

COURT DRAGS ALONG

UNUSUALLY DULL TERM

Rain The First of the Week Cuts Off the Crowd—Docket Is Small and of Minor Importance

The dullest term of court for several years drags its weary length along. The docket is small, and the cases of minor importance. Clerk M. T. Chilton told the Reporter man today at noon that the term might last until Friday, but this is doubtful.

Heavy rains the first day of the week put the roads in bad condition, and nobody attended court except those who were compelled to come. It was very disagreeable, wet, muddy and sloshy. The crowd was small. The attendants consisted almost wholly of jurors, witnesses or parties to the suits.

Cases that have been disposed of up to this (Wednesday) afternoon are as follows:

State v. Rober Caudle, indictment retailing, verdict guilty.

State v. Robah Flynt, indictment assault with deadly weapon, defendant pleaded guilty, judgment suspended on payment of cost.

State v. John Hall, indictment assault with deadly weapon, not guilty.

State v. Marion Lawson, Lige Lawson, indictment larceny, Solicitor's bill changed to forcible trespass, Judgment suspended upon payment of cost.

State v. Buck Reid, Hard James, Bogue James, Jessie Reid, indictment assault with deadly weapon, Verdict, not guilty as to Bogue James, guilty as to other defendants. Judgment suspended on payment of cost.

State v. J. W. Shelton, Elmer Shelton, Will Shelton, J. E. Williams, indictment assault with deadly weapon, Verdict guilty, as to J. W. and Elmer. Not guilty as to Willie Shelton and J. E. Williams. Judgment suspended upon payment of cost.

State v. Frank Myers, criminal assault on Mallie Combie, Fine \$25 and cost.

LIBERAL POLICY.

Bank of Stokes Certificates of Deposit Good Things.

The Bank of Stokes County is issuing certificates of deposit bearing 4 per cent. interest compounded every 3 months. Interest on these deposits is paid from day of deposit to day of withdrawal, which is a point ahead of most banks who confine the interest paid to interest periods, and pay no interest on fractions of months.

The Bank of Stokes by its liberal policy has greatly popularized itself with the moneyed people of Stokes.

SPEAKING MONDAY.

Congressman Chas. M. Stedman Addresses Large Crowd in Court House At Danbury.

Major Charles M. Stedman spoke in the court house Monday to a large crowd, giving an account of his stewardship while at Washington as a member of Congress. He arraigned the Republican party in the strongest terms for its record, and denounced Theodore Roosevelt as "having the worst record of any man in America." He predicted that Craig would carry North Carolina, and that Woodrow Wilson would be elected by a majority unparalleled in the annals of politics.

The address was in the Majors's best style—strong, unaffected, sincere, and attired in beautiful English.

On Tuesday afternoon Mr. C. O. McMichael spoke in the interest of Judge Clark's candidacy for the Senate. He denounced both Simmons and Kitchin for the former's record in Congress and the latter as a do-nothing Governor. The audience was overwhelmingly for Kitchin.

TO DIVIDE CIRCUIT DATE IS FIXED

OF DANBURY M. E. CHURCH

Proposition Will Be Made At Quarterly Conference Saturday To Assign Part of Churches To Another Minister.

The regular Quarterly Conference of the M. E. church for Danbury circuit will be held at Snow Hill M. E. church next Saturday and Sunday. Presiding Elder R. M. Taylor, of Mt. Airy, will be present.

It is probable that at this meeting of the conference an important change will be made in the Danbury circuit. There are in the circuit ten or twelve churches, all of which are supplied by Rev. T. J. Folger, of Danbury, and the conference will be asked to divide the work, giving the churches of the lower or southern half of the county to Rev. C. R. Hutcherson, a local minister, of Walnut Cove.

The work as arranged at present is more than one man can well do, all of the churches being widely separated, and making it almost impossible for Mr. Folger to meet some of his appointments. It is hoped that the conference will see proper to make the change.

A LAST RESORT TO SAVE WHISKEY.

Mr. N. Glen Williams Declares He's Victim of Malicious Prosecution.

Alleging that he is the victim of a prosecution actuated by personal malice towards him on the part of Federal revenue officers, Mr. N. Glen Williams, through his attorney, ex-Judge Bynum, is making the last stand before Judge Boyd in an attempt to save his 28,000 gallons of whiskey from the auctioneer's hammer. If he fails—as he has done before—that hammer will fall and on September 30, This is the date set for the sale by United States Commissioner of Internal Revenue Cabell of Washington and Mr. Cabell is unrelenting, according to Judge Bynum.

The protracted services which were to have been started in the Presbyterian church here last Sunday had to be postponed on account of the illness of Rev. Melton Clark, of Greensboro, who was to have assisted in the meeting. It is not known just when the meeting will be held.

Madison Items.

Miss Annie Smith left Monday morning for Wenona, Va., where she will teach school this winter.

Messrs. J. H. Joyce and H. L. Glenn, who have been in the warehouse business in Lake City, S. C., returned home Sunday morning.

Mr. George King, Jr., who has the contract for the brick work of the new store building for the Farmers' Exchange Co., has several hands at work and has commenced laying the brick.

Messrs. J. G. and Will Thomas returned home Sunday after spending the summer in South Carolina in the warehouse business. Mr. J. G. Thomas will be with the Piedmont warehouse at Winston this season, and has already gone there to take up his work.

We learn that the daily mail between Madison and Greensboro will be discontinued the last of this month. This will cause considerable inconvenience to our citizens and they at once should get busy and see that it is not done.

Good Results From Sand Clay Roads In Forsyth.

Winston Daily Sentinel. County Highway Engineer W. L. Spoon states that there is no reason why many miles of sand-clay road should not be built in Forsyth county within the next few years.

Many people who were not favorably impressed with this kind of road some time ago have been convinced that it is not only an economical and good kind of road, but serves its purpose just as well as macadam on roads on which traffic is light.

Mr. Spoon also stated that sand-clay streets are built by many cities.

GOING TO FLORIDA

GIDEON PARTY TO LEAVE

Mrs. B. J. Martin and Daughter and Mr. J. G. H. Mitchell and Family of Gideon to Invest in Callahan.

It is learned with regret in Danbury that Mrs. B. J. Martin and daughter, Miss Annie Martin, and Mr. J. G. H. Mitchell and family, of Gideon, will leave soon for Florida to make their future home. Mrs. Martin and daughter expect to depart about November 1, while it is the intention of Mr. Mitchell and family to leave about 30 days later. Mr. Mitchell has been in declining health recently, and at this time is quite ill. He hopes the mild climate of Florida will benefit him. Mrs. Martin is also in delicate health, and desires to try the Florida climate. The party has leased property at Callahan, with the view of later purchasing the same. Mr. W. J. Flynt, of Gideon, returned from Florida last week where he investigated the location which the Dillard people have accepted.

Mrs. Martin's mercantile business at Gideon will be closed out to Mr. W. J. Flynt, who expects to continue it.

Mrs. Martin and family and Mr. Mitchell and family are among the best people of Stokes, and their leaving will be a distinct loss in citizenship as well as property to our county.

Reeves Jones Kills Two Rattlesnakes.

Mr. Reeves Jones, the young son of Dr. A. G. Jones, of Walnut Cove, is entitled to the snake honors of the season. Reeves has killed two big rattlers this summer. There are lots of grown men in this section who have never seen a live rattlesnake. But Reeves, who with his father's family was spending the season at Piedmont Springs, had the luck to discover two big rattlers, near Piedmont, and killed them both. Mr. Tom Petree, of Danbury, also killed a big rattler on the mountain the other day.

Meeting Postponed At Sandy Ridge.

The protracted services which were to have been held by Rev. T. J. Folger and others at Sandy Ridge M. E. church beginning last Sunday were postponed on account of the severe weather. The meeting was postponed until the fourth Sunday in October. Rev. Mr. Hall, of Spray, will assist Mr. Folger in the meeting at that time.
