road to come their way.

It would be a very serious thing to a piece of property to be left off this turnpike, when by proper inducements it could be on the main thoroughfare. Everybody will want land or lots bordering the road. When once the route, which will be scientifically surveyed, is settled upon and the turnpike is built, this means that for all time to come this will be the main thoroughfare. Parallel roads may be used by the immediate neighborhood, but the main volume of travel and traffic will always go through on the turnpike, and those who turn the road from their property by exacting too much, or any damage, will certainly make a most serious mistake, and one which they will regret in the years to come.

However, so far as the Reporter has learned, everybody wants the road to come their way, and some will take large stock to induce its coming.

A state engineer, to be sent here by State Geologist J. H. Pratt, is expected to arrive next week to begin the preliminary survey. It is stated that two or three lines will be run, and at least two or three courses laid out, in order that the most available one may be chosen.

### Elias E. Smith.

Elias E. Smith was born June the 30th, 1844, died March 21st, 1912. Aged 67 years, 8 months and 21 days. He was married to Miss Mary A. Pulliam July 16th, 1871. To this union were born 8 children, six of whom survive the father, one daughter and five sons. Besides these six children he leaves an aged and feeble widow, two brothers, two sisters and a number of relatives and friends to mourn their loss. He professed personal faith in Christ and joined the M. E. church at Antioch in Forsyth county in 1872. His remains were quietly laid to rest on the 23rd, in the Rutledge cemetery, beside his parents, in presence of a number of relatives and friends, the writer conducting the funeral services. May the widow have sustaining grace in this dark hour, and look forward to the glorious reunion where there will be no more parting or farewell tears. May each of the children, if not already, become the children of God by faith in Christ Jesus, consecrate their lives to his service and be prepared to meet the father in the upper and better world. Blessings upon all the relatives and friends.

P. OLIVER.

### Wilson L. Tuttle.

Walnut Cove Route 5, Mar. 18.—Wilson L. Tuttle was born July 9, 1897 and died at the home of his father, Mr. Caleb Tuttle Sunday evening, Mar. 17, 1912, age 14 years, 8 months and 8 days. He leaves a father and mother, six brothers, two sisters and hosts of friends and relatives to mourn their loss. He was taken about six weeks ago with some peculiar disease of the glands and became gradually worse until his death, which was a severe shock to his friends and relatives, who had known for some time that he could not live, but did not think the end so near. The remains were laid to rest at Rose Bud Monday evening. Mr. Charlie Huff held the funeral services.

## SIX MONTHS SCHOOL TO BETTER EDUCATE CHILDREN

Sunday School To Be Organized First Sunday In April—Other News of King Route 2.

King Route 2, March 25th.—The people of this section are somewhat confused, as last year they went through dust in making their crop and were not satisfied and this spring they are wading through mud.

Those who have got their Irish potatoes bought them to soon as they have eat them.

We learn that Mr. Jim Jones, Sr., of Pinnacle, is going to kill a beef for Easter. The correspondent and his friends will visit him.

I think some one is going to kill a hog in this section soon.

Mr. C. T. Darnell has his new residence complete and has moved in and had him a phone installed. Mr. Darnell says he has forgotten how poor folks live.

Mr. C. H. Lunsford is in Virginia, where he went to purchase a drove of stock, and will return the last of this week.

As this is leap year, and it continues to rain and the mud is deep, there is not much sporting in this section at present. The boys say if there's not some effort made on the girls part they are going to start out soon and they will be bothered with the same crowd another year.

Mr. D. F. Edwards invites the people of Chestnut Grove section to come out on the first Sunday in April for the purpose of organizing a Sunday school. It is hoped that all who can will come out and take a part in the good work.

We extend congratulations to Mrs. R. W. Venable, of Vassar, Michigan, for her nice letter in the Reporter of last week. We certainly did enjoy reading it.

We notice she spoke of good roads, which is all right, but we want to educate our children and then the good roads will come. A movement is on foot for a six months school and a compulsory school law. We are sure of good roads when we get better schools and get the people to be more interested in education.

## TWO DEATHS OCCUR

### IN PETER'S CREEK SECTION

Mr. John Francis and Mrs. Tom Morefield Pass Away—New Telephone Line.

Peter's Creek, March 23.—On account of so much rain farmers are very much behind with farming.

Mr. John Francis, aged about 83 and one of our most highly respected citizens, died on the 21. He leaves five children, several grandchildren and a lot of relatives and friends to mourn his death. His remains were laid to rest beside his wife, who died several years past.

Also on the 20th death entered the home of Mr. Tom Morefield and claimed for its victim his wife. A husband and several children are left to grieve for her, but we hope their loss is heaven's eternal gain.

The entertainment to be given by the school today was postponed on account of the weather, but will be given next week.

Quite a number of farmers are hauling their tobacco to Mt. Airy.

Collins local of the F. E. C. U. held their meeting last night. Quite a large crowd was present and one new member initiated.

Mr. J. E. Hutchens is filling a new store up in the mountain. Guess Miss Flora will be the clerk.

We have a new telephone line through Collinstown, extending beyond Dr. W. B. Moore's. When complete will it give connection with Mt. Airy, N. C., Stuart, Va., and several other points.
