**CLAUD MARTIN BADLY HURT**

**Knocked Off of Box Car on Railroad—Hard Holt Charged With Criminal Assault—Other News Taken From the Herald.**

Mr. Claud Martin, son Mr. and Mrs. A. J. Martin of Madison, had a miraculous escape from death at Lindsay, W. Va., Sunday night a week ago. He was firing on a freight train and was knocked off by a box car on a side track which was too near the main line. A long gash requiring 14 stitches was cut on the side of his head and face and he was otherwise badly injured. He was carried to the hospital where he remained unconscious for two days. The latest report is that he is improving nicely. His brother, Mr. Ed Martin, of Madison, visited him last week.

Mr. and Mrs. C. D. Busick and family and Mrs. R. C. Matheson returned Saturday from a 15 day stay at Piedmont Springs.

Miss Annie McAnally, of Saxson, leaves Friday for Chattanooga, Tenn., to learn to be a trained nurse.

Mrs. Mary Galloway is again at home after a two month's stay at Piedmont.

Miss Berenice Miller, late the efficient and popular clerk at the postoffice, left Tuesday morning for Washington, D. C., where she will make her home in the future. She went by way of Norfolk, taking Old Dominion line steamer at that place for the Capital City.

A warrant was issued last week for Hard Holt, a young man of Maydan, charging him with committing criminal assault on a white woman of that town. So far the officers have failed to land him, and it is generally

believed that he has left this section and is now seeking a more congenial climate. Holt has a rather unsavory reputation and is also badly wanted for several other offenses.

**Why the News Likes Kitchin.**

We shall support Governor Kitchin because we believe he will best represent the progressive, militant Democracy of this State, and because of his ability, experience, and loyalty to the principles of his party, which demands equal and exact justice to all people. As a young man he withstood the temptations and pitfalls of Washington, and in his mature years he will not forsake the cause of the people.

The lamented Aycock was known as the Educational Governor, Glenn is known as the Prohibition Governor, and Kitchin should be known as Progressive Governor, because the State has made more progress in almost every line during his administration than in any like period in its whole history. — The Clayton News.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

**A NEW DRINK.**

**Fermented Juice From Corn Silage Makes Primest Sort of Liquor.**

Columbia, Mo., Aug. 29.—A new kind of drink of intoxicating liquor has been discovered in Missouri. It is nothing more nor less than the fermented juice from corn silage.

Every silo, it has been discovered in Nodaway county, is a "drink" factory in full operation producing the primest sort of liquor and paying no tax or violating no law—even in the dry counties. It has Uncle Sam guessing.

The liquor smells very much like beer, and has a taste, it is said, that makes an old toper smile. It is found at the bottom of the silo in sufficient quantities to make a whole neighborhood drunk.

The "drink" is produced by the fermentation of the silage which mixes with the water used to pack the cutup corn as it is put in the silo. It is very much like ordinary corn whiskey before it is distilled.

**Finds Cure for Epilepsy After Years of Suffering**

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON, Comfrey, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

**Dr. Miles' Nervine**

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.

Sold by all Druggists. If the first bottle fails to benefit your money is returned.

**Will Get 90 Per Cent of Votes.**

In a recent issue of the Public Ledger, published in Oxford, there appeared an article stating that a gentleman, a Democrat from Person county had called and stated that Governor Kitchen would not be able to get a majority in his home county. The Ledger did not state who the gentleman from Person was, but said he was a good Democrat and had always supported the Governor. We will bet brother Britt a ginger cake he will not tell who this gentleman was. He may have been one of the best Democrats, and one of the best men, but we will say without fear of contradiction, that he is the poorest guesser when it comes to votes that there is to be found anywhere. Not carry this county, indeed! Governor Kitchen will easily get 90 per cent. of the Democratic votes just as sure as election day rolls around. Give us his name, please.—The Courier.
